PICNIC ENDED.

The Alcos Lost their Ball Game.

The big pioneer picnic closed last night, a great success, notwithstanding the bad weather. It was well managed, and visitors were pleased with the treatment received.

Judge Harris gave the address for the native sons yesterday, and State Lecturer Johnson represented the Grange in the afternoon.

The athletic event yesterday was the base ball game between the Alcos, of this city, and the Brownsville club with its Corvallis battery and crack second baseman. Brownsville won 6 to 1 after an interesting contest.

The Pioneer Association elected officers for the ensuing year as follows: W. A. Templeton president, M. F. Kisor vice president, W. T. Cochran secretary, A. W. Stanard treasurer, J. W. Moore and J. G. Calloway new directors. O. P. Coshov, who has served the association faithfully as secretary for eighteen years declined to continue on account of poor health.

Albany people certainly gave the picnic a splendid support, the excursion being a striking success, well managed and engineered.

LUMBERMEN WIN OUT

Washington, June 19. — Pacific Coast lumber manufacturers win almost every point in their contest before the interstate Commerce Commission of the advance in rates ordered last Fall. With only two dissentients, it orders restored the former rates from the Pacific coast to Missouri river points and from Willamette valley points to San Francisco.

In its decision in the Western Oregon lumber manufacturers' case, the commission decides that the advanced rate of \$5 per ton from all mills in the Willamette valley, not including Portland, is unjust and unreasonable; that from mills upon the east bank and upon the west bank, south of Corvallis, the rate should not exceed 17 cents per 100 pounds, or 3:40 per ton, and that from points upon the west bank north of Corvallis the rate should not exceed \$3.65 per ton.

No reduction is made in the rate from Portland, since shippers from that point have the benefit of the water rate and are not dependent upon rail carriers for reaching the San Francisco market.

A somewhat different conclusion is reached with respect to rates applying to the territory lying east of the Missouri river. Part of the increase made by carriers to more distant markets lying east of the Missouri river is permitted to stand. The maximum increase authorized to Eastern territory, however, is 5 per cent per 100 pounds over the old rates.

Toledo will celebrate the 4th of July, the grandest ever held in Lincoln county. Otto Krogstad will read the declaration and Judge Swope orate. \$200 will be given in contests.

RUBBER GOODS.

WE have at last found what we have been looking years to find; a complete line of Rubber Goods that the manufacturers have confidence enough to absolutely guarantee for 2 years to the consumer. We honestly believe every one of them will last 5 years.

The line is so much out of the ordinary that we can not begin to describe the difference between "THE EVERRITE LINE" and the other kinds, but wish you might drop in at our store and see for yourself. The prices are right too, in fact, cheaper than the other kind, considering the quality.

See our window display this week and then come in and let us explain the WHY of it. Remember we are the exclusive agents in this town for "THE EVERRITE LINE" Manufactured by THE IDEAL RUBBER MFG. CO., of Chicago.

R. R. COM. AT LYONS.

President T. K. Campbell and Clyde Atchison, and their stenographer, of the R. R. Com., went to Lyons this morning. Mr. West, being before the U. S. court in Portland as a witness in some case, was unable to go. Hon. J. K. Weatherford also went to the same place.

The cause: The people at Lyons want a new depot and an agent, and the Commissioners will hear what the reasons are for it. Three stores are claimed for the place. The Corvallis and Eastern has never put an agent in because of the small amount of business, and hence opposing the request. The matter will be fought out before the commission.
