News from Albany's Six Early Trains.

Two weeks have made some changes around the depot. Some filling has been done, a cement walk is to go down this year, for which Mr. O'Brien will have the universal thanks of Albany people; work has been begun by Pete Ruetner and a force of men on the moval of the depot, a big job, for the underpinnings have all rotted out, and the making of a Y at the intersection of the S. P. and C. & E. has been begun, preparatory to C. & E. trains coming up to the union depot for business, making one force do the business of both roads.

The Democrat man got out of Denver just in time. Yesterday there was 9.6 inches of snow on the ground. But this will not disturb Denver. It handles such things with a rush, and business will not be affected at all, though the autos will have to stop a few hours.

When in Denver the Democrat man had a pleasant visit with Mr. Merrill Fish, a linotype man on the Denver News. He'is married, having a spien-did wife and a pretty home and is as steady as a clock, a fine man.

The house on the Wentworth corner, at Washington and Third streets, has been bought by Dr. J. L. Hill, and will be moved to one of Dr. Hill's lots and fitted up for rental. There is a big demand for houses in Albany.

Weight lifting and twofbasket ball games between hoys' and girls clubs, something doing for two hours, and the Albany orchestra will dispense music.

C. M. Giddings, of this city, is a busy men. He has a 320 acre tract in Lintooln county, which he expects to devote to walnut culture. It will be an odd orchard. The trees will be set out in the brush in places cleased, and each one fenced, after which a bandof goats will be allowed to do the rest. It ought to work like a charm.

The Fisher Murder.

The shooting of Lawyer R. B. Fisher of Portland, by J. A. Finch, a former Albany newspaper man and attorney and politician, caused great interest in Albany. The account shows a cold blooded murder. Finch, probably intoxicated, entered the office of Fisher, drew his revolver and deliberately shot him through the head from the back. He then fied with his smoking revolver, but was captured by Lawyer Dolph and others. The shooting was witnessed by Miss Verna Burkhart, daughter of H. D. Burkhart, of this city, Fisher's stenographer. When in jail Finch had the gall to deny having done the shooting. The shooting of Lawyer R. B. Fisher

CUTICURA EFFECTED A WONDERFUL CURE

"When my little boy was six weeks old an eruption broke out on his face, old an eruption broke out on his face, I took him to a doctor and got olutments and medicines but his face kept on getting worse until it got so bad that no one could book at him, His whole face was one crust and must have been very painful. He scratched day and night until his face sometimes looked like a raw plece of meat, I was nearly insane with his scratching day and night. Then I took him to all the best specialists in skin diseases but they could not do much for him. He sometimes screamed with pain when I put on the salve they gave me.

"When he was two years old the excema got on his arms and legs so that I had to keep them bandaged up and I made gloves for his hands so the nails could not poison him worse. We could not get a night's sleep in months and my husband and I were all broken up. Then my mother asked why I did not give up the doctors and try Cuticura. So I got a set and he felt relieved the first time I used them, the Cuticura Ointment felt so cool. He used to wake up and ask for Cuticura to be put on when he itched so badly that he could not sleep, and he would say, 'Oh! Mama, that makes my sores feel so good!' I gave the Cuticura Remedies 2 good trial and gradually the excema healed all up and now he is as well as any other children. He is now seven years old and the cure has lasted two months, so I think it will nover return. I can't tell you how glad I am that Cuticura did such wonderful work in our case and I shall recommend it everywhere. Mrs. John G. Klumpp, So Niagara St., Newark, N. J., Oct. 17 and 22, 1907."
