To receive their ore, alone, for the Smelting Furnace==100 tons daily capacity.

These THREE MINES are owned respeciively by

THE GOLD CREEK MINING & MILLING CO. THE ELECTRIC MINING & MILLING CO-

and THE FREELAND CONSOLIDATED MINING CO

Sales of treasury sock of these Three Mines are now in Albany by the undersigned, fiscal agents, for the purpose of getting these mines in shape to cellver the contracted tonage to th Smelter. We believe that these three mines, picked out by the Smelter people as being, in their julgment, at present MUST certain of a large tonage, are much nearer the dividend buying period than any other mine in the district. There are very many other excellent mineral bodies along the Santiam. Litizens of Linn and adjacent counties should make certain the SPEEDY and IMMED-IATE erection of the SMELTER by purchasing stock and sharing in 'the future profits of these three mines, and thus the many other mines will uttimately prove valuable also.

Because of the necessity of raising funds immediately, stock in these mines is being sold at 15 cents and per share, a fraction of their par value, which \$1 00. Call or write to

Now is the time to visit

When summer has passed in these northern states, the run is only mild under the bright blue skies of Southern California. This is one of nature's happy provisions—eternal sum-mer for those who cannot endure a more severe cli-

mate.
California has been called the "Mecca of the winter tourists." Its hotels and stopping places are as varied as those of all well regulated cities. Visitors can always find suitable accommodation's, geongenial companions, and varied, pleasing recreation.

SOUTHERN PACIFIC CO

Will be glad to supply some very attractive literature, de-scribing in detail the many de-lights of winter in California. Very low round trip excursion tickats are on sale to California. The rate from Albany to Los Angeles and return is \$55.00

Limit six months, allowing stop-overs in either direction. Simi-tar excursion rates are in effect to all California points.

For full information, sleeping car reservations and tickets, call on, telegraph or write C. K. FRONK, Agent Albany, or WM. McMURRY, Gen. Pass. Agt. Portland, Oregon.

Deafness Cannot be Cured

Deafness Cannet be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by the constitutional remedies. Deafness is caused by an inflamed condition of the mucous iming of the Eustachian Tube. When this tube is inflamed you have a rambling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed uprever; nine cases out of ten are caused by Catarrh, which is nothing out an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (cause by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
