News from Six of Albany's 26 Passenger Trains.

The foundation for VanDran Brothers new hotel is finished and the old building will soon be resting on new ground for support.

All of the north side of the depot is to be graded and filled in by the Southern Pacific Company. Tracks have been laid and cars are bringing in the dirt used in filling in the unsightly mud-hole.

Practically all baggage and express is still handled from the old depot room.

It will be many days before the depot grounds can be placed in first class condition and made to present that appearance of cleanliness desired. In the work of changing and regrading, things are apt to become more or less disarranged and the patrons will have to be sweet tempered and wait for a better condition to prevail.

A suggestion: Why not make a park of the grounds lying north of the new depot? After the work of grading and refilling is finished, it would add to the beauty and attractiveness of the surroundings, if flowers and trees were added and the whole worked over into a park on a small scale.

BABY BOY HAD ITCHING HUMOR

Which Broke Out in Different Places—Nothing Would Help Him—Mother Almost in Despair—Skin Quickly Healed Without a Scar and Trouble Has Never Returned

SINCE USING CUTICURA MOTHER GIVES IT PRAISE

"Several months ago, my little boy, now two and a half years old, began to break out with itching sores. I began to doctor him, and as soon as I got them healed up in one place they would break out in another. I was almost in despair. I could not get anything that would help him. One evening I read a testimonial from a lady who had cured her little boy with Cuticura. I began to use the Cuticura Soap and Cuticura Ointment, and after using them three times, the sores commenced to heal. He is now well, and not a scar is left on his body. They have never returned nor left him with bad blood, as one would think. Cuticura Remedies are the best I have ever tried, and they are surely great. I shall always have them in the house handy, and shall highly recommend them to any one who is suffering likewise. I cannot give them too much praise. Mrs. William Geeding, 102 Washington St., Attica, Ind., July 22, 1907."
