(MONDAY.)

ATTEMPT AT SUICIDE.

A stranger last night went to the rooming house at First and Washington streets, and secured a room for the night. During the night a suspicious noise was heard at the place and going to the room Mr. Keiffer, proprietor of the house, found the man on the floor in a big pool of blood. He had cut one of his wrists with a sharp jack knife, but the main artery was missed, intending to end his life. Dr. Davis was sent for and the man was taken to the hospital, where he is being cared for.

Last year's August record was \$1184.53, that of August 1908 was \$962.77. The coming fiscal year promises to see the \$20,000 mark passed.

One of the best new buildings going up in Albany this year is the two apartment house of Frank Wood, near the M. E. church south. Each apartment has eight rooms, modern in their arrangement, well fitted for homes.

SAW THE METEOR.

Portland people saw a meteor yesterday at about 12:30 o'clock a big one traveling fiercely five miles and a few inches from the earth in a direction from north to west. It was sure death wherever it struck.

At least four Albany people saw the meteor, told about by the Oregonian. Jim Conn, at his home in the third ward, and Fred Fortmiller, in a Sabbath school class on the lawn at Rev. Geselbraecht's. He happened to be looking towards the north when a white ball that looked about the size of the head of a sky rocket flashed westward out of sight behind the jail, a few sparks following, covering about 15 degrees. Mr. Fortmiller called the attention of others to it but too late for those near him to see it.

Earl Fisher and Walter Biddle, coming in from the fair ground also saw it, a bright ball of fire, with sparks, two or three feet in diameter, and looking as if it was pretty close, off in the northwest, gone like a flash.

Prof. Franklin, of the college, is making a map of it in the heavens. Instead of five miles high he thinks it was at least fifty. Whether it struck or not, or went down outside of the earth into the ocean, is speculation unless more definite reports are received. The stranger was an interesting fellow, worth following up.

News from Albany's Six Early Trains.

Dr. and Mrs. A. J. Hodges left for Portland where they will spend the week attending the big race meet, live stock show and harvest home fair. They will go to Salem for their annual camp at the state fair. This is the way they take their outing, and it is a good one, with something to see for the showing.

Grown Up Now.

Those who remember the Pollards in years gone by, when as children they delighted audiences with their clever rendering of light opera, will find an added pleasure in seeing some of the adults—"the grown-ups"—the former stars of the big juvenile production, in the best of all comic operas—"The Mikado," which will be given an elaborate revival next week by the National-Pollard Opera company at Albany Wednesday night, and already seats are being called for.

This great work by those famous writers, Sir Arthur Sullivan and W. S. Gilbert, is admitted by the musical world to be a pattern on which all comic operas can be modeled. Certain it is, it has never been excelled in charm, although over twenty years have gone by since its inception.

Reminiscent.

The item in your last Friday's issue regarding a yield of 117 bushels of oats per acre, raised by T. W. Smith, in Scoggins Valley, near Forest Grove interests me very much, for I lived in that valley from the fall of 1889 to the spring of 1893. Then with a partner we took 40 head of cows up on to the Birch Creek in Umatilla Co. and made butter that we sold in the Boise mine for \$1.00 per lb. I think it was the summer of 1891 that some renters of the Norman Martin donation claim in Scoggins Valley, raised on the exceedingly rich bottom land 75 or more bushels of wheat per acre; the biggest yield I have ever seen, or known of in Oregon, that I can remember. It was a tedious job threshing it with the machines then in use for the straw was very long. Our separators now would make short work of it.

CYRUS H. WALKER.

Labor Day.

The banks have been closed to-day. At the Cusick bank the interior is being overhauled preparatory to a decided improvement in keeping with the enlarged surroundings. EUGENE MARRIED.

Doings as Narrated by the Sage Rooster.

Eugene, Sept. 4.—Many new business blocks and residences continue to go up here.

The second span of the P. E. & E. Bridge at Springfield is about completed and the electric cars will soon run into Springfield.

The Rooster secured a tie ticket over the Natron extension recently and found the rails laid nearly to the large bridge eight or ten miles above Natron. The grade passes through some heavy cuts, and considerable trouble is experienced on account of slides, one steam shovel having been covered up twice, and the whole side of the mountain still keeps sliding down upon the track.

The second chapter of the history of the G. O. P. assembly of standpatters and office seekers, was read off in the court house Saturday before a large lot of empty seats and a few candidates, with the streets crowded with men who took no stock in assemblies and will uphold the primary system and statement number one regardless of politics.

Students are beginning to arrive for college and people are returning from their vacations.

The Asset R. R. intends to complete its road to Elmira this fall if the insurgent ticket is elected.

Died at Halsey

Caleb W. Ward died at Halsey last night at the age of 73 years, after an illness of some time, having been feeble for several years. He was an old resident of Halsey, respected and esteemed by all. He was a member of the Christian church. He leaves a wife and the following children: Mrs. William Moore and Mrs. Robert Montgomery of Brownsville, Mrs. May Miller and Mrs. Fannie Rose of Halsey, Mrs. David Froman and Mrs. Hattie Saylor of Albany, George Ward of Black Rock, and Ed. Ward a traveling salesman.

The funeral services will be held at Halsey tomorrow.

Will Return to Work.

A New York dispatch states that eighty thousand cloakmakers are preparing to return to work, having won a complete victory without disorder. The employers have granted the strikers practically everything asked. In the nine weeks of the strike the strikers lost \$1,500,000, and the manufacturers many times that sum.

This has been felt all over the United States. Albany merchants report large orders not filled because of the strike; but have promise now of orders being filled as fast as possible, and those who have placed orders should be patient.

Some Eugene Figures

The commercial club, of Eugene, made a canvass of the business houses in Eugene and found a general increase of business during July and August over the same months of last year, general merchandise 20 to 35 per cent, groceries 20 to 35 per cent, house furnishings 10 to 25 per cent, jewelry 5 to 15 per cent, clothing 15 to 25 per cent, furniture 20 to 30 per cent, shoes 15 to 20 per cent, confectionary even, paint and wall paper even, also harness and saddlery, jobbing business 40 per cent, P. O. receipts 30.9 per cent, travel 25 per cent, hardware 3 to 33 per cent.

Will Close for a Month

The Home Restaurant will close for a month from tomorrow evening at 7:30 o'clock. This is made necessary by the inability of Mr. Leary to secure sufficient help to do the work. A special trip to Portland resulted in a failure to get people for the work, and here about everybody has gone to the hop fields. The Home Restaurant appreciates the large patronage given it.

May Be Judge Bain.

There are two democratic candidates for the two circuit judge offices, Wm. Gallaway, the present popular official and John Bain, of Salem. The Democrats was mistaken in reporting only one. Mr. Bain is highly spoken of as a lawyer, a man of splendid personal character, who can be depended upon if elected.

At Dreamland.

The big feature picture of the Biograph entitled The Call to Arms, drew capacity houses last night at the above theatre. This story causes quite a sensation and surprises everyone by its sensational ending. All the other pictures are good, especially the Russian Cossacks which shows us the newest, does not produce any better rider. The song is well rendered by Miss Neilson.

Dr. Hill has a new curiosity in his museum, a spinning wheel, left there today by W. D. Smith, of Orleans precinct. It came down in the Bryan family, formerly of Tangent, and Mr. Smith bought it at auction for 25c.

Dr. Neville is eighteen miles away from any of the proposed railroads. It claims a splendid future, but if it gets left off all the railroads some other town will get the people. It will be another Jacksonville.

A Woodburn man has found some of the pieces of the meteor that recently was seen sailing towards the west. The meteor looked as if it was only three hundred feet away. An Albany man was looked as if it was only a couple hundred yards off. Must have been a deceiver.

EUGENE MARRIED.

Springer—Courtis.—At the Cathedral last week, Mr. John I. Springer and Miss Clara Courtis were united in marriage. Mr. Springer is president of the Willamette Fuel Co., of Portland, for a number of years travelling passenger agent for the Great Northern, and Miss Courtis was a ward of Father Datin, of Brooks, an accomplished musician, both frequent visitors to Albany, where they have many friends, whose best wishes they will have.

Irakine of Halsey, about 35 relatives and friends were present to witness the ceremony, after which a delicious lunch was served. Both the bride and groom are very popular young people in the neighborhood, and were the recipients of many beautiful and useful gifts, among which was a carpet and rugs, two bed spreads, two table cloths, two water sets, silver tea spoons, berry spoon and cream ladle, tea set, salad set, cut glass pickle dish, and many other articles.

Anti-Assembly Rally.

Portland, Sept. 4.—The anti-assembly rally held Saturday night at the army in Portland was attended by about 3,000 voters. Senator T. B. Kay, of Marion county, presided and gave the opening address. Kay is an anti-assembly candidate for republican nomination for state treasurer. He introduced Senator Dan J. Malarkey who delivered the chief address of the evening.

He dealt with the politics of Oregon as conducted in past years, which brought about the direct primary, whereby the people, instead of the bosses, nominate their candidates for office amid thunderous applause. He declared Theodore Roosevelt to be the greatest living opponent of the assembly.

Mr. Malarkey was followed by Judge Henry E. McGinn, who exposed the inside workings of the recent county and state assemblies held in Portland. He showed the hand of the corporate interests in every move made by those bodies, giving names, dates and places.

He exhibited a list of the men named by the machine for representatives of Multnomah county, which list was prepared at a secret meeting in the Electric building and O. K'd by the Portland Railway Light & Power Co.

The anti-assembly movement is winning out in Portland and will be endorsed by the people Sept. 24.

The question is: Can the machine come back? The impression in Multnomah county is that it cannot.

CAMPAIGN For Oregon's Agricultural Development.

The Portland Commercial Club through its manager, C. C. Chapman, is making a campaign through the state for the development of the agricultural section, necessary in the interest of a greater Oregon.

Mr. Chapman this forenoon met at the Albany Commercial Club rooms in the interest of his work, with the following business men present: Messrs. McCune, in the chair, Ellis, Young, Eagles, Pirtle, Marvin, Holbrook, Taylor, Bain, Hubbert, Sox, Cockerline, Strubbe and the Democrat man.

Mr. Chapman in a short speech outlined the purpose of the work and the need of united action and cooperation with the clubs of the smaller cities through the state, that confusion may be saved and a better work done in placing newcomers seeking farming lands for homes. Detailed information, prices, special needs, etc. are wanted, such as cannot be gotten in the Portland office alone. The campaign is appreciated here and the Albany Club will help in the development proposed.

Dr. Ellis favored a united Willamette Valley campaign, putting the Willamette Valley to the front as an entirety. Mr. Marvin spoke of the need of more small tracts being on the market, most farmers wanting to sell all or none of their farms, instead of part, and others had different suggestions in the interest of better conditions in the valley.

Mr. Chipman went to Eugene.
