Mr. Peterson sold this place last spring on contract to a Portland party for \$28.00 per acre, and he in turn sold it to Mr. Carolin for about \$30.00 per acre. Stayton All Right.

Stayton claims to be the best town of its size on the coast, and some of its institutions will speak for themselves: a fine water power, a woolen mill, an excelsior mill, a chair factory, a saw mill two grist mills, an ice plant, an electric light plant, water works, telephones, cement sidewalks, and is the center of a rich country. Besides it is about to have an electric line from Salem.

An Odd Result.

**Stayton Mail:**—The lumbering companies are depopulating the foothills. They buy out the ranchers and do nothing to replace the settlers. It is a sad sight to pass along in the upper edge of the foothills and see the many comfortable homes, bearing orchards and cleared lands that are given over to decay. If the companies, after taking off the timber, will not sell the land at a reasonable rate for settlement, their land ought to be unmercifully taxed and force them to sell.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.
