## S.S.S. PURELY VEGETABLE

It is a generally recognized truth that medicines made from vegetable ingredients are a great deal better adapted to the delicate human system, and safer in every way, than those composed of strong mineral mixtures and compounds. Mercury, potash, arsenic, etc., which are used in the manufacture of most blood medicines, are too violent in their action, and frequently derange the system by disturbing the stomach and digestion, affecting the bowels, and when used for a prolonged period often cause Rheumatism. S. S. S. is the only blood medicine guaranteed absolutely and purely vegetable. It is made entirely of roots, herbs and barks, selected for their purifying and healing qualities. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Contagious Blood Poison, and all other blood diseases, because it cleanses and purifies the blood, and at the same time builds up the entire system by its fine vegetable tonic effects. S. S. S. may be taken by young and old with absolute safety, and with the assurance that it will cure the diseases and disorders due to an impure and poisoned blood supply, even reaching down and removing hereditary taints. When summer has passed in these northern states, the sun is only mild under the bright blue skies of Southern California. This is one of nature's happy provisions—eternal summer for those who cannot endure a more severe climate. California has been called the "Mecca of the winter tourists." ### MISFITS.

A Mixture of Things and Thoughts

Hurrah, the legislature has quit.

The log rollers have run things.

A regular tax eating legislature.

You can't do too much for the public schools.

The normals have been slaughtered by the Senate. They overdid it, that was all.

That \$82,000,000 S. P. bond issue looks like something doing and a big game may be anticipated.

The member of this legislature who ever wants to come up again will have to show Smith and Jones.

Oregon is supporting two colleges for doing the same thing. It is time there was some regulation to it.

The Democrat apologizes to the word chump in connection with legislature. It did the word an injustice.

President-elect Taft has been made a Mason at sight. Probably knew he would break the back of the goat.

One first class normal school in a place where board can be secured cheap. A few hundred miles to go to a college or normal is not material.

A sample of the present legislature is a bill prohibiting the loose leaf system, a splendid thing, in the records of the different counties, done in the interest of the binger trust in Portland.

According to the New York World having J. in one's name means success. Let's see. Neither Theodore Roosevelt, William H. Taft, Edward H. Harriman or George E. Chamberlain has a J, and they are getting along pretty well.

It takes only a few years to change things materially in a city like Albany. On an Albany hotel stand directory over half the advertisements are out of date, among them being an advertisement for wines and liquors by a man who has been dead several years.

Died, a natural death, at Salem, Or., on Saturday, Feb. 20, at 2 p. m. the Oregon Legislature, after a miserable existence, unlamented, unremembered, but not to be forgotten by men having pocketbooks.

### Harrisburg

The ferry was out of commission this week.

Smith Bros. have sold their livery stable to Scott & Jones, who have been running a pool hall.

Miss Eva Stenberg and Miss Josie Gumbert, of Portland, visited at Mayor Mays a day this week.

Bulletin.—A. M. Dawson, of Albany, was here on business yesterday. He is an old timer in this county, having come West in 1864 and grew up on the old Swank farm near Muddy.
