MONDAY.

TWO BURGLARIES.

Someone attempted to rob the safe of the Albany Soda Works during last night. It was a very poor job, evidently done by some green hand. Nothing was secured, but considerable trouble was caused. Entering by way of a rear window the left hand knob of the safe was knocked off, putting the inside machinery out of commission. The combination knob was left untouched. The draw of the desk was opened and some bills mused up, and that was all. It will take a good deal of drilling to get into the safe. On a former occasion the soda works were entered through the rear door and nothing secured. The Missourian was also entered and \$2 in pennies secured.

Seven Prizes with Five Birds.

Dr. F. F. Seavers, of Sunrise, made a remarkable record with his White Plymouth Rocks, at the Portland show last week, with only five birds getting seven prizes, including three firsts. He was first on pen, first on cock and first, second and third on pullet, and some specials. The birds also did well at Salem. The Dr. has a fine lot of fowls, with the points to show for their breeding.

A Runaway.

Judge Duncan's horse took a live run last evening. The Judge and Mrs. Duncan had gone to the Baptist church, when the horse became frightened at something and jumped around against a pole, breaking the hills from the wagon, then skipping west at a Tidal Wave speed toward the cemetery, finally stopping and being secured.

BOOSTERS.

Things Done and that Will Be Done.

One of the best wood working establishments in the valley is that of Roner Bros., on the Willamette, splendidly equipped with all the latest machinery for doing things. Boxes are their specialty, but they do everything in a first class manner. Recently they made thirty-six tables for use at the C. A. C., and have also built several for Albany college.

In the new residence of Geo. W. Simpson there will be a kitchen a little different from anything else. Mr. Simpson for a number of years lived in the kitchen of an ocean steamer and he is putting into effect some of the ideas of his old-time salt water friend. Another thing in the handsome residence will be a den for Uncle Bob, with a porch, bed etc. on the ground floor, convenient for him.

The total receipts of library day, kept growing until late at evening when they footed up \$225. They ranged all the way from 10 cents to \$5. Most of them were 50 cent pieces. Altogether it was a very successful affair and greatly enjoyed by everybody, for no one was stung enough to be hurt, and that is a good way to hold up people, for then everybody can help. The campaign was conducted by the Modern Travelers, of which Mrs. J. C. Irvine is president. Misses Maud Leugh and Evelyn Marshall made the largest haul, working together, getting about \$65.

All the work is being done in Albany carpenters can be secured for, and the planing mills are all busy all the time.

The improvements on the sister's academy, it is said will amount to at least \$7,000, giving the school room for extending the work according to the growing demand, and making it the best sister's school in the valley.

At the Conference

One of the candidates before the M. E. conference was Colonel W. Pogue, a former Albany man and student. Bishop Hughes asked if his name was really Colonel, and the answer was "Colonel Pogue is from the south," which settled it. He advised the young ministers to keep clean, bathe frequently, to brush their clothes, black their shoes and to dress neatly and gentlemanly for Christ's sake, to be men, first-class human beings, but not to be errand boys for church fairs. Bishop Hughes has captured the conference, a bright, earnest speaker and genial man. It is said the appointments will not be announced until late this evening.

A Miraculous Cure.

The Oregonian this morning in a Los Angeles dispatch gives an account of the miraculous cure of Miss Lois Hoerner. She had been hopelessly ill for two or three years, with a tumor on the spine and had given up entirely, quitting the use of medicine. Yesterday she suddenly declared that she was well, got up, ate and went about all right. She and her mother declare it to be a miracle. Miss Hoerner is a former schoolmate of Mrs. Anna Strom, of this city, in Kansas, and was in Albany on a visit, while before taken ill.

NO. 10.

Grand Prairie Grange No. 10 last Saturday held its first meeting in the new hall, as yet unfinished and it will take considerable more work to complete it.

Owing to an unexpected deluge in the carpenter work it was found that it would be out of the question to entertain the Linn County Council next Saturday, so arrangements have been made with Western Star Grange, near Oakville, to hold the meeting in its hall. The members of that Grange very generously took it upon themselves to provide entertainment, all the more appreciated as they did so on very short notice.

Grand Prairie Grange had brought before the matter of a county high school. The petition asking the County Court to submit the proposition to the legal voters of Linn county at the general election, Nov. 3, was read and the subject considerably discussed. It was suggested that the matter be brought before the Linn County Council.

This movement being new and not well understood some members were fearful the cities or towns who have high schools would get the best of this plan. It was explained that city and country districts would all share alike in the county high school fund, wherever there were a sufficient number of scholars, of high school grade, to establish a high school.

Grand Prairie decided to enter the literary contest as promulgated by the worthy Lecturer of the State Grange. The new hall is 32 by 44, with dining room and kitchen 22 by 32. The school rooms below are 25 by 32. Full size of building inside measure is 32 by 66.

It was the wish to have the school rooms ready so as to begin school next Monday, but it is doubtful on account of difficulty in getting workmen, so much building in Albany.

College Doings.

The present enrollment is 64 in the regular class, not including a large enrollment in the conservatory of music. At a meeting of the student body this morning Mr. Will Steele was re-elected president, Miss Rhoda Stalnaker vice president and Carlos Cushman treasurer. Committees were appointed to canvass the town for foot ball funds and arrange a social function as a foot ball benefit. Representatives will be appointed by the different classes to make a selection of an editor for the college paper.

THREE CURES OF SEVERE ECZEMA

Michigan Woman Tells of Her Brother's Terrible Suffering with the Disease—Grandchild and Another Baby also Permanently Cured.

CUTICURA REMEDIES PROVED INVALUABLE

"My brother had eczema three different summers. About the same time each summer it came out between his shoulders and down his back, and he said his suffering was terrible. He used different kinds of medicines that were said to be good for that disease, but nothing seemed to do him much good. When it came on the third summer, he bought a box of Cuticura Ointment and gave it a faithful trial. Soon he began to feel better and he cured himself entirely with Cuticura and has never been bothered with eczema since. He also used Cuticura to cure a bunch over his eyes and a terrible corn which was so bad that he could not wear his shoes. A lady in Indiana heard of how my daughter, Mrs. Miller, had cured her little son of terrible eczema by the Cuticura Remedies. This lady's little one had the eczema so badly that he thought they would lose it. She used Cuticura Soap and Cuticura Ointment and it cured her child entirely, and the disease never came back.
