Reaching the Spot

To Can Be Done, So Scores of Albany Citizens Say.
To cure an aching back, The pains of rheumatism, The tired-out feelings, You must reach the spot—get at the cause.

In most cases 'tis the kidneys. Doan's Kidney Pills are for the kidneys. James Greenhalgh, formerly of 707 E. Fifth St. Albany, Ore., says: "Early in the winter I had an attack of sciatic rheumatism and as I had always been a healthy man it seemed very severe. The pain was mostly in my kidneys and often extended into my limbs. I thought that treating the kidneys would be the best method to get relief and as Doan's Kidney Pills were highly recommended, I obtained a supply. The pains began to lessen soon after I commenced the use of this remedy and I procured a second box. I had only started its use when the last trace of the trouble disappeared and I gladly say that I have been free from it since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

A Beach Story.

Newport News:—

Two ladies, one from Yaquina the other from Albany, were down at the beach Saturday last and seemed to have quite an interesting visit between the rain, wind, loss of umbrellas and through mistake or jering lunch at a private home instead of a hotel. Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by the constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing out an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (cause by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free. F. J. CHENEY & CO., Toledo, O., Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Fire-Box "Air-Leaks" Waste Fuel

It takes you about an hour to get up a cooking fire— And it afterwards roars away so strongly that you can't shut it off—

It's probably due to "air leaks" at the flues surrounding your oven and into the fire-box.

For in ordinary steel and cast iron ranges there are lots of places where the outside air gets in—perhaps through the seams between the oven and range body or around the back flue which is bolted on.

Perhaps through the slide-damper at the left side of the range. Usually this is a cast plate, bolted and puttied. As soon as the bolts work loose, through expansion and contraction of the metal, a crevice is formed to let in the air.

Now all these openings waste your fuel—it's like the Chinese saying—"Burning your house down to roast a pig."

The range that has no "air leaks" is the Monarch.

Around every opening—Oven Door, Feed Door and Ash Door, are Malleable Iron frames, riveted to the range body.

Cast iron frames must be bolted to steel, but Malleable Iron can be cold-riveted.

This riveting insures practically air-tight joints, which never spread or open up, no matter how hot the fire.

The fire-box linings of the Monarch are extra heavy—the back wall is made in four pieces to provide for draft expansion.

The Duplex Draft gives you perfect control of the fire—there are two damper doors, one in each end of the fire-box.

You can open them just to the degree desired, to make your fire slow or fast.

A Monarch Range is the best investment an economical woman can make, for it burns less fuel, is more durable, and "stays-satisfactory" as long as it is in use.
