Assessed in Four Counties.

Times:
The complaint about high taxes is general. There are sufferers in every direction. One interest that gets hit hard is the firm of Wilhelm & Sons at Monroe. They are affected in four counties. They have a mill property in Linn County, on which the valuation is so high that they write the assessor of Linn county, offering him the property at \$5,000 less than his assessed value of it.

OREGON CITY, March 23. --William A. Henderson killed his wife, himself, and fatally wounded his wife's father, Joseph C. Maxwell, of Latrova, Calif., today in the William Tell house.

The tragedy was the result of the woman beginning an action for divorce, which crazed her husband, who formerly lived in California and conducted a lodging house in San Francisco previous to the earthquake. The husband is alleged to have treated his wife cruelly. He tried to force her to deed him a farm in Josephine county. The woman and her father came here a few days ago and started the divorce suit. Henderson came from Grants Pass when he heard of it. He walked into a hotel this morning and asked for an interview with his wife. He went into Maxwell's room, where he pleaded with his wife to live with him again and asked his father-in-law to intercede when both refused. Henderson drew a big revolver, killed the woman, shot Maxwell in the back of the head, -- he may die, -- and killed himself.

The Salem high school debating team won out in the debate with Grants Pass, taking the affirmative of the government ownership question.

The Mackenzie river is to be written up and illustrated in Outing. Wallace Wyckoff, a writer on that leading sporting magazine, now being up the river getting material.

The Corvallis Christian church will have a rally week next week, with different speakers each evening. Rev. J. J. Evans, of this city, will deliver the address Tuesday evening.

Mr. and Mrs. Robert Harrison celebrated their golden wedding this week. There were married near Brownsville March 19, 1857 and have resided there ever since. They have eight children, seven of whom were present, with 22 grand children and three great grand children.

Mr. Campbell and Mr. West, members of the state railroad commission, visited Lebanon yesterday to investigate some complaints in regard to our railroad service. They agreed that the complaints of the Lebanon people are just; that we are entitled to a better train service, a larger depot and more trackage for switching. -- Lebanon E. A. Well, what authority has the Com. in the matter anyway.

MISFITS.

A Mixture of Things and Thoughts

Skiddo day this 23rd day of March, a stormy one.

Secretary Taft is on his way to Panama to regulate things. The dirt will fly.

Mr. Rockefeller is cute. No one ever heard a Chinaman say anything against him.

Senator Cullum wants Harriman put in the pen. Wait until he spends his \$24,000,000 on new Oregon roads.

People often buy lots in the suburbs of distant cities without seeing them, when they would't think of buying a horse without taking a look at him.

Senator Burton has just got out of jail and started back to Kansas to publish a paper, reenter politics and show the world a point or two. Better get to sawing wood.

An interesting picture is one of the new maps of Portland, showing the additions reaching far beyond the city limits, no one knows where. But zzzzzle is selling lots like hot cakes.

Some interesting politics are uncovered just now. The Grange talked about invoking the referendum on the U. of O. Now comes a movement from Lane county to invoke the referendum against the O. A. C., two of whose regents are members of the Grange. Of course this is a bluff game to head off the U. of O. referendum. The probability is that neither will be invoked. As a matter of fact there is no more occasion for the Grange to ask for a referendum for the U. of O. than for the O. A. C.

A Kicker Kicked.

State Game Warden Baker received the following from Jefferson:

I believe if you are paying Looney as your game warden it is throwing money away as he does not do a thing. Only look at a round town there is nothing here for a warden to do on the Peppol' ar taking a bout the graft he has.

Yo is Rep Tox Payer

Mr. Baker answered:
The taxpayer does not pay Mr. Looney. The hunter is the man who "buys" his hunting license. Mr. Looney caused \$100 to be paid in fines the first month he was in office.

Scio.
