MEISER & MEISER
RUBY BLEND COFFEE

STOPPED THE CLOCK.

SALEM, Feb. 20.—In feverish haste the legislature is trying to complete the work today. The hour of adjournment had previously been set for two this afternoon, but the clerk stopped the clock at 1:30 and both branches are rushing forward tail end and delayed measures.

It may be late tonight or even midnight before they finish their work of 41 days. One result is the appropriation of nearly four million dollars. The right of way has been given to the salary grab bills and measures of similar character during the session up to the last 24 hours.

Try a cup of coffee and a sandwich at Frank's near the depot.

ROTTEN

Correctly says Mr. Munkers of the Legislature.

Telegram:
Ashamed by the horseplay in the house last night, Representative Munkers, of Linn county, was with difficulty, prevented from rising near the conclusion of the session, tendering his resignation as a member of the House and leaving the Chamber in supreme disgust. After considering the matter again this morning his determination to resign was renewed, and only the pleadings of his friends in the Legislature and outside pressure kept him from taking the step. "I cannot find words in which to express my feelings as to the conduct of members during the session of the Legislature," said Mr. Munkers this morning. "In brief, you may say that I think there is nothing too rotten for this Legislature to do."

The anger and indignation of the Representative from Linn is due not only to the riotous and uncouth conduct of many House sessions, culminating last night in scenes almost indescribable, but also to the lack of comparison with which good bills have been killed and the facility with which certain bad measures have been put through.

Better Than Ever.

Dreamland puts on a regular 50c show tonight for 10c. Think of it, 3 acts of vaudeville all for 10c. Don't miss it. This show made a hit last night and is going to make a bigger hit tonight. Mr. John Ryan, the sweet patine singer and whistler will sing some new popular songs. Mr. Ryan has scored a decided hit in Albany. He received the heartiest and more stupendous applause than any act ever received here before. He is a wonderful singer. The Girl of the range, a first class comedy sketch by Perry and Stewart was well received, well acted and Stewart and Perry are to be complimented upon their work.

Miss Marguerite Belle sang an illustrated song and did fine, receiving hearty and well merited applause. The moving pictures were good. Rogaway, Bell and Berry put on a society sketch, entitled The young Mrs. Honeyton and did splendidly. It was one of the best vaudeville sketches yet put on by them. Dreamland should be proud of its big show.

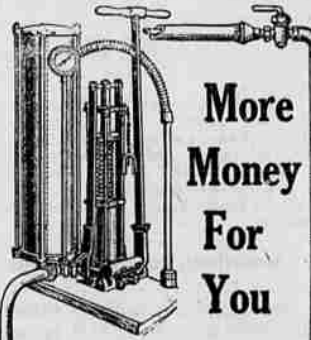

Hear John Ryan, a rare treat, as he will only be here a short time.

The biggest show ever offered for 10c, tonight at Albany's Popular Family Theatre—the place to bring the family. Admission only 10c. Tomorrow there will be a sacred concert.

More Money For You

Greater productiveness of trees—larger, cleaner, and finer fruit—more money. Isn't that fruit growers' reasoning? Nothing will contribute to this end more than effective spraying. And Effective Spraying can best be attained with

Bean Magic Spray Pumps

Effective spraying means High Pressure Spraying and till the advent of the Bean Magics a high pressure could not be maintained with a hand pump for any length of time, on account of the body-racking effort needed to operate it. The Bean patent spring divides the work between the two strokes of the handle and works against only one-half the pressure shown on the gauge and saves exactly one-third the labor.

We have these pumps in stock and will be pleased to show them. We cannot recommend them too strongly.

Home and Abroad.

A Benton county farmer killed a shepherd dog for a coyote and got the bounty on it. Fooled himself and the clerk.

The Oregonians of Dallas defeated the Lincoln, Neb. team, at the home of Bryan 40 to 12, and the Peru team 31 to 11.

The crack Los Angeles basket ball team defeated Multnomah last night by only 18 to 17. They are after the scalps of the Oregonians, about due at Dallas; but will never get them.

In the Oregon-Kansas City basket ball game 63 fouls were called. Reed for Dallas made 17 out of 28 tries and Kansas City 19 out of 35 tries. The Kansas City umpire kept his whistle going all the time, and the referee had to hustle to keep even.

Boomville, Ind., had a live tragedy yesterday. Ida Williamson rejected Edward Strickland, and took up Elmar Timmons for a lover. Strickland shot Miss Williamson, killing her then Timmons, who will probably live, and then killed himself. A booming day for Boomville.

Cottage Grove Times—Cyrus H. Walker, of Albany, and one of the earliest students of Tuslatin Academy was present at chapel Monday afternoon and gave some interesting reminiscences of his school days. Mr. Walker attended here fifty years ago, before the present college was fully established. His description of the old log building was very interesting.

The Empire Theatre is great. Hear the songs make no mistake, Everything new and up-to-date.

Always in Trouble.

"Evangelist McInturff, who quarrelled with his co-worker, Rev. Mr. McComb, last week because McComb wanted to deliver a lecture when McInturff desired to speak, will now hold services in a deserted livery barn. He and McComb dissolved partnership, and McInturff's followers are fitting the old barn, in the central part of the city."
