## PRESIDENTS.

And Experts of Agricultural Colleges to Pass Through.

Presidents and officials of the Agricultural colleges and government experiment stations to the number of about 75 will stop about twenty minutes at the Albany Union Depot on Tuesday morning next en route from Corvallis to Salem, from 9:40 to 10.

It is proposed by the Albany Commercial Club to give an informal reception to the distinguished visitors. No stated ceremonies will be offered outside of a brief address of welcome and a few informal words.

The Commercial club has prepared small "hub" souvenir folders which will be given to all the visitors. They contain the "Hub" design of the Commercial Club, together with statements of the resources of Linn county and the importance of Albany; brief description of Oregon as a state of opportunity, and the following sentiments interwoven in red ink on the several pages:

"Greeting to the men who are making Agriculture the greatest of professions and Soil the richest heritage of the race."

"The Farm is a Kingdom, the Farmer a King, and the Agricultural Professor a Tutor of Princes."

"Two Public Benefactors--(1) He who causes two blades of grass to grow where one grew before; (2) He who makes it hard sledding for one potato bug where ten million once sang in unison."

"Oregon, My Oregon--The climate where stern-faced Winter and golden-haired Summer have wed and we are blessed by their gentle, mild-eyed progeny."

The club is also arranging for a supply of choice Albany apples for distribution. Mrs. Weatherford, president of the Ladies Auxiliary, will head a delegation of ladies, who will present the Agriculturalists with roses attached to the hub souvenir. Besides this Roner Bros. are making a hub, which will have an apple decoration, the whole two feet high, which will be presented the presidents as a body.

A general invitation is extended by the club for the people of Albany to assemble at the Depot and take part in the exercises. The complete program and names of speakers will be given on Monday.

## LEBANON.

The E. A.—  
Two important sales this week were: M. A. Miller to C. I. Leavenood of Myrtle Creek and J. A. Lambert a hotel man of Oakland, of 54 feet on the east side of Main street, for \$2,000, upon which a concrete building will be erected in the spring, and the residence property of Byron Mill up to J. N. Morris, with a frontage of 66 feet, upon part of which a concrete building will be erected.

Leslie and Will Gatchell have bought the Landon machine shop in this city, which they will soon take charge of and operate.

Simpson &amp; Lovell have leased the building formerly occupied by Ingram Bros. &amp; Co. and will soon move their barber shop into the same. They will put in fine new fixtures and will have an up-to-date shop in every respect.

Mr. Leslie P. Miller and Miss Lulu B. Poill, both of whom have been elected teachers in the Lebanon public schools, were married in Eugene Tuesday, Aug. 17, at the home of the bride's parents.

The Express is pleased to announce that there is every prospect for the establishment of a steam laundry in Lebanon—something that has long been needed here. Mr. Bush of Eugene and Mr. Hudson of Portland have been in Lebanon for a few days looking over the ground.

### Homes.

Prospective purchasers of land in small tracts will do well to see "Jersey Dairy" farm just east of Albany before purchasing, 250 yet unsold which will be divided in tracts to suit purchasers and on terms that are easily met. Go direct to the owner H. Bryant and save commissions.

### Farm Property.

## At Olympia.

OLYMPIA, Aug. 21.—The senate refused to approve the federal income tax this morning; appropriated \$50,000 for the Veterans Home at Port Orchard; and to allow women to frequent restaurants where liquor is sold.

## The Boosters.

MARSHFIELD, Aug. 21.—The development congress will likely reelect the old officers.

### Just in a District School.

The Newport district school advertises that in addition to the regular studies it will have classes in stenography and typewriting, manual training for boys in wood and iron working, principles and practical working of steam, gas and electrical machinery, vocal music by a competent instructor and sewing for girls. And this just in a district school. Albany will do well to take notice and be up with the times.

### An Oregon Booster.

An article on Cooperation "Close to the Soil, in Everybody's, just out, is attracting attention. On page 409 is one of the most striking pictures in it, that of an apple orchard, with men picking apples and the boxes labeled: Oregon Apples, the picture designated: Where Patriotic Apple Growers Advertise Their Stock on Every Box. The article is particularly valuable in giving the city commission merchant an awful whack full of sharp knives.
