AVALANCH IN COLO.

Killed Several Men and Horses.

GRAND JUNCTION, Colo., Jan. 29.—Four men and 40 horses were swept away and killed in an avalanche of snow and rocks fifty feet high that swept a camp in Colorado, down a mountain side today.

Saved by the Wireless.

BOSTON, Jan. 23.—The Steamer Republic of the White Star Line was rammed by an unknown vessel last night near Nantucket shoals. The wireless immediately flashed the news to many points, picked up by various steamers, which hurried to the rescue and save the passengers and crew. The vessel is still afloat but is expected to sink.

Oregon Apples.

Washington, Jan. 22.—Four boxes of Oregon apples in the senate cloakrooms and four boxes in the press gallery of the senate, sent by Senator Bourne, nearly bankrupted the senate cafe, and made it at luncheon time look like Goldsmith's "Deserted Village."
"Best ever," "The onliest," etc., was the comment.

Legislature Adjourned.

Senators F. J. and M. A. Miller and Representatives Munkers, Philpot and Brandon came up last night for a Saturday and Sunday visit at home, the legislative having taken a short vacation in order to secure some nine foot sheets and allow the printer to catch up, or something else.

OVER THE RIVER.

From the Corvallis Republican:

Mr. E. Pearce, who sold his 20 acre fruit farm, has bought the Albert Small property in North Albany.

Mrs. Catherine Miller, of Albany, is moving out on her farm and will again become a resident of Oak Grove.

There is talk among some of the neighbors of having electric lights put into their houses.

The late freeze did much damage to potatoes—some of the farmers lost all they had while others managed to save a few.

We learn that Mr. Calloway has bought 20 acres of Mr. Haller. The property is located near the Palestine church and was formerly assumed by Asa Whetstone. The price paid we understand was \$1700.

Mr. Zinn, wife and daughter of Northern California, came up the first of the week and are visiting at the home of his parents. He lives in the mountainous part of the state where it gets pretty cold. He concluded he would make a run up to Oregon and enjoy a few weeks of pleasant weather.

Mr. Ed Wiles took to the Albany market Thursday 16 head of beef cattle.

Rough Traveling.

Albany people don't know anything about rough weather experiences. Dr. A. J. Hodges and L. H. Fish, who recently went east have been having the time of their lives. On their way to Minneapolis their train was stopped two days in all. At one place they went through water two feet deep and their train was the last to make it for several days. A man had to go ahead and feel the way for the train to be sure everything was right.

The President's hunting trip will be one of fun and profit, an unusual combination. If you are hunting for a good floor, you will find it pleasurable as well as profitable to use Johnson's Best.

Greater productivity of trees—larger, cleaner, and finer fruit—more money. Isn't that fruit growers' reasoning? Nothing will contribute to this end more than effective spraying. And Effective Spraying can best be attained with

Bean Magic Spray Pumps

Effective spraying means High Pressure Spraying and till the advent of the Bean Magic a high pressure could not be maintained with a hand pump for any length of time, on account of the body-racking effort needed to operate it. The Bean patent spring divides the work between the two strokes of the handle and works against only one-half the pressure shown on the gauge and saves exactly one-third the labor.

We have these pumps in stock and will be pleased to show them. We cannot recommend them too strongly.

OHLING & TAYLOR

Be Discriminating In Your Coffee

Next to what you eat, consider carefully the kind of coffee you drink. There are many kinds, grades and combinations. Your coffee should agree with your stomach in order to keep you comfortable. If it does not do this you should change it at once. This is easily done if you will let us assist you in the selection.

At any rate, before giving up your present coffee we want you to compare it with a cup of our "Diamond" Blend, 25c cents the pound.
