## GOT A STOLEN TEAM.

Lee Miller, residing at Miller's station, north of Albany, was done up somewhat by a horse thief this week. A man with a fine team appeared and wanted to make a trade. Miller agreed to one, giving the fellow considerable cash in the bargain.  
It now transpires that the team belongs to Heskett & Youngkin, liverymen of Eugene. The fellow left northward, stopping at Brooks, where he left Miller's team and the Eugene buggy at a livery stable, saying he would call for them in the morning; but he didn't call.  
Mr. Miller will get his own team back and be out the cash paid, and the Eugene men will get their team and the buggy. The man is at large yet, and with a good start and some cash will probably escape.

## Jefferson Tonight.

Fall in line tonight at 6:40, and be prepared to sing the following and other songs:  
Tune: Marching Through Georgia.  
Tune your voices lively, boys, we'll sing a booster song.  
Sing it with a spirit that will move the town along;  
Sing a song of Jefferson, and sing it good and strong,  
While we are marching through Marion.  
Chorus.  
Hurrah, hurrah for Marion and Linn!  
Hurrah, hurrah for Jefferson we're in;  
We'll get our heads together and together we will win  
While we are marching through Marion.  
Let Willamette's sons rejoice, for wealth untold they own;  
Wealth of timber, fields and fruits, and wealth of mines and stone,  
They'll be as rich a bunch as any in the temperate zone,  
While we are marching through Marion.

## A woman is never well dressed until her feet are well dressed

Such is the decree of Fashion and much foot suffering has been the result. You may believe as many other women have that you have to sacrifice comfort to get style. You don't. You can get both in the same shoe.

Come in now and let us show you the Red Cross Shoe.

The Red Cross styles for Fall will please the most critical taste. The extremely short appearance they give your foot make them strikingly attractive. You will like the season's newest models; the still shorter effects; the new tops; the higher heels daintily shaped; the rich tones in dull leather.

And you will find the Red Cross Shoe absolutely comfortable the moment you put it on.

It is not the shape of the Red Cross Shoe that makes it so easy to walk in. Tanned by the special Red Cross process, its sole is flexible, it bends with your foot. You can select any style you prefer and wear it right out of the store.

Come in today and let us fit you

Oxfords \$3.50 and \$4.00.

## The Buick Plant

For an automobile plant which in the beginning covered 2,000 square feet of floor space and began by employing fifty men, with a capitalization of \$75,000 and an annual output of eighteen cars, to increase its floor area to 1,890,000 square feet; its force of workmen to 5,200; its capital stock to \$2,800,000, and its annual output to 50,000 cars, with the record single day output of 195 cars and likewise increase the population of the community in which it is located by 100 per cent. within a similar period of five years is an almost unimaginable achievement. And yet this is what the visitors to the plant found the Buick Motor Company has done. The factory is located at Flint, Mich.
