## S. P. AGAIN BEATEN.

SAN FRANCISCO, Oct. 3.—Application Southern Pacific and Oregon and California roads for an injunction to restrain the putting into effect the rate of \$3.40 on lumber, was refused and the case goes to the Supreme court. A decision is likely in sixty days. In the meantime the rate from the Willamette Valley to Bay cities is in force.

### A Steamer Sunk.

TILLAMOOK Oct 3.—The steam schooner Bandon, capt. Reese, struck on the bar last night in crossing out and sprung a leak. The fires were put out. It drifted on to tide flats, where it lies filled with water.

### A Country Town.

The E. A.—Anyone who had left Sweet Home eight or nine months ago would scarcely know the place should they be dropped down there now. During that time the street has been straightened, graded and graveled, and is now a smooth hard surface, an object lesson in good road building. Old sidewalks have all been replaced by new, and a number of blocks of new walk built. Several new business buildings have been built and a number of dwelling houses, while more are in process of building and others contemplated. Rent is high for the size of the place, and yet is almost impossible for new comers to get a house.

## SCIO

### A Real Political Speech to be Given.

News:—M. V. Bilyeu is now engaged in moving from the farm, which he sold some weeks ago, to Albany. Mart says "moving is gobs of fun."

Mr. A. M. Young, bookkeeper in the Merchants National bank, of Portland, is using part of his annual lay off in visiting his father, N. Young, of this city.

The Democratic political campaign will be formally opened at Wesley & Cain's Hall, at 1 p. m. on Tuesday, Oct. 6. At that time, Hon. Geo. Fred Williams, of Massachusetts, will be present and deliver the leading address. Hon. M. A. Miller, Oregon's National Committeeman, will be present and introduce Mr. Williams.

### Brownsville.

Times. J. S. McNair, of Portland, has purchased the J. F. Venner block on Spaulding avenue, now occupied by Holcomb & Walker, paying \$2,000 for the same.

A. L. Foster and T. C. Isom have completed the building of neat new houses on their farms southwest of town. The country as well as the city is feeling the touch of progress and prosperity with which this section is blessed.

R. E. Warner, who went to the Alberta country with David Sterling and family, returned home Sunday, having visited Montana and Idaho since leaving Canada. He says he saw some good country in Canada, Montana and Idaho and some not worth much.

### At the Empire.

Wonderful is the moving picture, giving one a remarkable conception of the doings of the world, with the humorous side of life, often giving one a lesson not to be forgotten.

The Empire has a fine program on, a striking lesson for all, vividly portrayed; there is also fun enough for anybody and the songs are the best, splendidly sung by Mr. Roife, with a good orchestra accompaniment.

### Want a Railroad Bad.

Chas. Redfield, chief engineer of the big Deschutes irrigation project, arrived this noon on a short visit with his father and sister. He reports great interest through Crook county over railroad projects. The people there will be glad to get anything, and the first will be the most popular. Irrigation is proving a great thing for that country.
