## LOST AN EYE

A Piece of Glass Causes Trouble for Oscar Marshall.

Oscar Marshall met with a serious accident this week while working with the Miller threshing crew. He had charge of the engine, when the water glass in some way burst, the glass flying into his face, some of it being imbedded in one of his eyes. An examination showed the eye sight destroyed in it, and it was thought best to have him go to Portland for special care under Dr. Brown, and he went last evening. Mrs. Marshall and his sister, Mrs. F. M. Powell going this morning to be with him. An operation was to be performed to-day, for the removal of the eye, the indications being impossible to save it, and also necessary for the protection of the other eye.

### In New Homes.

J. S. Rankin and family have just moved into their new residence at 940 E. 4th, a fine place, in a rapidly growing section of the city.  
Mrs. J. H. Upham, who recently sold her Water street property, in which she resided for about forty years, is now in her new cottage at Second and Geary street, a pretty place, well finished and conveniently located. Her son Ed. resides in the same neighborhood.

### Big Insurgent Victory.

At the primaries in California yesterday the regulars were defeated by such emphatic majorities as to leave no doubt of the sentiment of the people. The insurgents swept things, a result that means a good deal for the future of politics. There will be an awakening in Oregon soon.  
Hiram Johnson was nominated for governor.

Fred Ficklin is now manager of the street railway.

H. T. Wentworth left for Ashland this afternoon.

Mr. Plunkett, a Siodgett merchant, has been in the city today.

Mrs. A. W. Bowersox returned this noon from Wheatland.

Nine goats were recently killed by the cars on the way to the Bay.

Among those going to the Bay this afternoon were Maurice Bigbee and Roy Nutting.

D. Bussard and family have returned from their long summer's outing at Newport.

Mrs. E. L. Jones left this afternoon for a month's visit with her folks at Glendale.

Hon. R. A. Miller, of Portland, a democratic war horse, went to the Bay this afternoon.

Miss Kate Stewart last evening entertained a number of her girl friends in an enjoyable social session.

The gain in population so far in the U. S., is 29.7 per cent, which if kept up will mean a total population of 93,600,000.

Bicycle riders should always be careful. One yesterday knocked an old gentleman down. As he couldn't be identified nothing could be done.

Born on August 16 to Mr. and Mrs. Will Christy, a boy, which gives Mr. Frank Hackleman his first experience as a grandfather. All doing well.

Mr. and Mrs. C. F. Reed, of Portland, arrived this noon on their way to the mountains beyond Roseburg for an outing. They stopped off for a visit at the home of the father of the latter, Mr. Henry Stewart.

Billy Toner, the veteran express messenger on the C. & E. tells an interesting story about how a band of goats ate everything up in camp but some soap. They drew the line at soap and refused to eat it after taking one nibble.

A splendid historical moving picture is that of the Martyrdom of Thomas Becket, under Henry II, shown at the Empire. The scenes are presented on grounds famous in English history by some very competent actors, a story of thrilling interest.

C. C. Chapman, the popular manager of the Portland booster club, is on his bridal trip up through the state as far south as Ashland and Medford. Incidentally he is giving some talks before commercial clubs; but it is a genuine honeymoon affair just the same.

W. C. Powell, of London Springs, Lane county, was in the city today on his way to Yamhill county. He is a relative of the townells of near this city, and formerly resided in this county. This was his first trip here for twelve years and he hardly recognized the city.

See R. I. Lobaugh and get a Saturday Evening Post this week. The stories are good ones. Three Pirates of Penzance. The Line of Least Resistance, etc. There are fine articles on The Home Life of Grant and The Woman Shupper, and Who's Who as ever is full of snap.

## HOME FROM CAMP

G. Co. arrived home from American Lake last night at 9:15 o'clock on a second section of No. 17. They all reported a splendid experience, probably the best given any body of soldiers at a Northwest encampment. The sham battles were immensely enjoyed, the long hikes offering an experience to be remembered. Capt. Hammett speaks well of the showing of the Albany boys, some of them entirely inexperienced in military tactics. Not a man was sent to the guard house and not one was ill during the encampment. The company was particularly fortunate in having H. J. Moore as head cook, a fact that materially helped them in keeping in condition.

The boys didn't know anything about that condensed food experiment. It was like a good many other things, simply a newspaper affair, being given no practical test at all. The Albany boys did not take any of the stuff.

While at American Lake most of the members of the Company got off for a Tacoma and Seattle trip and went up and saw what was going on along the Sound.

It is said this will be the last encampment at American Lake on account of speculators.

The latter to Prineville on a visit with his folks. Both were born here, and last evening took an auto ride out to the McFarland farm on the Tangent road, where Mr. McFarland made his appearance in life. The McFarlands sold the place for \$32.50 an acre. A few weeks ago it sold for \$125 an acre. Mr. McGhee once had the distinction of being a devil in the Democrat office, now a Hanford merchant.

## NEW ENTERPRISE FOR ALBANY.

A new enterprise which deals with the musical upbuilding of Albany and the surrounding country was launched to-day, when the well known and popular merchants, Woodworth Drug Co., were appointed factory distributors for the Willamette Valley by the S. W. Miller Piano Co. of Sheboygan, Wisconsin.

It has been expected for some time that the S. W. Miller Factory, which manufactures a high grade piano, that ranks with the very best, was about to establish a distributing agency to take care of their fast growing business in Western Oregon and the fact that Albany was chosen, the city affording the best advantages situated as it is in the heart of one of the most noted educational and agricultural districts in the entire West, is a compliment to this city.

The Woodworth Drug Co. has conducted a department drug store for a number of years and needs no introduction to the readers of this paper, the same high standard of fair and square dealing that has always been a feature of this store will, of course, be applied to their new piano department. Mr. Woodworth is to be congratulated on securing this valuable agency, as the S. W. Miller is a piano much prized by accomplished musicians, consisting as it does of an exceptionally sweet tone, fine scale and pleasant durable action.

The first large shipment of pianos and piano players arrived today and will be on exhibition at the Woodworth Drug Co., 122-124 W. 1st St. where all interested are kindly invited to call and examine.

### Topsy Tervy.

Topsy Tervy a fine big musical comedy will be presented next Monday night August 23d at the Albany Grand Opera House by the B. P. O. Elks of Salem, under the auspices of the Albany Elks' Club.

This popular musical melange is produced by Salem's best amateur talent under direction of Mr. Don Clark the well known actor and musical director. In every feature the show eclipses any local talent performance ever put on the boards.

The openings and ensembles are class and up to date. Intricate and novel effects introduced throughout the show puts this amateur production on a par with some of the best professional companies. The action of the play takes place on the college grounds and the production deals principally with the career of a college student, his fast and furious time and the poor old Dad who foots the bills.

One of the features of this catchy musical cocktail is the pony ballet, composed of fifteen or sixteen of Salem's nimble and comely dancers with which everybody will be delighted. Salem's popular songster Mrs. W. Carlton Smith will sing several delightful songs, among them will be "My New Motor Boat," in which some spectacular features in the way of scenic effects will be introduced, that makes the song especially pleasing.

Salem Lodge of Elks have attained an enviable reputation in the past few years for the high class shows produced by its amateur talent, Topsy Tervy will be produced in an open air show at Salem for two nights.

Reserved seats at Woodworths Drug Store. Sale commences Saturday morning.

### A Prisoner Broke Out of the Scio Jail.

Biley captured near that city Frank Riggins wanted in Yamhill county for burglary, and placed him in the city jail to keep over night, intending to bring him to Albany this morning and place him in the county jail until the Yamhill authorities called for him. During the night he succeeded in prying the door off and escaping. No clue has been secured to him yet.

### FRIDAY.

### A Wireless Romance at Dreamland.

The program at Dreamland for Friday and Saturday, is another all feature one. A Wireless Romance is a strong dramatic subject showing a complete wireless apparatus in actual operation. A charming love story with a happy ending. The Cowboy's Stratagem is a powerful drama of the West. Down With Women is an excellent comedy, full of laughs. Russia. The Caucasus Mountains is a colored scenic film giving a good idea of this barbaric country. When We Were Kids, beautiful slices of childhood days. Miss Edith Neilson will sing the latest song success You'll Never Find Another Love Like Mine.

### A Peculiar Case.

A peculiar case happened before Recorder Redfield this morning. Upon complaint of Mike Johnson Dan Kennedy was arrested by Marshal Junken charged with assault with a beer bottle. When the case was called the complaining witness said Kennedy did not strike him and a case was dismissed where upon the marshal threatened to have John A. who swore to the complaint, arrested for perjury; but nothing has been done yet.

## IN THE MAIL.

A picture and write-up of Miss Olga Steeb, the California girl, who has made a hit as pianist in Europe. It is claimed she was hailed in Berlin as the greatest living pianist. All say she is a musical genius. She is said to possess the rare gift of presenting the whole show without making herself the center of attention as many pianists attempt to do. Upon her return from Europe she will make a Pacific coast tour, which will probably mean that Portland, Eugene and Medford will have her. Why not Albany.

Some copy from the Oakland Commercial Club boosting the highway from ocean to ocean just completed in the Western Pacific railway just built from Salt Lake to Oakland, an extension of the Gould system. Oakland is meeting the situation by putting several million dollars in terminals.

## FIRST OF THE SEASON

Richards & Pringles' Minstrels performed at the opera house last night for the twentieth time in Albany, having been coming here for thirty years or less. The house was packed from cellar to garret. Clarence Powell was on the end again and a fine looking young man with gold teeth in the middle. One fellow told of a new kind of pie, electric, because there were currents in it. Several features were sort of new. The Company gives a laughable performance, and there are some good singers, as there always are among darkies. The female makeups were extra, one particularly striking. The average monologist should take electric pie before performing. Clarence Powell gave a prohibition song and talk, and must have been conferring with Col. Hofer before leaving Salem. The Richards and Pringle darkies act as if they enjoyed it, and most of their audience also do.

### News from Albany's Six Early Trains.

A distinguished party were Judges McBride and Slater and Lawyer W. M. ### Honesty the Best Policy.

An S. W. Miller Piano—means a good piano, as good as skill in assembling together the different high grade parts such as wmountain Spruce for the sound board, Rock Maple for the Pin Block German Imported Wire for the Strings, German Imported Felt for the Hammer and what is most important is the wish of the manufacturer to make the best Piano for the Price asked, and to be obtained in this country.

A call at the store of Woodworth Drug Co. will convince you of the straightforward honesty that has been used in the construction of this Pearl of Pianodom. We are open evenings at Woodworth Drug Co.

### An Age of Cranks.

Salem Statesman:—Salem people returning from Cascadia tell of a chapter of accidents which occurred to Salemites who were in that section the past few days. Miss Maud Durbin, daughter of E. M. Durbin, suffered torn ligaments in her arm while attempting to crank an automobile.

Later T. B. Jones was with a party on his way to the Upper Soda springs when he suffered a similar accident while attempting to crank his machine.
