THIS MORNING COMMERCIAL CLUB. MADE IN ALBANY.

News from Albany's Six Early Trains.

E. C. Roberts and W. F. Hammer left on a business trip to Salem, not divulging the importance of their mission to the capital city.

Mrs. Labadie, the accomplished reader, returned from a trip to Corvallis. Mrs. A. B. Millsap came down from Lebanon.

Mrs. S. P. Bach, of Lebanon, went to Portland.

L. A. Cruikshank, a popular furniture drummer returned from Lebanon and went up the C. & E.

Mrs. Eva Patterson of the Hamilton store, went to Salem.

Maurice Winter returned from a cruise south.

Prof. Crow, of the Berlin schools, arrived on a short trip.

A 4th of July Fly.

Mr. and Mrs. F. M. French returned last evening from a Portland visit. While there Mr. French, who is president of the State Jeweler's Association attended a meeting of the executive board. E. J. Arnold, the well-known show man, has secured the famous Curtis aeroplane, bought by Mr. Wimmer, of Portland, for a show purpose, and made Mr. French the promise to bring it to Albany on the 4th of July, with a competent manipulator for a fly. Arnold is going to give aerobics exhibitions through the state this summer.

The Tuesday Club.

The Tuesday Club met yesterday afternoon with Mrs. George Taylor, having a delightful session. An odd-guessing contest was that of naming the states from their abbreviations. For instance: the maiden state is Miss, the most egotistical Me, the numeral state Ten, the most religious Mass., the one needed in time of a flood Ark., not a state for the untidy Wash., the state to make you well Md., state of astonishment O., the daddy of them all Pa., etc. The refreshments, limited by the rules to two things, were tasty.

Lebanon Coming.

Next Tuesday will be Lebanon day in Albany. It is proposed to bring down a crowd of about a hundred, headed by the Lebanon Peerless Band and the Glee Club with booster songs. They will show Albany that Lebanon is up with the times. The Commercial Club will give them a reception in the club rooms at 8 o'clock.

The officers of the club were directed as far as possible to correct the false report circulated about Albany's financial condition.

Bourne's homestead bill was filed. Some one declared it was a scheme that should be killed.

A letter from Frank Doussang, a hotel man of Chicago, was read in which he offered to take charge of and furnish a modern hotel in Albany.

The Walls Walla commercial club asked action against the Lefean fruit box bill, and a protest was ordered sent our congressmen.

It was reported that fifty to seventy-five Lebanon men would be in Albany to meet with the club on next Tuesday night, and the members were asked to be at 4:40 train. Messrs. Hewitt, Rawlings and Struble were appointed a committee of arrangements.

The Brownsville railroad regulation meeting and Albany's action was reported.

The committee reported letters sent our delegation in congress urging the acceptance of the Northern Pacific land survey before the first of March.

Debris on the depot grounds, garbage and city limits were discussed.

W. Metcham, of the Albany Butter and Produce Co. presented the matter of a consolidation of the butter makers of Albany in the interest of more business here, \$200,000 a year going out of the county that should come here. Stewart, Hewitt and Schmitt were appointed a committee to confer with the companies.

By request of Kit Carson of the S. P. Frederick W. Prince will present some California views, under the auspices of the Club, on Monday the 21st, a free affair.

A fire limit for Lyon street was suggested, and it was considered a matter for the council to settle.

or Pavement.

Pete Rustner, the accomplished house mover, this morning began moving the old house on North Ellsworth street, and to do so drove a spike in the new pavement. The councilmen heard of it, and there was something doing in a live manner, but the hole was made, and it will be difficult to get damages for it, as it was not malicious.

Albany people hardly appreciate that there is being gradually developed here a furniture factory that promises to be one of the largest institutions in the valley. They should go out and see what is being done at the Union Furniture factory, and keep in touch with our home institutions. About twenty men are kept busy meeting the demand, and all kinds of furniture is made in wholesale lots, two hundred dressers, three hundred kitchen cabinets, at a time, fourteen different styles of the former and a number of the latter, parlor stands, tables, office desks, in fact everything in the market, in modern shapes.

The company has been adding new machinery, and is now building the best dry kiln in this part of the valley, one with a capacity of 5,000 feet daily. The Sandstrom Brothers know their business and are proving a splendid acquisition to Albany's commercial interests.
