DR. HILL

Is Home From His Mexican Trip.

Dr. Hill returned on last night's train from Mexico, where he spent almost two months. He gives most glowing accounts of the mine in which Albany people are the principal owners. He predicts unbounded wealth will come to the owners in course of time and advises all who are interested in the result to await with patience the action of those who are doing the work. The work is going on night and day and the universal decision of competent persons is that phenomenal riches are not far distant in the tunnel now in operation.

The doctor returns more elated with the Willamette Valley's future than ever, with Albany as the city of cities for a home. The beauty and fertility of Salio valley in Mexico only needs decent handling by a proper class of people to make it second to none. Denver is pronounced the nicest city he saw but the climate is against it.

THIS MORNING

News From Albany's Six Early Trains.

A man and wife, the mother of one of them, and six small children, formed a group of newcomers, who had arrived on the early train, and there were others.

The U. O. base ball team passed through to play some one somewhere, a fine looking lot of fellows, well put up.

Mr. and Mrs. H. Y. Kirkpatrick, of Lebanon, went to Corvallis to attend the session of the presbytery. Mr. Kirkpatrick has been superintendent of the S. S. of his church at Lebanon for a good many years.

C. H. Burggraf left with his architects case on a trip to Baker City, to be gone several days.

Rev. Baker came down from Lebanon.

Fifteen Years Old.

A red letter event with the Woodmen of the World will be the celebration of the fifteenth anniversary at the A. O. U. W. hall on Friday night. The committee in charge will be W. A. Eastburn, L. Viereck, J. V. Pipe and J. A. McChesney. Mr. Van Winkle, now in the east, was also a member of the committee. A good many from other places are expected. A banquet will be served, in which the families of the members will take a part with the members. A feature will be the team work of the Salem W. O. W.

Cream Puffs, Lady fingers, macca rooms and coconut kisses are hard to make. Better let George do it.

MEETING OF COM. CLUB.

Present—President Davis, Manager Struble, Vice President McCune, Treasurer Bain, Directors Cameron, French, Veal, Lee, Stewart, Rawlings, Bowersox, Ellis, Nutting.

C. G. Rawlings was appointed a committee to be at the hearing of the railroad Commissioners at Salem on April 28. Albany and other valley people having grievances of any kind in reference to rates are requested to report them to him.

The letter of Senator Bourne in reference to the federal building, heretofore referred to by the Democrat, was read, and Albany will wait.

The committee on investigation of the standing of the piano factory people made an unfavorable report.

On account of the open river meeting tomorrow the booster meeting was set for Friday, April 22, a week later.

The matter of the improvement of the west end of Third street was referred to the Chautauqua committee.

The army was discussed and it was thought that it should be known that it is properly heated and lighted, and a committee was ordered appointed. Some think the front should be on Lyon street. The entrance to the big hall is on that street, and it is said the main entrance was placed on Fourth street on account of the necessity of the hall having the full length of the building, being 129.6 feet long.

DEPOT PARK.

Mr. Chace, the landscape artist has completed his plans for the depot park, and will meet with the Ladies Auxiliary tomorrow at 9:30 o'clock for a conference in reference to the much-talked about improvement. They have not yet been seen here, but are said to show a very attractive place when the improvement is completed. The layout to start with is a good one. Mr. Chace had charge of the Eugene depot park, and it is the admiration of all who see it.

Work ought to begin at once before the dry season, so as to give the grass a chance to get started.

Some people have become very impatient about this park, but such things take time, and as well money. The Ladies Auxiliary have been doing a splendid work in getting ready for the improvement.

Base Ball.

In the report of the game between the Methodists and College the score of Prof. Flo of the College was incorrectly given throughout. It should have been: 3 times at bat, 2 runs, 1 hit, 3 put outs, 3 assists and 4 errors.

The game this evening will be between the Phi Alpha Pils and the P. O. Bankers and promises to be a good one, judging from the former games of the Clubs. 4:30 o'clock is the hour, and an effort will be made to have it begin on time.

Council Tonight.

The city council will hold its regular meeting tonight at 7:30. Important matters are the Oregon Electric franchise, in the interest of which Geo. F. Nevins, traffic manager, G. W. McDowell and Harrison Allen, are in the city, and several paving ordinances.

Passion Play represented by moving pictures, and presented by J. B. Holmes, former pastor, at the Christian church tonight. Admission 15 and 25 cents. The equipment used by Mr. Holmes is the best that can be obtained. You should see this series of pictures.

WANTED.—Three nicely furnished clean rooms on first floor, for house-keeping, by a professional man and his wife, in private and cultured neighborhood, or furnished cottage in good neighborhood. Mrs. Alonzo C. Smith, 690 E. Burnside, Portland.
