(MONDAY.) FORGERS OF LIES. Dr. Geo. B. Pratt, of Portland, spoke at the M. E. church last night, in the second union temperance meeting, to a packed house giving an address full of live wires. Rev. Gordon presided, with many prominent business men and ministers on the platform, solid for keeping Albany and Linn county dry, and making Oregon the same. Dr. Pratt's text was "Ye are forgers of lies, physicians of no value," which was made a practical one along the line of the falsehoods of the saloon advocates doing the country. Before several of the valley towns went dry they said prohibition would kill them, but he thought Eugene, Albany and other places were very live corpses, remarking at the improvement. There is a great temperance wave on all over the country, and great reforms have always come in waves, the reformation under Luther, the revolution, the civil war, waves for righteousness. The striking points were, that the liquor traffic is a crime, because it does injury to others, a wrong, threatening the integrity of the American home, deserving capital punishment, death. He read emphatic statements from the governors of different prohibition states showing the success of prohibition in them, which ought to be believed in preference to the falsehoods of a discarded Episcopal minister going over the country. Even from a financial standpoint it pays to get rid of the saloon, and figures were given. The taxes of Topeka, Kan., are the lowest of any of the larger cities. Besides for every \$1 collected for license the traffic costs \$16, thrown away. Portland gets a license, but \$4,000,000 a year is wanted and the sloons of the city, with nothing to show for it, except the crime engendered and the poverty caused. Voters were urged particularly to look after four measures, the infamous home rule bill anyway, vote No. 329, the prohibition bill and the one to enforce it, and the local option number in Linn county. There was good music and enthusiasm prevailed. Scott Hart, of the O. A. C., spent Sunday at home. Mr. and Mrs. Emil Schultzy have returned from an outing at Junction. Mrs. A. R. McCoy is visiting her daughter, Mrs. Mida Jackson, at Woodstock, Portland. Mr. Eugene and Miss Springfield were caught in a filtration at the new steel bridge last Saturday. Geo. Froman and wife of Downs, Wash., left for home this afternoon, after visit with relatives here. A. T. French left yesterday for his home in Minnesota, being accompanied to Portland by his brother, F. M. French. G. W. Simpson, and his brother-in-law, Wm. Keck, of Portland, were in the city yesterday. Both were former Albany men. Victor Edholm wishes to extend his heartfelt thanks to many friends for kindness and sympathy after the sudden death of his beloved wife. Mr. and Mrs. W. H. Bowman have returned from their southern Oregon hunt, getting several deer and two bears, and having a good time. Mrs. Olin is showing her sister-in-law from Missouri, Mrs. Critten, and another one, Mrs. Story, of Sweet Home, formerly of Missouri, here on a visit. Virginia Harned, once the wife of the celebrated E. H. Sothern, and herself a talented actress, is to be here Nov. 4th, in "The Woman He Married," a theatrical treat. The receipts of the depot park tag day were \$206, with \$2.75 expense, making a net sum of \$203.25 for the park, a neat sum, but not nearly what it should have been. Some one says the Jay Bowerman campaign is somewhat of a repetition of the famous Finnish campaign, that Bowerman has made no better impression than did Furnish. There was a monstrous prohibition street parade in Portland on Saturday, five miles long, covering one hundred blocks. It opened the eyes of the whiskey people and even the tall tower took notice. No where around Albany is greater improvement shown than across the river. A section building up fast is up the Corvallis road, where there are some splendid homes, with rich gardens and orchards. Mrs. E. F. Heath, and son Arlie, of Portland, are enjoying a few days visit at Attorney Curi's home. Mrs. Heath is a sister of the latter. They will go on to Grants Pass where they will make their home, having large land interests there. Several suits have been begun in Eugene against College Hill subscribers who have failed to come up with the money. The defense will be that the streets have not been fixed up for travel as before. Other suits will follow. Meetings will be held through Linn county this week in the interest of the different temperance measures, tonight at Halsey, Wednesday at Shedd, Thursday in Syracuse precinct, Friday at Lakeview and Tangent, and other places. J. W. MILLER, County Clerk of Linn County, Oregon, and Ex-Officio Clerk of the Circuit Court of the State of Oregon for Linn County. J. F. YATES, Attorney for applicant. Date of first publication, October 21st, 1910. Date of last publication, December 2nd, 1910.

IN BENTON. Hunters have been quite numerous the past few days. Farmers are still speeding the plow. Several apple growers are hauling their crops to Albany for shipment in car load lots. Assemblies are no good for the toiling masses of humanity. Messrs. Muckley & Essens were shaking hands with Oak Grove friends Friday. Miss Maud Collins made an over Sunday visit with Scio friends. Mr. and Mrs. D. N. Williamson of West Albany were Sunday guests of Oak Grove relatives. D. B. Farley, republican candidate for county judge of Benton, was looking after his political interests in Fairmount. Henry Karstens left for the metropolis Thursday. Prof. Woods and wife of Marion made an over Sunday visit with Mr. and Mrs. C. E. Williamson. Mrs. John Hyatt will leave the first of the month for Northern California, where she goes to visit some of her children. News from Albany's Six Early Trains. The platform was alive with red ribbons, red chrysanthemums and daisies worn by a crowd of socialists, who went to Salem to hear Eugene V. Debs several times a candidate for president on the socialist ticket, who will speak in the M. E. church this afternoon. The Albany delegation was headed by W. S. Richards, nominee for governor, and a delegation of twenty-three from Lebanon by Oscar Ingram. There were about seventy-five in all. Dr. J. C. Booth came down from Lebanon. He is a live wire on the temperance question absolutely supporting no one for office unless right on the subject. Misses Annetta Burch and Edna and Mamie McKnight, teachers in the Jefferson schools, returned to their work after spending Sunday at their different homes. Another Jefferson teacher, Miss Parsons, is from near this city. Mr. and Mrs. J. L. Underwood, of Lebanon, went to Corvallis. Mr. and Mrs. J. B. Coughle returned to Lebanon, where Mr. Coughle has a couple more months work on the new M. E. church. Miss Myrtle Pease, of the boys and girls home, Portland, went out to Lebanon to see some of her wards. Mr. and Mrs. G. W. Hawker, of Bellfontaine, Ohio, left for home after a visit with Prof. Smith. They enjoyed their visit in the valley and liked Oregon. After Being in Jail 6 Months. Editor Democrat:— A man is not out of the world because behind prison bars. I have been in the Linn county jail since April, 1910, waiting the action of the circuit court, discharged today, and I wish to express my appreciation of the treatment received. Reports that prisoners do not get enough to eat there are entirely untrue. Sheriff Smith is the right man for such a place. A sheriff could not treat prisoners any better than Mr. Smith has done. The food is strictly good and substantial, even better than what is served at some city restaurants. E. BLAIR. Mr. Blair, whose case was dismissed, informs the Democrat that he intends to go to work here and show that he can be trusted. Duncan & Adams, Florists. Mr. Hector Adams, partner of W. S. Duncan, the florist, has arrived from California, and they have begun work on their new hot houses on their place of 5 1/2 acres, two miles east of the city, eventually to furnish plants and flowers for their Albany store. Mr. Adams is also an expert landscape artist and gardener and will look after outside work. The enterprise is meeting with general favor. An Inventor in Town. Mr. and Mrs. A. L. Meader, of Portland, have returned home after a visit with Mrs. Meader's folks. Mr. Meader is the inventor of the Meader-Cochrane three color press, a great modern improvement. With it three colors are given at one impression and as many as 10,000 impressions an hour made, a remarkable speed for a job press. Already one press has been manufactured and is working well, and another is in progress. It is proposed to push the business. In the City. A. E. Wood, Geo. Pugh, Brownsville. C. J. Miller, Low Point, Ill. Z. B. Zumalt, W. E. Wood, Independence. Dr. Mark Skiff, Salem. M. C. Conlon, Denver. J. W. Rozalle, Salem. Mrs. R. G. Stone, M. N. Richardson, Sen Huber, J. T. Albert, O. W. Bunjay, C. L. McKenna, H. A. Kallam, A. S. Miller, A. A. Kendrick, C. E. Cleveland, C. F. Bartholomew, Portland. The base ball championship of the U. S. went to Philadelphia by the American team defeating Chicago yesterday 7 to 2, clearly outclassing the Cubs. Several republican papers in the second district are supporting Judges Hamilton and Coke, two democrats, because of their peculiar fitness for the office. Governor Chamberlain was given a splendid meeting at Scio Saturday evening. His speech made a strong impression, and Scio will deliver the goods for West.

FOOT BALL. The Albany high school team played Brownsville Saturday a 0 to 0 game, neither side being able to score. The Brownsville team was the best players that could be secured in that part of the country, a center for good players, hence the showing of the Albany boys was a good one. O. A. C. defeated Willamette at Salem only 5 to 6, meeting their match. It was said Willamette put up the best game. At Eugene the U. of O. team defeated Puget Sound University, of Tacoma, 114 to 0, said to be a new record for high scores. High School Teachers Wanted. University of Oregon, Eugene, Oct. 22.—Although one third of the class graduated in June went directly into the faculties of the high schools of the state, the Teachers' Bureau is still unable to supply some fifty or sixty applications for teachers that can be recommended by the University. The greatest demand is for teachers who have had some experience in teaching previous to or during their University course. Some of the best positions held by young men and women who, after teaching in country schools, have finished a course at the University in order to take advantage of the recommendation accorded. The unsupplied list contains a large percentage of applications for principals in high schools throughout the state and offers excellent opportunities for country school teachers who have finished their course at Oregon. An Eloping Couple. Corvallis Gazette-Times.— An eloping couple from Albany came to Corvallis last night in a buggy only to find that the father of the girl came in a car and beat them here. The irate parent stopped them here all right, but the G.-T. doesn't know what happened. One story is that the father took the girl home and that the young man permitted her capture, assuring the father that the girl was to blame. The other story is that the girl insisted on taking the blame and refused to go with her parent, finally driving off with the young man. The G.-T. has been unable to find a man who was on the ground at the time. Range of temperature 63-34. The river remains at 1 foot. Prediction: fair and cooler tonight. TUESDAY. F. J. Devine returned this noon from the wilds of the Siletz. A one cent letter rate is proposed in the U. S. It is coming. Even if they did loose each of the Chicago players received \$1315. H. N. Cokerline returned this noon from Newport with three salmon. They are now running. Armstrong-Drexel yesterday at New York went up 7105 feet in his aeroplane, a new American record. The contract has been signed in Salem for a sewer system for South Salem costing \$175,000. Rev. H. E. Marsden went to Eugene this afternoon on a visit with a friend, who has just arrived there. Mrs. E. W. Bryant expects soon to visit her sister in Virginia, who has been lying very low for some time. Mrs. J. M. French yesterday afternoon entertained a number of young married people, a pleasant event, with some neat refreshments. A couple of Indian girls, who escaped from Chemawa, were captured at the Revere House last night by John Catlin and taken back on the local. Superintendent Jackson has received several cases of library books, which will be segregated and distributed among the public school libraries of the county. A man kissed his wife on the streets of San Francisco and also a friend's wife with her, and was arrested by a fool policeman who ought to be sent to the insane asylum. Yesterday Col. Roosevelt made a 90 mile trip in an automobile through the country where the Democrat man spent his boyhood, examining the abandoned farms and making speeches. Lester Ellis is in the city in the interest of Merrill LeRoy a chalk talker, for whom he expects to make a date. Mr. Ellis formerly traveled for his mother, a prominent phrenologist. Mr. and Mrs. C. G. Weiss, of Waterloo, Ia., left for home today after a visit at L. H. Fish's. Mrs. Weiss and Mrs. Fish were fellow-graduates just 16 years ago. It is the last of October and red raspberries are on the bushes. J. F. Powell has had some at his office several days, and today Mrs. J. R. Metzger reports some for dinner from her garden. Also some Logan berries. Bryant and Shaw, who make Albany their headquarters for the stone repair business, expect soon to complete their work in Salem, where they have been busy for two months past, and in the near future will go over this city and do the work that is now awaiting them. A hobble skirt picture film at the Empire caused an immense sight of amusement, but it is said that in the east some women who tried them really had experiences about as ridiculous. Some fine films of an anniversary parade in Yokohama were the genuine article and good ones. Two Walla Walla young men took a couple of young ladies out to the country home of the parents of one of them. The girls thought they would play a trick and sneaked off with the automobile alone, but they did not understand cars very well and burned it up and were in tears when the young men found them. Oregon, "the best call of the West," by Walter V. Wechke. Beautifully illustrated in four colors, in November-Summer Magazine. Now on sale, a news stand 15 cents.

WASSON EXPOSED. Eugene Guard:— Rev. William A. Wasson is no longer the rector of any church in Long Island, as is claimed by the Greater Oregon Home Rule Association. Bishop Scadding has just written a letter which was received in Eugene this morning, stating that Wasson is no longer the rector of any church in the diocese of Long Island, and that so far as he knows he is not a doctor. Judge Stackpole, of Riverhead, New York, a town in which Wasson claims to be rector of a church, has written the following letter to his friend, Dr. Comings of Eugene: "Riverhead, N. Y., Oct. 7, 1910. "Dr. F. W. Comings: Dear Sir:—Your letter of inquiry concerning Rev. Wm. A. Wasson, formerly of this place, is received. Wasson was the rector of a small Episcopal church in this place for some six years. He gave up preaching early in the present year and removed to Mattituck. His congregation dwindled down to about a half a dozen. As a preacher he is a failure. As a rum man and rum drinker he is a success. While not a drunkard, he boasts that he is a moderate drinker and keeps intoxicating liquor in his house to drink. As a speaker, in my opinion, in speaking of the temperance question he has no regard for the truth, and will tell as the truth any lie that he can hear uttered in a rum shop. He has very little influence here for good or evil. Many of the rum sellers were ashamed of him for the course he took. He published articles here and made many addresses. Nearly everything he said was shown to be false, and yet he kept on repeating the same old lies. I enclose you some literature that was published in reply to some of his statements. Personally I have always been friendly with Wasson, but I am not friendly with the course he takes and the utter disregard for truth and common decency that he shows in his advocacy of rum selling and rum drinking. News from Albany's Six Early Trains. A number took the Springfield motor for Brownsville, Prof. Head and son to look after some piano sales, Prof. Bert Davis to do some piano tuning and John Maxwell to look after a logging contract. Prof. Nicholls, the band leader, came down from Lebanon, and went to Shedd, where he is also instructing in band music, keeping him busy. R. A. B. Veal went to Monroe to look after some wood for the big business of the chair factory, one of the most important parts of the business. H. M. Stone, the Chrvallis prune man, went to Salem with some more prunes, closing up the business of the year. Mr. and Mrs. Geo. Martin went to Portland. Mrs. S. Livingston left on a Portland visit. William Ehler, the Mexican mine owner, came down from Lebanon. C. H. Cusick left on a Portland trip, stopping at Salem on the way. Fred Westbrook's Clock. Statesman:— Salem has the honor of having installed the first electric time clock in the country, because the invention was made by a resident of this state, Ellsworth Pickell. The first clock is the property of F. H. Westbrook, who has a cigar and news stand adjoining the Oregon Electric Depot. Beside the clock features some clever advertising, notably a political nature, is shown by the electrical contrivance. The new Hotel Marion will be the first to have the clock with all its elaborate system of fire alarms and morning calls, although two of Portland's leading hostellers will have them installed by the first of the year. A Great Attraction. Possibly the most important attraction of the present theatrical season at the Opera house is the engagement of Virginia Harned Nov. 4th. Miss Harned will offer a new play, "The Woman He Married," by Herbert Bashford, the well known dramatist, that deals with a new phase of New York life. Competent critics declare it is better than anything Miss Harned has had since her joint starring tours with E. H. Sothern, formerly her husband, not excepting "Iris" in which, under Charles Froman's management she had two years of immense success in London and New York. In the City. J. W. Werking, Eugene. J. D. Caughill, Salem. N. B. James, W. E. Frazier, Thos. B. Parker, H. M. Day, E. E. Jones, L. W. Santier, L. Alehoff, Portland. E. N. Warmoth, Halsey. W. H. Welsh Jr., Vancouver, B. C. S. Montgomery, Mohonda, S. D. B. T. George, Nisgara. Frank Cramer, Kellogg, Idaho. E. D. Jones, Shelburn. Arthur and Merril Williams, West Scio. C. Sam Smith Discharge. The complaint in the case of the state against C. Sam Smith, was yesterday ordered dismissed. Mr. Smith was once convicted, when the case was appealed, and arrangements were being made for the second trial. Mr. Smith has a good many friends here who will be glad to know of the ending of the long contest. J. R. Wyatt was Smith's attorney. The Weather. Range of temperature 73-50. The river is 1 foot. Prediction: fair tonight and Wednesday.

It was ordered that the Club purchase 200 copies of Simmons Magazine, of New York, containing illustrated article of Albany, to appear in the December number. A letter was read from W. E. Benton, acknowledging receipt of ten boxes of apples sent for the O. R. & N. and S. F. Co's exhibition cars, and asking for vegetables, grasses, etc. for the display. Tells About People We Know. Mitchell, of Albany, and her mother, Mrs. Cunningham, of Harrisburg, who were at Springfield visiting Mrs. Valentine, sister and daughter, respectively, returned to Harrisburg last evening. Manager O'Connor had word from Portland yesterday that Al Welch, of the Portland, Eugene & Eastern, is improving rapidly and was able to be at his office yesterday for the first time in several weeks. Eliza Crow, at one time a very popular student at the Eugene high school and University of Oregon, is in the city from California, where he has been at work for the past three years. He has gained 75 pounds in weight and his most intimate friends did not recognize him at first. He has spent a few days visiting his mother and other relatives at Lorane and goes to Portland and Seattle on a business trip and then goes back to California to take care of the company's business in the Tulare district. The California climate has agreed with him and he says when a man feels as well as he does, he ought to do well. [Crow is a former Albany College center. Photo of a man in a suit, likely Eliza Crow mentioned in the text.] John Bayne, democratic nominee for circuit judge, has been in the city today in the interest of his candidacy. Mr. Bayne is in every way qualified for the important position. He is 46 years of age, a resident of Oregon for 19 years, and a practicing attorney for seventeen years, reliable and trustworthy, a man of clean personal character. He is a close student, a man of good judgment who if elected will be an honor to the judicial department of the state. Paid adv. Tangent. S. C. Sharp, of Roseburg, was visiting relatives near Tangent a few days ago. He formerly lived here. Mrs. Min Crites was called to Oakville, Wash., to the bedside of her father. He died Sunday morning. Rev. Jones, presiding elder of the South Methodist church, held quarterly meeting here last Sunday. Rev. P. A. Moses, of Corvallis, was visiting relatives near here a few days ago. Rev. They are a light crop. Young grass and grain is making a fine growth and looks well. A public meeting will be held at Tangent Grange hall on Tuesday evening, Nov. 3, at 8 o'clock for the purpose of discussing the proposed amendments to the constitution of the state. If your horse has HEAVES use Stone's Heave Drops. Price \$1. For sale by all druggists. Dr. S. C. STONE, Salem Oregon.
