FOR THE LEGISLATURE.

No petitions were filed for representatives on the democratic ticket, and it will be necessary for the office to seek the men.

Three splendid men have been mentioned for the important positions, and it is suggested that their names be written on the ballots that the democratic party may have a strong ticket in the field. Others might be named, but these are particularly popular and they will meet with general favor by democratic voters. They are:

F. J. Denney, a prominent pioneer farmer, with a clean record; **Chas. L. Shaw,** of near this city, a representative citizen, who can always be depended upon in the interest of better conditions, and **A. A. Tussing,** the well known Brownsville lawyer, an able man, of exemplary character, who stands for the best there is in politics and morals.

Keep them in your minds on primary day.

REGULAR REPUBLICAN, FLAT SALARY CANDIDATE FOR STATE PRINTER.

Opposed to Present Graft System.

WILLIAM J. CLARKE, Republican Flat Salary Candidate for State Printer.

Annual income of State Printer under present fee system, \$30,000, would pay expenses of any two departments of state.

Printer's income much greater under new law which goes into effect in January, 1911.

Greater than combined salaries of governor, secretary of state, state treasurer, superintendent of public instruction, bank examiner and attorney general.

William J. Clarke, only Republican, flat salary candidate for State Printer, would save \$25,000 to the state annually which now goes into the pocket of the State Printer.

Has had over 30 years' successful experience in the printing and publishing business and a lifelong Republican.

Will the taxpayers vote to rob the state to enrich the individual? State printing office the last relic of the old fee system. (Paid advertisement.)

A Remarkable Apple Tree.

Mr. David E. Junkin, of Oakville, has a remarkable apple tree. It is a seedling and ever-bearing. He informs the Democrat that there is not another tree like it in the U. S. It produces apples every month in the year from June to November straight, new ones every month. Mr. Junkin left a couple of the apples at the Democrat office, showing their splendid quality. At least one was all right. The other was stolen. The Albany Nurseries expect to have some of the trees for their patrons.
