Hamilton's Bazaar DATION FOR THE PER-

Corset Comfort.

Our Opening last week was successful in more ways than one, for it drew the attention of the ladies to the superior line of corsets which we carry, so perfect were they in style, giving to the form those long unbroken graceful lines, so much desired this season and siso needed to enable you to wear properly the gowns in the straight hip styles which Dame Fashion has decreed. Further more you will be delighted with the comfort and ease of carriage which they give you. We illustrate one style showing both front and back. It laces in front giving a perfect smooth back particularly desirable to the princess and empire styles of dress,

Incorrect Figures.

State Bank Examiner Steele has just issued a statement of the condition of the sixty-five national banks of Oregon, secured at considerable trouble, as provided by the laws of the state. It is an interesting fact that they vary considerably from the figures of Lawrence O. Murray, comptroller of the currency, whose figures are undoubtedly correct. Here are those that differ:

Death of Frank Walsh.

Sacramento Star of Oct. 21:-With the beautiful military ceremonnies of the United Spanish War Veterans, the body of the late Francis Walsh was laid in the grave yesterday afternoon in the City cemetery. Walsh served his country as a soldier in the war with Spain and one of his last requests was that he be consigned to earth with the flag about him. His wish was gratified. With the starry folds of the flag about the easket, the beautiful and impressive words of the veterans' funeral ceremony were said, a squad of soldiers fired a salute, and a bugler blew taps, the soldier's last call. The funeral was under the auspices of J. Holiand Laidier Camp. United Spanish War Veterans of this city. Walsh recently came here from Bremerton, where he worked in the navy ward. He left a wife and three small children. ans, the body of the late Francis Walsh

SELECTING A

A range is not bought every day. A few dollars more or less in price does not determine whether a range is cheap or dear. You want the best: that is the very first consideration.

The lasting quality is the main thing. Other points to be considered are: How much fuel does it require? Is any part of it likely to give out, to erack, break on warp? Does it heat up the kitchen, or is all the heat put to use in cooking and baking? Will it wear well?

The "QUICK MEAL" Factory is so well equipped with latest and most improved machiney, that "QUICK MEAL" Steel Ranges are made more perfect and economical than any other Range, and in selecting a "QUICK MEAL" you get the best for no more money than what you would have so pay for the ordinary, cheaply constructed range.
