A Portland Man's Statement.

The following statement was received on last Sunday by Dr. Foulkes from one of the leading citizens of Portland, who is also a member of the First Presbyterian church:
"In addition to previous gifts I hereby subscribe \$250 in cash for the state, or for any purpose which will apparently do the most good for state-wide prohibition. Tell the people of the state that for forty years and more the gin mills have largely dominated our politics, our city and state governments. Continue to tell them to vote the prohibition ticket to save the boys and girls even tho' they themselves do sometimes drink.
Continue to tell them to vote against the "Home Rule" ticket as their "Home Rule" simply means "Hell Rule."
Tell them that if they do vote the "Home Rule" ticket to send their boys and girls along with their votes to Portland, as our Rum Holes, Deadfalls, and Brothels now as bad or worse than they ever have been, will under "Home Rule" have an increased and ever increasing need of boys and girls of Oregon, and if not supplied they will be obliged to close their factories for lack of raw material.

Solomon Wiped Out

Solomon, Alaska, 23 miles from Nome, is reported wiped out by a tidal wave. It is on a small island and is always in danger. Shelburn Dry.

Ten Albany men went to Shelburn last night, where a big anti saloon meeting was held, with the house packed and many standing. L. E. Hamilton presided and the speakers were W. P. White, W. A. Eastburn, W. H. Marvin, of this city, and W. A. Ewing of Seio. The hammer quartet captured the crowd. Following the meeting a fine banquet was served the Albany people at the hotel. Shelburn will give a big prohibition vote and will help knock the home rule bill. It was a dry crowd and even one of the automobiles went dry and had to be towed three miles.

Fine Show at the Electric.

Packed houses greeted Wayne O. Adams, the Panama hero, last night, the young man who has the Roosevelt medal. Mr. Adams wonderful reproduction of the great Panama canal and jungle show, including Roosevelt in Panama, are great, instructive, thrilling and startling, from start to finish. Mr. Adams gives an excellent lecture, as his pictures go along. His pictures are new and clear, and are considered the best moving pictures that have ever been shown in Albany. He shows tonight and Sunday only.

SHOULD BE MAINTAINED.

The State Normal School at Monmouth is the property of the state of Oregon and is worth over \$100,000. It is centrally located as to population and is a school for training teachers. Don't abandon this valuable plant. Vote YES for Monmouth.
Education of the boys and girls should be our first consideration. As future citizens, they must have the best opportunities possible in the public school—the great bulwark of our nation—for beyond this but few ever advance. All the other states maintain Normal schools. The government conducts normal training. Oregon will have a normal, and Monmouth is the pioneer school. It is good business to maintain this plant and give the children of Oregon the advantage of the best teachers. If you pay taxes on \$1000 it will cost you only four cents a year. Vote for Monmouth, and sustain in Oregon trained instructors for our rural schools, and give your children equal advantages with the city school.
Paid adv.

A Hot Campaign.

One of the hottest fights in the campaign is between Bingham and Bean for joint senator of Lane and Linn. Recently the Register of Eugene called Bingham the democratic nominee, but Mr. Bingham is running as an independent, and the statement is simply to fool people, says the Guard, though Mr. Bingham is also the nominee on the democratic ticket, the same as several republicans in Linn county are. The Guard declares that impending disaster is shrouding the Bean headquarters.
Mr. Bingham was in the city last evening, making a live fight against the assembly candidate, author of the infamous Brook-Bean bill.
