It is time this kind of business was

This appears in an Albany booster circular: "Albany has no saloons. Linn and Benton counties are dry." That is one of the best boosters Albany nas. It is a good advertisement. The people who have been coming here because Albany is dry, are the kind we want. Those who leave because it is dry are the kind we don't want.

If you have ever esten corn beef, had our corns pared, eaten chicken or had chicken pox, eaten pork or seen a blind pig, winked at an old muid, or made a wry face, threw a stone at a cat or been in any kind of a catastrophe, turned your cuff, or cuffed your boy, in fact anything or nothing, get it ready, the census taker is coming.

Don't let the consus taker miss any one. We, at least, want all that is coming our way. With our contracted limits the city of Albany will have to hustle to make a showing in keeping with figures given.

A SUCCESSFUL MINISTER.

Portland, April 18.—Rev. J. W. McDougall, for several years pastor of the M. E. church of Albany and for the past three years in charge of the Mount Tabor Methodist church in Portland, has made a record since coming here that will be especially pleasing to the members of his old charge at Albany and to his many friends in that city. The dedication of the beautiful new church building, constructed by Mr. McDougall at a cost of \$16,000, took place on Sunday, April 10, and at that time the entire church debt was wiped out and \$1500 more money raised than enough to pay the amount back on the new building and its furnishings. It was a great triumph for Mr. McDougall and his wife, and is the talk in church circles in this city.

A few nights later when Mr. and Mrs. McDougall had been invited out to tea, the members of the church filled the new building and at 8 o'clock, when the pastor and his wife came home, they found a surprise party awaiting them in the church. Mr. McDougall was seized upon and taken to the platform where the chairman of the board of trustees, on behalf of the official board, presented the pastor with a large and beautiful silver loving cup, suitably engraved, showing the appreciation of the congregation for his efforts toward giving them the splendid new church building, the erection of which was largely due to his untiring efforts and his ability as a manager. The pastor was completely taken by surprise and, though generally a ready speaker, this was one of one when he had nothing to say. I thim several minutes to collect himself sufficiently to make a shitable response to the magnificient gift.

The congregation, happy in its new home, spent a most enjoyable evening

The congregation, happy in its new home, spent a most enjoyable evening in the sanctuary with their beloved pastor and his wife and the affair was made one of the most pleasant in the life of Mr. and Mrs. McDougall.

Smith Got Scott.

Sheriff Smith refurned this morning in the 4:18 train from Union, with It. S. Scott, wanted at Brownsville on the charge of obtaining money under faise pretenses. According to the story Scott was running a moving picture show at Brownsville, when he sold out to Misses Susie and Gertie Martin. It was afterwards learned that he did not own all of the property, hence the complaint and arrest. Scott claims that he went with another girl, and that one of the Martin girls wanted him, which he declares the cause of the trouble. It will be tried out before the Brownsville justice tomorrow. vide justice tomorrow.

Scio to Have a Railroad

Articles were filed today incorporating the Scio-Lacomb R R., to run from Munkers, on the Corvallis and Eastern to Scio and thence into Jordan Valley. The capital stock is \$50,000 and A. G. Prill, E. C. Perry and Chas. Wesely are Prill, E. C. Peery and Chas. Wesely are the incorporators. Part of the money for building the road from Yunkers to Scio has been raised and the rest will be secured. It is proposed to have a train rouning on the road by the time of the county fair.

The Grange County.

Calapsoia Grange of Brownsville closed its charter ist with 47 names, Peoria grange with 58 a total of 105.

One more grange is to be organized before May 1, perhaps at Mountain Home. This will make Limitse banner county in number of granges and probably in number of members.

SALBM, April 20.—Unless reconsideration is made by congress of the bill introduced by the interstable commerce commission, tending to strike out the provision which practically creates the interstate railroad commission, every commission in every state of the union will be abolished, according to a communication received by the Oregon-commission today from the general chairman, L. B. Mills, of committee on legislation. Sames, April 20.- Unless reconside

legislation.
The provision sought to be struck out of the act is to the effect that the act of the act is to the effect that the act does not abily to transportation of passengers and freight, and the general supervision of mitrocks within one state, or to receive or deliver and storage interestate. Mike informs the Oregon commission that it is clearly an attempt on the part of congress to assume jurisdistion of all commerce both state and interstate.
