**Deafness Cannot be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by the constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.  
We will give One Hundred Dollars for any case of Deafness (cause by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

News From Albany's Six Early Trains.

Hon. F. J. Miller went to Salem to get ready for the coming session. He will have his old seat. Among the prominent bills that will lead in the coming legislature will be the new water code bill and Johnson's road load. Johnson's law has been materially changed, leaving the state road through the valley out and giving more rights to county courts; but it provides for a commissioner and engineer to be paid for by the state.

Prominent Brownsville people coming down were Lawyer Tussing, W. A. Templeton, Ed Holloway Jos. Hume. Rev. M. C. Wire, arrived on his way to the west side. He reported only an inch of snow at Eugene, and that was what there was at Brownsville.  
Dr. Ellis returned from a professional trip to Shedd.  
Mrs. J. C. Lowe came over from Corvallis.  
N. D. Conn went to Salem on a visit.  
Miss Alpha Finley, daughter of Geo. Finley, of Crawfordville, returned to Monmouth to resume her studies.
