## Lecture Recital.

On the evening of Feb. 1st, Dr. Waugh W. Laudern, of Chicago, will give his "Lecture Recital" or "Talk at the Piano" in the Baptist church. This will be the next number in the College Lecture Course. Dr. Laudern is one of the greatest pianists in America. A favorite pupil of the great Master Liszt; it was his privilege to know the great European composers and performers and to have as perhaps no other living American has, their own conception of their great works. Dr. Laudern has no use for the trivial, or the common in music, but he has such a wonderful ability to put into words what might otherwise be unintelligible to the unversed in music, that all enjoy his "Talks at the Piano." He has a great fund of incidents, drawn from travel, experience and close study of the masters; a strong sense of humor and splendid command of language. His recitals have attracted much attention and have been uniformly indorsed. Holders of season tickets may use any coupon for any one of Dr. Laudern's recitals. Albany people who heard him last year were delighted with his rendition of some of the great masters. They will want to hear him again.

# CHEMAWA WON.

The game of basket ball Saturday evening resulted in a victory for the Chemawa girls by a score of 21 to 16. At the end of the first half Albany was ahead 9 to 5, and when the game was three quarters Albany continued to lead by three points. About then the red girls began making baskets and the Albany guards seemed powerless to stop them, as they rolled up four or five in quick succession.

It was an interesting game devoid of roughness, and a very refreshing feature was the fairness of Referee Tebeau of Chemawa. Each side had four tries at the baskets.

There was a large attendance of good natured people.

If it really is the same link young Newell wore when drowned, and Mr. Torbet is positive of the identity, the circumstance is certainly remarkable.

# DOCTOR'S ORDER WAS: 'CUTICURA'

For a Bad Case of Eczema on Child—Suffered for Three Months—Disease Reached a Fearful State—Pain and Itching were Terrible.

CURED AFTER OTHER PRESCRIPTIONS FAILED

"When I was small I was troubled with eczema for about three months. It was all over my face and covered nearly all of my head. It reached such a state that it was just a large scab all over, and the pain and itching were terrible. I doctored with an able physician for some time and was then advised by him to use the Cuticura Remedies which I did and I was entirely cured. I have not been bothered with it since. I used Cuticura Soap and Cuticura Ointment but do not know exactly how much was used to complete the cure. I can safely say that Cuticura did a lot for me. Miss Ababel Wilson, North Branch, Mich., Oct. 20, 1907."

# ITCHING CURED

With Cuticura Remedies in Three Days After Six Months of Suffering.

"I suffered fully six months. The trouble began on my arms in little red pimples and it was not long before it was all over my body, limbs, face, and hands. It was so bad that I could not rest night or day and during the six months, I did not get a good night's sleep. I doctored for three or four months and spent at least twenty dollars trying to find a cure but none could be found. Then I saw the Cuticura Remedies advertised, and the next day I purchased some for seventy-five cents at the druggist's. I used them and I was relieved of the itching in three days, and I have never had a sign of any skin disease since. The Cuticura Remedies are the only remedies to use for skin diseases, they have cured me and they will cure others in the same way. J. W. Bloom, R. R.
