THANKSGIVING FOOTBALL.

Washington defeated O. A. C. by the decisive score of 32 to 0, leaving no doubt as to her right to claim the championship of the Northwest and also of the coast. The University of Seattle players are certainly a strong aggregation; Oregon defeated Multnomah in Portland by a score of 10 to 0; Washington State defeated Whitman 4 to 0; The Dalles defeated the Fort Stevens team 10 to 0; Baker City 23, Weston Normal 6; East Side High School of Portland defeated Engene High School 10 to 5; Tacoma defeated West High of Portland 27 to 0; Lincoln High of Seattle defeated Salem High 23 to 14. Other games of minor importance were played throughout the state. It is quite evident from the respective scores available that Washington has three teams that can defeat either of Oregon's best teams. Namely, University of Washington, Pullman and Whitworth. Corvallis undoubtedly was the most overrated team ever turned out in the northwest. doubt as to her right to claim the

College Vacation.

Albany college has been deserted for the past two days. This is one of the holiday seasons and the students living holiday seasons and the students living near this city went to their respective homes to engage in the Thanksgiving festivities. The foot ball season has closed and a final summary of the work of the team shows that they made good and are entitled to the non-c nference championship of the state. This is one of the happy features of the Thanksgiving season for the football man. It marks the end of a strenuous season of training and contests. While enjoyable for a certain length of time, a vacation from its severe exactions is always a cause for Thanksgiving.

MORE DOPE

From the Democrat Man about Denver.

Denver, Nov. 23rd. - Saturday I saw game of foot ball, over a mile high, and though there were numerous tumand though there were numerous tum-bies no one was seriously hurt. It was between Denver University and the University of Colorado, and was played at Boulder, a city of 15,000 up at the toes of the mountains, 28 miles from here. We trollied up. It was great, and such rooting. Colorado had four leaders ank rooted in sections, then al-together, with a band for i's songs, and when the first half ended 10 to 8 in Boulder's favor the cannon roared like when the first half ended 10 to 8 in Boulder's favor the cannon roared like a battle, but it was in vain; Denver made a touch down the next half and Colorado which played the better game got the ball within four yards of the goal and lost it. Denver is to play Carilisle Dec. 5 and expects to win. My opinion is that O. A. C. can beat them.

Colorado is a great state for valuable Colorado is a great state for valuable stone. It beats the world. The inter-ior of some of the buildings are very rich. The lobby of the Brown Palace hotel is a sample. The high wainscot-ing is solid onyx, a piece from which anywhere would make a watch charm or a ring setting.

An odd looking Denver affair is a little brick cone in every back yard in the city, used for ashes.

Denver has some fine churches, I attended the U. P. church in the morning and heard Dr. Tyler of National fame in the Christian church, who has enchanged pulpits with the pastor, and the Trinity M. E. church in the evening. This is one of the finest here and has one of the biggest pipe organs in the U. S., with a choir of nearly one hundred voices. The pastor is the famous Rev. Louis P. Banks, whose daughter resided for many years at Oakville. He met me at the Iront door, shook hands with me, asked my name and was delighed to see an Oregonian. Also all the others of the many going.

Denver has three live newspaper offices: the News, a morning democratic paper; the Rocky Mountain Times, the evening edition; the Republican and the Post, which is any old thing. The News, Times and Post are the yellow productions with their big red head lines.

THE FORD ALL RIGHT.

Denver, Nov. 54.-The following is written without the knowledge of Whit Crawford, local agent for the Ford auto ard without pay; but will certainly entitle the Democrat man to at least a big treat. Going up to Boulder 28 miles away on Saturday to see a big foot ball game was a procession of automobiles. Coming back the Democrat man and others were greatly interested in the autos racing home, their lights flashing throrth the fast increasing darkness, for here there is hardly such a thing as twilight, the road for miles being close to the trolley line.

The next day it was learned that a Ford car driven by B. J. Hendry, accompanied by four ladies, had made a new record between the two places for a night trip, I hour and 5 minutes, over somewhat uneven roads. On the way the Ford passed twenty-nine flighclass auto's, of which six broke down in their mad hurry to get home. This item ought to be worth a dollar a line to the Ford Auto Company and the Democrat will look for an early remittance.

Fight for Cement Platform Won.

Mr. B. I. Dasent was a recent visitor in Portland, and while there had an interview with Mr. J. P. At that time a promise was obtained from the head of the Harriman system in the State, that if possible the request of the city would be granted.

This morning Mr. Dasent received a communication from O'Brien as follows: "I am pleased to advise you that I have today authorized the construction of a cement depot platform at Albany at onco." This is decidedly welloome to the citizens and fully appreciated on account of the fact that this item was not in the original plans and not included in the expense budget. Mr. B I.
