HOME AND ABROAD

The Vale champions have given up their Willamette Valley trip. C. F. and E. Soul have sold the Toledo Leader to Robert E. Collins and Fern N. Hayden.

Miss Rilla Farman, of Loraine, Lane county, this week was married at Vancouver, Wash., to Fon Cow, a Chinese hotel cook at the Graham, Cottage Grove. Foolish girl.

Lawyer J. A. Carson, of Salem, has returned from Valdez, where he spent a month trying a big mining case.

The Portland Journal got a private dispatch yesterday that Dan Kelly had run 100 yards in 9 2-5 seconds, a new world's record. It was a joke.

Robert Thurston, of the saw mill at Crawfordville, has been arrested for assault and battery upon a young man named Scott, who was working at the mill. The trial will be next Tuesday at Brownsville.

Dr. W. H. Becker and family, who for several months past have occupied rooms at the U. P. parsonage, Shedd, moved Sept. 2 to the Ackerman house just west of the depot. The family will occupy the lower floor and the doctor will fitting up office rooms on the second floor.

Eugene Guard:—Mrs. Jennie Gillette, of this city, through her attorneys, C. M. Kissinger and W. G. Martin, filed a suit in the circuit court today against W. T. Shurtleff, one of the new owners of the Treasure mine in the Blue River district, and the old Treasure Gold Mining Company, Ltd., asking they be restrained from cutting timber on the "Osgood" Mining claim.

KELLY DEFEATED

Failed to Get a Place.

NEW YORK, Sept. 7.—Dan Kelly, of Oregon, was defeated in the James-town races today, failing to make a place.

Skipped to Canada.

CHICAGO, Sept. 7.—A receiver was appointed today the plant of the Belding Aall refrigerator Co. President Hall is in Canada, alleged to have borrowed \$315,000 funds giving personal notes.

River Steamer Destroyed.

PORTLAND, Sept. 7.—The Steamer American was destroyed by fire this morning in the docks at St. Helens. The origin is unknown. It is valued at \$16,000. It plied between Portland and St. Helens in the freight passenger trade.

FOR SALE.—A nice residence with two lots, plenty of fruit, nicely situated a well located piece of property for business, these properties will be sold at a bargain. See J. V. Pipe, 203 W 2nd street.

A MAYOR'S TROUBLES.

Creditors After the Mayor of Newport.

Mayor O. C. Graves, of Newport, was in the city yesterday conferring with Albany creditors. R. C. Churchill first attached the Mayor's store for \$159 which he has realized. Mr. Glen Junkin, the ice man, has another attachment of \$112 against his stock of confectionary etc., at Newport and Nye Creek, the Mayor having stores at both places. A prominent Albany man is said to have a note for \$300, with Mayor Graves signature to it, which looks a little shaky just now. Mr. Graves has two stores at Newport, one down in the town and one on Nye Creek, both doing a large business during the summer. Mr. Graves states that he was obliged to pay old obligations, and the result was a shortage when it came to the Albany bills. He is an old resident of the Bay, having been there several years, prominent in the affairs of Newport, and declares that he wants to do what is right with his creditors.

The College Conservatory.

Work done in piano under Mr. Clarence Chandler, the newly elected piano instructor of the college, will be credited toward graduation. All advanced students will be enrolled in whatever year of the course their progress allows them to be placed and will be advised at once what work must be done by them to receive a diploma from the new conservatory. Work be offered in theory and history of music as well as in harmony.

The same is true of all students under Mr. C. H. Palmer in voice. Schedules of courses and all arrangements will be published soon.

Deplorable Car Shortage.

Dallas Observer:—The car situation in Polk county is deplorable. Every mill in Falls City and Black Rock has closed down, and now the Willamette Valley Lumber Company's big plant in Dallas has stopped its wheels until relief comes. The Dallas Lumber Company's mill has been idle for several weeks. All of these mills are receiving orders, at profitable prices, but are unable to get cars. [Where is that reciprocal demurrage law that was going to do marvels.]

Oysters in any style or in bulk, at Hoffich's, Broadalbin St.

OUR HEALTH

As Shown by the Record of the Health Officer.

The report of Dr. W. H. Davis, county health officer, for the month of August shows 11 deaths, 25 births and 20 cases of contagious disease. The deaths were as follows: Tuberculosis, paralysis, peritonitis, croup, blood poisoning and gunshot wound, one of each. The average age was 31 years.

The diseases were typhoid fever 8, small-pox 3, diphtheria 4, whooping cough 5.

The Lane county record given was 11 deaths, 21 births and only 2 contagious diseases.

In connection with the subject there is an incident that ought to jar the bones of Escalapius. An Oklahoma man, here a while ago made arrangements to buy a farm near here, besides being in Albany he was in Eugene. A letter received this morning here states that he was told by Eugene people that it was not safe to buy farms around Albany, Salem and Corvallis, on account of the prevalence of typhoid fever. And this from the worst typhoid fever city in the valley, one with the record, a place where even now one hardly dare drink water without boiling it.

Mrs. L. Viereck and son Edward arrived last evening from Lewiston, Idaho.

Works of Art.

Have you seen those elegant portraits in Crawford's window, large water color, Sepia and Crayon. One of the most beautiful lady in Oregon, one of Louise Collins, one of Mrs. Schmeer, and one of Rev. C. C. Sperry. Don't fail to see them.

A Range That Will Bake Evenly and Thoroughly.

YOU know from sad experience that you can't do good baking if one part of your oven is hotter than another.

And in most steel and cast iron ranges, the oven is not heated uniformly.

Because it is simply flanged over and riveted, and the seams filled with stove-putty.

A few heatings and coolings, and the putty falls out, leaving an open crack to suck in outside air and cause the fire to burn unevenly.

Or perhaps the damper is in front, or on one side of the range, which prevents an even production of heat to flow over and around the oven.

Now the Monarch Oven bakes evenly at all times.

The sides and the oven are riveted to Malleable Iron frames extending all through the range, making tight, solid joints with no chance of air-leaks.

Then the Duplex Draft—a damper both front and back—lets air in at both ends of the fire-box, causing a uniform heat production which means an evenly heated oven, one that will not burn the bottom of the bread while the top is unbaked, but bakes thoroughly and satisfactorily through and through.

You can control the heat just as you desire for roasts or baking of any kind.

Sallowness Transformed to Dusky Beauty

A dark skin becomes fascinating when delicately soft, underpinned with the radiant glow which indicates a healthy, active skin. Robertine keeps the skin refined in quality, keeps pores free from clogging waste and stimulates the tiny capillaries to contribute the color which charms in blonde and brunette alike. Robertine is certain protection against tan, sunburn and freckles if applied before exposure to sun or wind. Spreads like an imperceptible sheen of gauze over skin surface, forming a shield stimulating and preserving a delicate, lustrous beauty.

ROBERTINE
