STILL AHEAD.

G Co. of this city continues to lead in the regiment shoot. C. Co. of Eugene yesterday had its shoot, making the following record: 200 yards, rapid fire, 113; 200 yards, slow 150; 500 yards, 150, 600 yards 146. Total 559. This makes the score, so far: Mc-Minnville 559, Dallas 582, Albany 602, Eugene A 591, Eugene C 559. Cottage Grove the champions of last year, is a crack team, and is liable to beat the Albany record, and it may not. Then comes the fine team at Roseburg, the only other one feared. The record of Prof. Marquam makes him an expert shot under the military rules.

Won \$1025.

F. H. Porter, of Shedd, this year received \$1025 in premiums, a net profit of \$700, at fairs and stock shows, at one place, with 58 entries against him. Mr. Porter is doing the kind of farming that advertises a country.

Display of Arts and Crafts in Metal Novelties.

Ye Old Arts Jewelry at Chambers & McCune's. This is a modern reproduction of ideas that prevailed in the times of Rameses and Caesar, as discovered by the researches of the historical societies, and the originals are now on exhibition at the Field Museum, Chicago, the Smithsonian Institution of Washington and museums throughout the Old World. The peculiar green bronze color is an exact reproduction of old copper, the little indentations represent the corrosion of the metal through the centuries it was buried.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by the constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

HOO-DOOS

The Study of Mental Phenomena.

Dr. George Gilbert Bancroft, of San Francisco, gave his first lecture at the Christian church last night on Hoo-dooos, otherwise, mental phenomena. Twenty two years ago in London a society was organized for the study of phenomena and most research has come through it. The present conclusion is that man has two beings, two minds capable of acting independent of each other, one the objective, the usual condition of the mind; the other subjective, the involuntary condition of the mind. The latter is the one causing the phenomena of the world, such as that of the 97 pound woman, once in Albany, who lifted hundreds of pounds of men, and herself could not be budged; table tipping of mediums, the result of the concentration of the subjective mind, acting outside of the body. The manifestations of mediums are simply this, not spits.

Under suggestion, a person asleep may be controlled as to conduct following upon awakening. Presentments come in. Telepathy, the transfer of thought is the result of attention and concentration of thought. Dr. Bancroft has made a special study of phenomena and his presentation of the subject was full interest. Tonight he will present When, and How to Love.

He is accompanied by Mrs. Bancroft, D. Lillian Lewis, who sings and impersonates well.
