erloo to hear from, not liable to change

A game of football was being played this afternoon between the Albany col-lege team and the high school team.

A long squash, labeled Roosevelt's Big Stick, was left at the Democrat office by E. Davidson, and will be used when occasion demands it, so look out.

Dainty Dress-Up Waists

Can you picture in your mind a dainty waist of tancy flowered silk of rich tan ground, having beautiful roses of soft blue shades, shading into burnt orange and greens with a few pale pink tints thrown in? If you can it is good but you will delight in seeing it far more. We have assembled a most beautiful line of these elegant waists--all different and each one is neat and dainty as any woman would desire. They are just the thing for afternoon or evening wear and we want you to come in and see them. We want to show them because we are proud of them.

Some innet and some in silk ranging in prices from \$2.50 to \$20.00

Taft Elected.

The election is over and Mr. W. H. Taft, judge, etc., has been elected by a big majority in the electorial college, a result which was bound to occur with all the machinery of the government and trusts working together for that end, and the people again credulously seconding the motion.

Mr. Taft has beaten a clean, pure and able man, one above reproach. Nevertheless it was a great mistake running Mr. Bryan at this time. Twice defeated he should have given up to some one eise. Governor Johnson of Minnesota should have been given the GOATS.—57 fine animals for sale.

SELECTING A

A range is not bought every day. A few dollars more or less in price does not determine whether a range is cheap or dear. You want the best; that is the very first consideration.

The lasting quality is the main thing. Other points to be considered are: How much fuel does it require? Is any part of it likely to give out, to crack, break on warp? Does it heat up the kichen, or is all the heat put to use in cooking and baking? Will it wear well?

The "QUICK MEAL" Factory is 53 well equipped with latest and most improved machiney, that "QUICK MEAL" Steel Ranges are made more perfect and economical than any other Range, and in selecting a "QUICK MEAL" you get the best for no more money than what you would have to pay for the ordinary, cheaply constructed range.
