THE MASK OF HEALTH.

Few People Are Really as Well as They Look. Cause and Remedy.

Many people in Albany, both men and women, who believe themselves to be in perfect health, are often in the greatest danger.

The most common cause of ill health is indigestion, with a myriad of symptoms such as headache, sleepless, speaks before the eyes, pains in the back and side, distress after eating, etc.
In the last few years the success of physicians everywhere with Mi-o-na stomach tablets has made them known far and wide as the acknowledged specific for the treatment of stomach diseases. They strengthen the digestive organs so that in a few days the stomach is in such shape that it takes care itself of all the food that is eaten without pain or distress.
Foshay & Mason give an absolute unqualified guarantee that your money will be refunded unless Mi-o-na cures. Foshay & Mason take the whole risk and the remedy will not cost you a penny unless it cures you.

The readers of this paper will be pleased to learn that the one at least one dreaded disease, scarlet fever, has been able to cure in all its stages, and that is Castoria. Dr. J. C. Carr's Castoria is the only positive cure now known to the medical fraternity. Castoria being a constitutional disease, requires a constitutional treatment. Dr. J. C. Carr's Castoria is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient a rapid but healthy recovery. It does not depress the system, and does not do any harm in doing its work. The practitioners have so much faith in its curative powers that they sell One Hundred Dollars for any case that fails to cure. Send for list of testimonials.

S.S.S. HEALS OLD SORES

An old sore or ulcer is only a symptom, an outlet for the impurities and poisons which are in the blood, and as long as this vital fluid remains in this impure, contaminated state the place will never heal. The application of salves, washes, powders, etc., may cause the spot to scab over, but a fresh outpouring of diseased matter from the blood starts it again, and thus it goes on, gradually growing worse and slowly affecting the entire health of the sufferer. There are many ways in which the blood becomes contaminated and poisoned. A long spell of sickness breeds disease germs in the system, the failure of the eliminative members to remove the refuse and waste matter of the body, the excessive use of mineral medicines in certain diseases, all infect the blood with morbid matter and germs which sooner or later is manifested by a sore that refuses to heal. Persons with inherited blood taint are very apt to be afflicted with sores and ulcers. The taint may lie dormant during young, vigorous life, but when middle age is reached or passed and the natural energies begin to grow weaker, the tissues in some weak point break down and a chronic sore is formed and kept open by the constant drainage of impure matter from the blood. If the cause is not removed the sore will continue to grow worse by eating deeper into the flesh, festering, discharging, and slowly undermining the constitution. S. S. S. heals old sores by going down to the very bottom of the trouble, driving out the impurities and building up the entire circulation. When S. S. S. has removed the cause the blood becomes rich and healthy, the sore begins to heal, new flesh is formed, and soon the place is cured. Do not depend on external applications, which do not reach the blood, but begin the use of S. S. S. and remove of the cause, and then the sore must heal.
