**2 1/2 TIMES AS MUCH LIGHT FOR THE SAME MONEY**

**Tungsten Lamps Make Electric Light Much Cheaper**

They have two and a half times the efficiency of the ordinary carbon lamp hitherto in general use. The filament is made of a rare metal called Tungsten, which holds an intense brilliancy at low cost. In shape and size the bulb is just like any other electric incandescent lamp. Why not try a Tungsten lamp yourself? Get one of the 40-watt and use it somewhere in your house in place of one of your carbon lamps. Then observe the great difference. Note the clear white light, exactly twice as brilliant and costing you one-fifth less for electricity. Tungsten lamps are destined to displace all others, for both store and house lighting.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven, however, that it is a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Jim died game anyway.  
And a jolly lot are the Shriners.  
A pilgrimage for fun and a good time.

Boss Murphy has been completely downed. New York needs it.

It is hard to remember just the good in a man's life when he is hanged for the bad.

Twenty divorce suits at one term of court will speak for a good deal of matrimonial cussedness.

In Illinois, just suspecting a man to be guilty he was hanged; but when a pure and innocent girl is waylaid in an alley and outraged the public cannot be blamed for wanting to make it tropical for some one.

A couple drummers in the hotel lobby, old hands at the business, were telling about their children. One had a boy 6 feet 2 weighing 240 pounds, and the other a daughter of only 15 weighing 138. Which beat.

Two men and their families from North Dakota, were here intending to wait and look around before buying, but could not find a single house in which to live and so had to go elsewhere. What is Albany going to do with this problem. Advertise for people and then send them elsewhere because it cannot take care of them.

**GASOLINE BURNS FATAL.**
