THE FLYING MACHINE.

One of the most interesting things of the present day is the flying machine. For years it has been considered an impossibility for man to invent a machine that would fly through the air.

Among those who have invented machines are a couple former Albany boys, both with a striking inventive turn of mind. From their earliest boyhood they were making things, and now they are able to get on the flying machine map.

FASTER SERVICE.

The Democrat receives the morning Examiner of San Francisco, the next noon, the paper arriving on the Shasta Limited, almost universally on time, at 11:48, and a pleasing innovation in hurry up, heretofore it having arrived considerably later.

MUST WEAR STOCKINGS.

San Francisco is evidently improving. An order has gone forth that in the coming kermis, dance the girls must wear stockings. Heretofore almost anything went. This indicates that the world is getting better.

His course of lectures offers opportunity for literary study and advancement. A meeting is called for Thursday evening at 8:45 at the Presbyterian church for all the ladies at all interested.

Uncle Billy's Body.

San Francisco, Jan. 25.—That a man has a right to dispose of his body before his death is the contention made in a petition for the removal of the remains of William M. Hoag, filed today by his brother, James A. Hoag, who is out testing the will of the testator.

In his will Hoag specified that his body should rest in a \$6000 mausoleum, to be erected in a local cemetery, and his brother filed a petition, praying that the request be denied and that he be permitted to take the ashes to Baltimore, Md.

Will Fly from Halsey.

John C. Burkhardt and General Crawford are reported to have rented a four hundred acre farm near Halsey, where they will experiment with their flying machine the coming summer. WALLA WALLA HAS \$135,000 FIRE STARTED BY AN OIL STOVE.

WALLA WALLA, Wash., Dec. 3.—Goods valued at \$135,000 went up in smoke at the Motter-Wheeler department store this morning just as the clerks were arriving to open up a large "expansion sale." The fire quickly gutted the building, except one bank of shelves, and water completed the damage. Tonight 40 employees are out of work. While the fire department was suppressing the flames a number of the clerks stood amid the wreckage weeping. The insurance on the stock is estimated at \$82,000 and messages have been sent for agents to come and adjust the loss. Tomorrow morning men will separate the damaged goods.
