Dr. Withycombe and Prof. Cordley, of the O. A. C., left for Union, where there will be a session of farmers at the experiment station, for educational purposes, under their direction. Dr. Withycombe remarked that he was not mixing much in politics just now, being too busy with industrial matters.

## Back from the Mts

Phil and Anthony Baltimore returned last evening from a trip to Marion Lake, camping where the sulphur bubbles up from the springs. They conveyed their outfit in with their own bicycle wheeled push carts, their own inventions, nothing like it in the U. S., and had a great time, hunting and fishing, particularly the latter. Not many deer are around, but they got one fine four point buck, that worked up into some very sweet jerk, as the Democrat can testify from a sample tried. Anthony did the killing. He admits that while he beat Phil shooting he can't beat him eating a mountain meal. President Roosevelt himself doesn't enjoy a mountain trip more than the Baltimore boys.

## Cascadia this Year.

J. H. Simpson and family last evening returned from their outing at Cascadia, where they have been several weeks. Cascadia has been a popular resort this year. There have been a large number of campers and the hotel Gelsendorfer has been full right along. When the Oregon Electric runs to Cascadia it promises to become one of the best resorts along the coast.

When You See It in Our Advertisement You Know It Is True.

It is not our policy to conduct a sale every month in the year, and quote prices that we can't deliver. The public don't expect it. It is a well known fact that for 40 years this store has always sold at a modest profit, first-class goods that we can guarantee, and at the smallest possible price.

However, during this Semi-Annual Clearance Sale, the above guaranteed merchandise is yours, and our modest profit thrown in.

Remember the house of quality, and the store that never disappoints.
