(MONDAY.)
THE COLLEGE.

The Baccalaureate is a Good One.
The commencement of the conservatory at the Presbyterian church Saturday evening was an entertaining one, and spoke for the good work of the department of the college. The graduation numbers were presented by Mr. Victor Yates, Miss Star Thomas and Miss Margaret Boyles in vocal selections, showing some good voices, and Miss Vera Taylor on the piano, displaying a good touch and excellent expression.

The baccalaureate of President Crooks, who arrived home from the east Saturday night, was a particularly strong effort. The subject was reading. This is a reading age. \$142,000,000 was spent on higher education last year in the U. S., which is seventh in literacy. There are now great themes up for study and consideration: conservation not only of our forests, but of human life, character and health; insurgents, which means independence, the product of the Christian college, and the so-called muck-raker; Sabbath observance, now running into amusement, education, commerce, industrial relations, politics, etc.

This afternoon the President's reception was taking place at Tremont Hall.
At 6:30 this evening will be the class exercises, worth attending, the program arranged being a particularly attractive one.

A New Pastor.
Rev. L. S. Mochel, pastor of the Presbyterian church at Woodburn for three or four years, has been called to the pastorate of the Grace Presbyterian church, Main street, and will preach next Sunday morning and evening. He comes well recommended as a man of sterling worth. He has a wife and son.

The Dog Poisoner Around.
The miserable dog poisoner is around again and the valuable bird dog is the one getting it in the throat. A number have died in the third ward, one belonging to Geo. Warner. A chunk of meat covered with strychnine was found in the yard, thrown out to the animal.

A Big Thing at Dreamland.

Among those going to Corvallis this noon for the big O. A. C. doings were President and Mrs. J. K. Weatherford, W. H. Holman and W. F. Holman, O. A. C. graduates, and Mrs. Robert Conn.
Eugene Guard:—Miss Hazel Johnson left on the north bound train for Albany where she will visit friends over Sunday. She was accompanied by Master Thornton Douglas, who will spend the summer's vacation with relatives in Albany.
George S. Gouley, a former Albany young man, brother of Mrs. E. E. Cummings, and Miss Gertrude Palmer, of Cottage Grove a Eugene teacher were married yesterday at Eugene, where Mr. Gouley is running an electric machine.

Speaking of the Man on the Box performance the Gazette-Times says: R. P. Landis, as Count Karloff, negotiating with Annesley for the maps and his daughter's hand, had an unluckily part but did his work creditably. The Count had the misfortune to lose his moustache at a very critical time and this created a tremendous laugh, but Landis was not fazed and continued without a break.

DEATH OF J. W. CUSICK.

J. W. Cusick, the banker, died at 11 o'clock today, from the effects of a recent accident, at the age of 75 years, ending a long and eventful career. He was a man of strict integrity, faithful to all the trusts imposed in him, a good husband, father and citizen.

He was born in 1835 in Adams county, Ill., and came to Oregon with his father Solomon Cusick in 1853, settling in the forks of the Santiam. He worked in Salem, then engaged in the stock business. Cowan for four years, retiring for three years, in 1893 establishing the present banking house of J. W. Cusick & Co. in the present building erected for the purpose, continuing in the same until his death. He was prominent in public affairs and politics, a life-long republican.

He was a member of the Knights Templars, A. F. & A. M. and Odd Fellows.
He leaves a wife and three sons E. D., C. H. and H. B. all interested in the bank.

News From Albany's Six Early Trains.

Base Ball.
A close and exciting game of base ball was played at Halsey Saturday afternoon, resulting in the first defeat of the season for the Halsey club by a score of 9 to 8 in favor of the Albany Cubs. George Dooley and Tom Stevens pitched good ball for Albany and Bond was strong for Halsey. The Cubs are a good aggregation of amateur base ball players who go into the game for the sport.
At Lebanon yesterday the Cubs won another decisive victory, defeating the Lebanons 10 to 1.
Yesterday afternoon before a large audience the Albanians defeated the strong Mt. Angel club 3 to 1, their second defeat this season. It was one of the most exciting contests of the season. Mt. Angel did the first scoring, and the game was 1 to 0 for four innings, when Albany evened it up, and it was a tie until the sixth when two runs made the score as it was at the end. Two fly catches by Bilyeu in center were sensations. Saulsberry pitched his strongest game in old league style for Albany, and Mt. Angel's battery, old Kansas league men, was a good one. Corvallis and Albany worked like brothers together.

THOSE COLONIZERS

Reach Albany from Ontario, by Auto.

A distinguished automobile party arrived in Albany yesterday afternoon and after a short stay left for Portland. It consisted of W. P. Davidson president of the Oregon and Western Colonization Co., the St. Paul corporation that recently bought the immense holdings of the Willamette Valley and Cascade Mountain Wagon Road Co., 800,000 acres in all, paying at least \$12,000,000. C. L. Mosher, the publicity man, F. S. Reider of Portland, who has been with the old company for a good many years; E. M. Robertson of St. Paul, and E. Marvin of Boise. They were weather beaten and the auto showed the effects of the long ride of 1100 or 1200 miles, including some side trips, made in a little over three weeks. The Democrat man had the pleasure of a talk with the publicity man who was quite enthusiastic over the proposition. He said it was a purely business affair, having nothing whatever to do with Hill and his plans. The land is for sale and will be disposed of as fast as possible. Already sales have been made in the Crooked river county at \$35 to \$200 an acre, and any of it can be bought.
The plan is to colonize the property and a big campaign will be carried on. Of course the object being the sale of the land at an immense profit, millions of dollars for the company.

Vote of Thanks.

The Comrades of McPherson Post No. 5 G. A. R., take this method of expressing their thanks to S. G. Simons of the Linn & Benton Real Estate Co., Dr. W. H. Davis, Dr. M. H. Ellis, Wm. Barrett, John M. Ralston, John H. Simpson and J. A. Howard who so generously offered their services and the use of their autos on Decoration day, and made it possible for those comrades unable to march, to take part in the services at the cemetery.
The civil war ended 45 years ago and the old soldier then looked upon as a hero, is now practically forgotten. But a few short years ago there will be no need of conveyances to the cemeteries, for the old soldiers will all be permanently located there.
That these gentlemen remembering that we are all old, and some of us decrepit, enabled some to participate in these services perhaps for the last time, touches the hearts of the comrades and revives their almost extinguished faith in their country's appreciation of their past services.
We again express our sincere thanks to Edward Washburn, Quartermaster.

Grapes of Gold.

H. V. Adams will deliver his great lecture "Grapes of Gold" at the Albany Chautauque assembly, and it will be one of the brightest and best entertainments ever given in the local course. There is something about Adams so different from any other lecturer upon the platform, and something about his lectures so breezy and entertaining, that it is safe to say that his coming to this community will be an event not soon forgotten. A Michigan paper says: "The lecture by H. V. Adams on 'Grapes of Gold' in Central Hall was one of the grandest lectures to which we have ever had the pleasure of listening. The audience in Central Hall paid rapt attention to every word and thought uttered by him Wednesday night. Not one dissenting voice have we heard on the lecture. He discussed the power of suggestion for health, happiness and good. His every word was truth and the illustrations brought to bear upon each point clinched the truth of the argument. His stories were short, sharp and right to the point, illustrating the every shade of meaning he wished to convey."

Linn Co. Coal.

Stayton Mail.—
Coal in paying quantities underlies an area of approximately 538 miles, in the Linn county side of the Santiam river, and forms another natural resource of Stayton which may some day be of inestimable value. The discovery was made this week by Pat Lambert.
While 30 feet beneath the surface, one mile south of Kiphart's bluff, Mr. Lambert found a fine quality of soft coal in a cropping similar to the outcropping at Kiphart's bluff and in the cave at Kingston. When the matter was reported here, A. L. Shreve and others, figured it out that all of these croppings of bituminous coal form one and the same vein, which covers an estimated area of 40 to 45 square miles.

A Proposed Credit System.

Prof. L. R. Alderman has begun a move for the establishment of a credit system for home industry by pupils of the public schools, under which they will receive credit for such things as sewing, ironing, carpentry, plowing, gardening, managing a team, etc.
The move will unite the school work and the home, promoting habits of industry, helping to build up the home, and as well making better students.
Prof. Alderman gives some sound arguments for the movement that are bound to attract attention and command respect.

London in Lane.

The Calapooya Springs Co., who now own the London Springs, have just finished many new improvements, adding materially to the springs, needed for the accommodation of the large crowds expected. Large quantities of the water and salts are being marketed, both far superior to anything of the kind on the market, and the demand is rapidly increasing. Preparations are being made for a celebration of the 4th of July at the Springs, a good place to celebrate.

INTERURBAN PROSPECTS.

Securing rights of way for the Albany Interurban road continue with good success. Everywhere the proposition is met with great favor through the county, meaning much for the section that secures the road. Some people are skeptical about it, but the Democrat is reliably informed is a business proposition that is going to be pushed through to completion, with plenty of eastern backing for the work. It is one of the best things for Albany that has been promoted and deserves encouragement.
Instead of stopping only at stations the interurban will stop anywhere a passenger wishes to board the trolley car, a feature that will be immensely appreciated.

A June Festival.

The Civic Improvement Club have begun arrangements for a June Festival, which promises to be an event. The 22nd has been selected for the festival, one that promises to attract attention. A program is being formulated and will be given later, to consist of numerous attractions, an illuminated garden and decorated automobile parade being among them.
The funds will go towards the park fund, which Albany people always take pleasure in boosting.

THURSDAY.

A TIN WEDDING

The tenth wedding anniversary of Alfred C. and Ora Flinn Schmitt was remembered last night in a reception at their beautiful home, in which a large number joined in an expression of best wishes and renewed congratulations. The spacious rooms of the Schmitt residence were packed for two or three hours, amidst tasty decorations. The many friends of the happy couple were warmly received, a spirit of welcome and good will prevailing. Soft music was furnished during the evening by the Albany orchestra. The display of gowns was complimentary to the taste of Albany women, metropolitan in its character.
Refreshments were served on the second floor by bright young girls, a delicious affair, with favors of tin hearts hung by delicate ribbons in keeping with the occasion.
It was one of the most elaborate affairs Albany people have enjoyed. Mr. and Mrs. Schmitt will have the best wishes of Albany people generally for a silver wedding, eventually followed by the days of gold.

Headquarter Tents.

Plans are being made by the G. A. R., W. C. T. U. Patrons of Husbandry, I. O. O. F., Artizans, District Epworth League, and other organizations for the maintenance of headquarters tents at the Chautauque in which the distinctive features of the organizations will be emphasized, and where the members and friends will have an opportunity to exchange greetings and enjoy the restful surroundings.
The Chautauque management has adopted the policy of hearty co-operation with the plans of the various societies, and will give free space for tents, and render every assistance in their power for all comers.

THE COLLEGE.

The President's reception took place at Tremont Hall during yesterday afternoon enjoyed by a large number, a pleasant event, in which our people may find informally.

The first class day exercise for eleven or twelve years was held on the campus at 6:30 conducted by the graduates of the different departments, all taking part.
Miss Rhoda Stallaker presented the key of knowledge to the juniors, represented by Miss Buena Bicknell in an oration full of splendid thoughts.

Mr. Sox in Illinois.

From the Sterling Evening Gazette: Old Time Pupils' Meeting. Forty of the Old Pupils of Ed Sox, Now of the Far West, Gave Him Pleasant Evening—Taught in 1874.
Nearly forty men and women gathered at the home of Mr. and Mrs. Louis Sox last evening to meet Mr. Sox's brother Ed who is here from the far northwest. Nearly all those present were those who went to school to him as teacher at the Science Ridge school. They were his pupils thirty-six years ago. This is a long while ago, yet about all of those present last night were his pupils. It was a delightful gathering and the evening was spent in recounting the petty scrapes they got into nearly two score years ago. They all were glad to take the hand of their former teacher and none enjoyed it more than did Mr. Sox. A fine luncheon was served during the evening.
