Mrs. G. C. Moon was up the street today for the first time in five months, greatly pleased with again being able to get about.

A. L. Simpson left this afternoon on a trip to Crescent City, Calif., and may perhaps take up a timber claim while there if he can find one.

Mrs. H. R. Schultz and daughter Miss Mabel returned last night from Millers. The local refused to stop, so they walked home by moonlight, and were good for several miles more.

Mrs. Damon and children were in the city this noon on their way home after a long sojourn at the Bay. After a Salem visit they will join Mr. Damon in North Yakima.

## A 1905 Echo.

The Lewis and Clark Exposition commission has issued a complete report of the Lewis and Clark fair, splendidly illustrated, with every cent expended in detail, and a short history of the fair and its success. Included in the illustrations are all of the county exhibits. Linn, which had the best county exhibit there makes a good showing. The fair was a great thing for the Northwest, and this souvenir of it is entirely proper.

## GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroys the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes—50 cents and \$1.00. Foshay & Mason agents.

## MISFITS.

A Mixture of Things and Thoughts

Might be worse state fair weather.

Please hurry up that gas plant. It's getting cold.

About time work began on the Albany depot, and, where will it be?

The Pacific Telephone Co. has attacked the referendum. On the wrong line.

The saw mills are getting it in the slabs worse than ever, regardless of new railroad laws.

Rogers, of Standard Oil, who has helped paralyze many small concerns, is now himself paralyzed.

Eight fool men dared death in an auto at Colorado Springs, and four of them got what they were after.

A band of sixteen elk inhabit the country over towards the Pacific, around Mary's Peak. Who can have the heart to kill any of them.

The Oregonian denies that it has come out flat-footed for prohibition. Its recent editorial in the DEMOCRAT spoke for itself.

The Portland Journal has been thanked for a Christian editorial. The Telegram as a religious paper would be an interesting thing in journalism.

A good need in this valley is an electric line. This is a good thing for city councils and others to consider. Albany once paid \$50,000 for getting a railroad here.

License was issued at Eugene for the marriage of George Learned, aged 81 and Elizabeth Tabor, aged 75. Perhaps George isn't as Learned as his name implies.

A prominent Montana newspaper man was making the round of the insane asylum of that state in an official capacity of an inspector. One of the inmates mistook him for a recent arrival. "What made you go crazy?" "I was trying to make money out of the newspaper business," replied the editor to humor the demented one. "Rats, you are not crazy, you're just a plain darn fool," was the lunatic's comment.

Corvallis Times:—Because Corvallis is dry, a man has rented a house here for three years and come with his family to send his young folks to college. His first visit of inspection was the third day of the late school fair, and the impressions gained at that time convinced him Corvallis and its environments were made desirable conditions for educational purposes, and that is how he happened to locate here while educating his children. He came from a small town near Oregon City, where there are two saloons. Time and experience are rapidly demonstrating that when Corvallis voted out saloons, no mistake was made.
