SCIO.

\$200 For the County Fair.

News. The county court this week donated \$200 for the Linn county fair. \$300 only was asked for. Comment is unnecessary.

The Scio planing mills was sold for the second time, last Monday. The purchase price this time was \$935 and the additional cost of the sale. Mr. George Johnston was the buyer. It is not yet stated what will be done with the plant, a fact which will be determined in a few days.

Will be played on the Scio grounds next Sunday. Scio High School vs The Beavers and the Scio First Nine vs the Aions of Albany. These teams are well matched and a splendid exhibition of the great American game may be expected. Scio has about the best ball grounds in the state and visiting teams like to play upon it.

MISFITS.

A Mixture of Things and Thoughts

Always treat the newcomer white.

Some fine people in Albany altogether.

Some men are never as white as whitewashed.

With the Hearst papers all against him Mr. Bryan ought to win.

Mr. Bryan says he had rather lose in the right than win in the wrong.

Mr. Bryan is pleased with the nomination of Mr. Kern as a running mate.

A general crusade all over the United States against the law breaker is needed.

There will always be some knockers around. Some people are built that way.

Keep cool when mud is thrown at you and you will never get dirty, but the other fellow will.

Most of the New York papers owned by the plutocrats will work against Bryan regardless of party. The fact is suggestive.

Mr. Alfred Montgomery is looking over Oregon with a view of settling in the west. What's the matter of Albany as a center for almost anything.

It is the opinion of the merchants on First street that it does not pay to sweep the street as long as the city officials allow shavings to be scattered on the street, says a First street man.

Thos. E. Watson, of Georgia, has been nominated for president by the People's Party, a relic of ten years ago. Of course he will not be in the campaign, but he will make some decidedly live remarks, and has already shown how the republican trust busting has been a fake.

Scio News: Albany certainly deserves credit for the very comfortable manner in which the large crowd was taken care of. The Forks of the Santiam was liberally represented. One feature was noticeable. Not an intoxicated man, not an accident nor a fight occurred so far as we could learn. If there were any arrests by the police force, we did not hear of it. While everybody seemed to be enjoying themselves, there was no disturbing disorder.

BROWNSVILLE

To Have an R. R. up the Calapooia.

Times. The death in this city Wednesday night of Joseph Ernestberger, a prominent business man, cast a gloom over the hearts of his many friends.

J. B. Hoss, the Salem contractor who has had charge of the construction work on the dam above town, completed his labors Wednesday and returned home.

After being idle since last December, when the high water took out a portion of the dam above town, the Browns-ville woolen Mills are again running. Part of the crew began work Monday and by next Monday every department of the big mill will be in operation.

The barrel of bottled beer seized by the city the evening before the Pioneer's Picnic, was publicly destroyed by Marshal Standish last Friday afternoon at 1 o'clock.

The judgment of the court in the case, which was brought against Bert and Edward Hallier, was that the beer was held for unlawful use, declared forfeited and was ordered publicly destroyed.

Promoter J. S. Talbot, of Portland, accompanied by C. H. Warner, one of the men who are backing the project of building a railroad from Brownsville up the Calapooia valley, spent several days here this week going over the plans with the railroad committee of the Commercial Club.

That the road will be constructed seems assured. Mr. Talbot stated that construction would begin within 60 days. The right-of-way has all been secured and the deeds placed in the Bank of Brownsville to become the property of the railroad company provided the road is completed by August 1, 1909.

HOME AND ABROAD.

August Johanningsmeier, recently of Albany, has opened an electric theater in Lebanon.

The DeVarney-Waggoner Co., is installing a Home Telephone exchange at Independence.

The total receipts of the water works of Ashland during June were \$2,433, the most for any month yet.

G. F. Skipworth has been appointed deputy district attorney of Lane county, by E. R. Bryson, the new district attorney, an appointment which indicates that Mr. Bryson proposes to enforce the laws of the state. Mr. Skipworth has made an excellent reputation under District Attorney McPadden.

GOOD WORK

Done Daily in Albany. Many Citizens Tell of It.

Nearly every reader has heard of Doan's Kidney Pills. Their good work in Albany still continues, and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:

Charles E. Naeley, cook at the Royal Restaurant and living at 223 Broadalbin St., Albany, Ore., says: Doan's Kidney Pills are without doubt the best kidney remedy on the market and wish everyone suffering from backache could know it. I had a very painful attack in the small of my back and over the kidneys and could not find any relief for a long time. It took all my energy away and every morning I seemed just as tired as when I went to bed, with another day before me of ache, ache. Reading a statement about Doan's Kidney Pills I decided to try them and got a box at Poshay & Mason's drug store. They brought relief so quickly and rooted out this trouble so quickly that I could hardly believe it. I have had a high opinion of Doan's Kidney Pills ever since.

For sale by all dealers. Price 50 cents. Posters-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

S.S.S. CURES SKIN DISEASES

When the blood is pure and healthy, the skin will be soft, smooth, and free from all blemishes and eruptions, but when some acid humor takes root in the circulation, its presence is quickly manifested by some form of skin disease. The skin receives its necessary nourishment and strength from the blood. When, however, this vital fluid becomes a humor laden stream, it can no longer preserve the healthy, natural appearance of the skin, but by its acid, impure nature continually irritates and inflames the delicate tissues and fibres and keeps the cuticle in a diseased and irritated condition. External applications cannot reach the blood, and therefore are beneficial only for their ability to reduce inflammation, and assist in keeping the parts clean. To cure any skin trouble the blood must be purified of the humors that are causing the trouble. S. S. S. drives out the humors from the blood so that the skin, instead of being irritated and diseased, is nourished by a healthy, cooling stream. S. S. S. goes down into the circulation and removes every particle of impure matter, all acids and humors, and restores the blood to its normal, pure condition, thereby curing every form of skin disease or affection. Book on skin diseases and any medical advice free to all who write.
