A letter received in Albany by W. M. Parker, and probably by others, all over the U. S., hand written, is a great fake being accepted, and decidedly interesting. Here it is: Madrid, 8-31-10.—Although I know you only from good references of your honesty my sad situation compels me to reveal to you an important affair in which you can procure a modest fortune saving at the same time that of my darling daughter.

Before being imprisoned here I was established as a banker in Russia, as you will see by the enclosed article about me, of many English newspapers which have published my arrest in London.

I beseech you to help me obtain a sum of \$150,000 I have in America, and to come here to raise the seizure of my baggage, paying to the register of the court the expenses of my trial, and recover my portmanteau containing a secret pocket where I have hidden the said sum.

As a reward I will give up to you the third part, viz: 100,000 dollars. I cannot receive your answer in the prison, but you must send a cablegram to a person of my confidence who will deliver it to me.

A waiting your cable to instruct you in all my secret I am, sir, yours truly, Damiold.

First of all answer by cable, not by letter, as follows: L. Eacudero, Luna Feuarto dereha, Madrid Accept. Parker.

Made a Hit.

The Eugene Register says of the Athon Co., to be here next week: Again last night did this company demonstrate their ability to handle heavy plays, for "The Awakening" proved to be one of those productions, with an intense interest that holds the audience almost spellbound.

Robert Athon.

ience almost spellbound, from the rise of the curtain in the first act, to its fall in the last act. To say the Athon company has been a hit in Eugene with their clever production, would be putting it mildly, for anyone who has witnessed their performances, has only words of the highest praise for this clever combination. Their plays are all new, and they handle them in a painstaking manner.

Pinchot Will Speak.

Pueblo, Colo Sept. 15.—Gifford Pinchot, former Forester is to speak at the Pueblo meeting of the National Irrigation Congress Sept. 26-30. Pinchot has announced his title "The Actual Fight." This announcement has caused considerable discussion as to the nature of his address.

Mr. Pinchot's views are well known on conservation, as is his work in the forestry bureau which won from Col. Roosevelt in his Denver conservation speech the following praise: "The Forest Service has enemies because it is effective. Some of its best work has been met by the fiercest opposition. For example it has done a real work by blocking the road against the grabbers of a rock against the demands of bogus mining concerns to exploit the National forests. I have always done my best to help the genuine miner."

"The cry is often heard that the National Forests enclose great acres of public agricultural land which are that put beyond the reach of settlement. This statement seems plausible only until the facts are known."

One of Them.

A man was in town today distributing some pamphlets headed "Some Plain Facts on Employer's Liability" by Frank M. Lewis, courtesy of Albany Monthly. On it is "Vote 330 yes." The bill is one worth considering and voters should study its provisions. A strong law is needed on this subject. In the pamphlet was the card, with picture, of G. M. Orton, candidate for republican nomination for state labor commissioner, primary election Sept. 24. Against Assembly. Getting all these different questions before the people is a big task.

Got Left.

Eugene Guard.—On Monday night of this week, after the Roseburg local had pulled into Albany, most of the passengers in the rear coach got off there, four bound for Eugene remaining in the car. The car was taken to a remote part of the yards and detached and the train proceeded on south without these passengers, none of them having been notified by the trainmen that the car was going to be left. These passengers as soon as they discovered that they were left behind, immediately made a vigorous complaint at the depot with the result that the agent here wired the general passenger agent at Portland and received permission for them to board the Shasta Limited that came in soon afterward and proceeded on their way to Eugene.

Boost the Apple Business.

Four big apple buyers have been here recently wanting apples in big lots, without hunting for them, that is, they want to deal with an organization, or not at all. With this view in mind, a meeting has been called for next Wednesday at 2 o'clock, at the club rooms, of members of the club and apple raisers anywhere around Albany, for organization. This is a very important thing. If this is to be an apple valley raisers meet this. There is no trouble to sell superior apples in car lots.
