is obtainable by using TUNGSTEN LAMPS for electric light. They are made like any other incandescent lamp, with this difference, that the wire filament inside is composed of a rare metal called Tungsten, which radiates two or three times as much light, with the same amount of current, as the ordinary carbon filament.

Ask us to show you the General Electric Tungsten lamp and prove its economy to you.

The hardware men in Portland want a strict-enough peddler's license law to prevent these range men from covering the country and should have it. These range peddlers are the limit in grafting.

The Register this morning reported that Eugene defeated Albany at basket ball last night 47 to 46, first half Albany 36, Eugene 32, second half Albany 10, Eugene 15. The real score Albany 30 Eugene 23. As the latter score was properly telephoned Eugene it is difficult to comprehend the mistake.

An evangelist in a neighboring town said he had traveled in seventeen countries and in every one of them bicycle was called a bicycle, and therefore baptism is baptism wherever you find it. Certainly, but it doesn't amount to a whoop unless the spirit of God is with it. The world is full of people who have gone through the form of some kind of baptism, going to the hot regions cross lots.

LINNHAVEN has the proper altitude for fruit culture and is where the Red Apples grow.

LINNHAVEN is under home control, the following being its officers: Dr. W. H. Davis, Pres.; Professor E. R. Lake, Vice-Pres.; Owen Beam, Sec.; A. C. Schmidt, Treas.; and a board of directors, as follows: W. H. Davis, E. R. Lake, Worth Huston, Owen Beam, F. J. Fletcher, E. B. Horn, C. W. Tebault.

The Linnhaven Orchard Co. invites you to investigate their proposition and each officer will be glad to explain further the details and the Company's Attorneys, Messrs. Hewitt & Sox, will also be glad to give any information in reference to the legal phase of the security offered.
