MISFITS,

Elk's day in Albany.

This legislature the easiest ever.

A K. P. temple is now in order.

Good thing we all haven't the same eyes.

You can't knock Knox out. He is eligible.

Wanted another man to fill the Taft cabinet.

Have you decided to build. The house is wanted.

Half the navy will be kept in the Pacific, where it belongs.

People generally are beginning to talk about Albany in a pleasant way.

The two houses are knocking each other. Good. Didn't begin quick enough though.

Well, the Democrat has had a whole lot of fun calling the legislature names; but what good has it done.

Tammany, about the rottenest of all political concerns, has stolen millions from New York City.

Mrs. W. K. Vanderbilt left for Europe yesterday smoking a cigarette, a disgrace to American womanhood.

The Guard had the Eagles build a three story block. It took the Register only a few hours to raise it to five stories.

The Senators slashed the poor old Indian war veterans, but gave the grabbers all they asked for. They will not fool any one.

This normal business should be settled permanently. Oregon should have at least one normal that will be a credit to the state.

The professional lobbyist has been getting in his work at Salem. The average professional would be dear at 5 cents a month.

Johnny Kruse is kicking at the failure of those four hundred German girls to arrive in Oregon. Has any one heard from them.

Some one from the east complains to an exchange because entertainments in Oregon never begin on time. The point is well taken. It is a shame.

A good time to spray. Do it now, and later do it again. Spray at least three times if you would make a Hood River country for apples.

The Democrat at the beginning of the session called the legislature a chump, and it hasn't changed its mind. It ought to be spelled with caps.

There are indications that that report about Harriman building into Central Eastern Oregon was simply a fake for the benefit of the state legislature.

The council should begin arrangements for the pavement of Second street so work may be begun with the First street contract. That will be a pretty good starter for the year. Next year Lyon street and perhaps Broad-albin and Ferry should follow suit.

Harry Murphy's best caricature is in this morning's Oregonian. It is a dandy. The Democrat calling the legislature a chump was sober compared with this. A doctor says to a sick looking man called Legislature: "You have only a few hours to live." Answer "Oh, Heavens and what a life I have led."

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by the constitutional method. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing out of an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (cause by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Plenty of oysters at the Metropolitan market for everybody.
