THURSDAY ALBANY'S 4TH.

A rousing Fourth of July celebration will be held in Albany this year. The committee on funds has been busy during the last two weeks raising money to make the celebration the best one ever held in Albany. All the neighboring towns who are not going to celebrate at home are invited to celebrate the Fourth in Albany. The program will include many entertaining free attractions, such as a grand display of fireworks, music by several brass bands, oratory by prominent speakers, base ball, races, sports of all kinds, balloon ascension, and other events yet to be arranged.

Met in North Albany.

The members of the Missionary Society of the U. P. church yesterday had their annual pilgrimage across the river to the home of Mrs. J. G. Gibson on the hill, always a red letter event, long looked forward to. The place is a beautiful one, offering surroundings for a delightful session. Nearly one hundred were present, several men joining the ladies and children at the feast hour, when a sumptuous repast of good things were served. In the afternoon a program was rendered with Mrs. Henrietta Brown as sponsor. Mrs. W. H. Marvin conducted the devotional, Mrs. McCullough read the paper of the day and Mrs. Nutting was heard in a solo.

The Commercial.

The program for the commencement of the commercial department of the college, at the Presbyterian church, beginning at 8:15 tomorrow night is good one: A sextet will sing Gypsy Life, C. C. Chapman of Portland will give the address on personality on paper. Miss Mackley will sing Love Waltzes, Prof. F. W. will present the class, President Crooks award the diplomas, and the sextet will sing.

Beard's Pictures

The picture in the Democrat Tuesday by young Beard, representing the demand for the protection of the forests, displayed a talent that is up with the best work in the big metropolitan papers. Besides the Rose Maiden the program will contain two very fine extra numbers. Miss Emma Sox will furnish a piano concerto that will alone repay richly anyone for all the trouble of attending. If the latter should win it would make a tie, and require another game, but if the Merchants win it will end the contest, with the silver cup in their hands. It will begin at 5 o'clock sharp, and will be well seeing.

Albany and Mt. Angel.

The Albany League team strengthened by some O. A. C. players will play Mt. Angel College at Rambler Park Sunday June 12. Mt. C. team as they started on their annual trip this spring. Albany will have the strongest team for this game they have had together this year and one of the best games of the season will be watched by a large crowd of hungry fans. At least 150 people are expected from Corvallis and a number from Lebanon, Scio and Jefferson will make this the largest crowd of the season. The game will be called at 3 p. m. Admission 25c.

Is There an Epidemic.

People declare there is an epidemic of scarlet fever and diphtheria in Portland. Just what the true condition of affairs is it is impossible to tell, for the Oregonian and other Portland papers do not say a word. It is said the situation is so serious the doctors hold a consultation daily and that there is a wide quarantine. On account of the rose fair the papers say nothing. At least one case has been brought to Albany. These things are so often exaggerated it is difficult to learn the exact facts, or to know for certain whether the reports are true. The public has a right to know.

The Lebanon-Crabtree Road.

The Lebanon-Crabtree road is nearly completed and it is said trains will be running over it within a week, when a change of time may be looked for. An engine was run over the new bridge yesterday. Under the new arrangements it is said the Springfield train will run through to Woodburn, transferring at Tallman to Albany. The gasoline motor will continue to run between Albany and Springfield. The present arrangement for reaching Portland many think is more popular than will be the new route.

PASTOR 6 YEARS.

Today completes the sixth year of the pastorate of the Rev. S. A. Douglas at this place. He preached his first sermon as pastor of the Baptist church, June 12, 1904. The membership of the church then numbered 154. Since that date he has welcomed into the fellowship of the church 240 members. Of these 118 have been received and baptized on profession of faith, 90 on letters from other Baptist churches and 32 on relation of their christian experience. During the time letters of dismission have been granted to 88, to unite with other Baptist churches and 12 have died, leaving a net increase in membership of 140, thus almost doubling the membership. His pastorate has also marked the erection of the present fine church building which enables the members to handle the increased work of the church to such better advantage. The Baptist church was organized with 10 members in 1867, and from its organization until 1904 there had been welcomed into the church 698, 554 of whom had removed to other fields or dropped out from one cause or another. The work has taken on immense strides during the past six years, with bright prospects ahead for the next six years.

The Albany College Conservatory of Music annual commencement occurs tomorrow night at the First Presbyterian church. It is a musical event that should crowd the church to its fullest capacity. Watch for fuller particulars tomorrow.

Mission Services.

The services at the Catholic church this week are attracting good congregations and are proving of great interest to all who attend. He will speak tonight on the Tragedy of Calvary and will preach also at the early 6 o'clock service and again at 8 o'clock Saturday, closing his work on Sunday.

Eugene is to have a race meet June 30, with some fast races, in which the Bailey stables of this city will be represented. Arrangements are also being made for a small 4th of July celebration with an oration by O. R. Coshaw of Roseburg and the sweep of the county.

A LONG AUTO TRIP.

Joseph H. Ralston, the electrician, and Chas. H. Stewart, his brother-in-law, of the First National Bank, returned last night from a long automobile trip of a very interesting character, made unostentatiously, without any newspaper notoriety.

They rode to Portland, shipped by boat to The Dalles, and then cruised leisurely down the line of the new Oregon Trunk line past eight thousand busy railroad builders, into Bend, with grand prospects ahead, and further on into Klamath returning along the foot hills to the famous Lebanon and Cascade wagon road, recently acquired by some eastern capitalists, said to be in the interest of Hill, coming home over the Cascades. While at Bend they were in a dust storm that would make the average Willamette Valley man think his time had come for something worse than Halley's tail.

This valley seems great after their trip, a garden spot in the world. The little Buick stood the trip in fine shape.

Scio.

The News: Hon. J. K. Weatherford and Mr. Bailey, of Albany, were Scio visitors last Sunday. While here they inspected our condenser.

Mrs. Mary F. Syoboda, of east of Scio, was the victim of a fall, on Thursday of last week which, a few hours later, resulted in her death. Doctors Browne, of Scio and Ellis of Albany, were called, but could do nothing to prevent the fatal result.

John Ray, a former pioneer resident of Scio, aged about 76 years, died at a hospital in Portland, last Sunday morning. He was on his way from Prineville, where he had resided for five or six years, to his old home near this city. While in Portland, he met with an accident, the particulars of which no one seemed to know, by which one of his legs were broken.

A Wild Hog.

Harrisburg has a hog that can give the other valley hogs pointers. Yesterday B. S. Norwood, a stock man was loading a car with hogs, when this particular hog showed that he was game and attacked Mr. Norwood, knocking him down and fastening his teeth in one of his hands. A hired man tried to assist, when the hog turned on him and drove him from the field. The animal had to be shot. A warning to all kinds of hogs.

A big man who passed through Albany in an automobile on the way from Mexico to New York by way of Seattle, was G. D. Cooper, of Siegel & Cooper, New York, accompanied by his wife and Mrs. Griffith and son of Seattle. The car was a 1910 Cadillac. They expect to be in New York within a month. Mr. Cooper, a big man in trade is a small man physically.

Some Good Stone.

W. L. Cobb, residing in North Albany, has opened a stone quarry at his place that promises to meet a want for first-class stone. Some samples shown in the city indicate a superior quality, both for use in roads and for dressing for building purposes. The quarry lays well for getting out the product of it.
