"Roses fragrant, Roses rare, Portland roses everywhere," is the slogan chosen for Portland, supposed to capture the world.

So long as they are contrary to I. W. it is the business of the authorities to stop the blind pigs, and some one has to see that it is done.

President Campbell in chapel said: "In your class-room work, punctuality is very important. To be in the right place at the right time is a great accomplishment. It is told of one of America's greatest scientists, a professor of geology and a great author, that he never failed an exact appointment for 40 years. Let this be a lesson to you. Our theory of punctuality here in the University is exact. You are due at every recitation, every time, as scheduled. Absence must be accounted for in a prescribed manner.
