Albany has eighteen real estate offices, and almost one hundred men engaged in the business directly and indirectly, mostly depending upon it for a living.
Three new offices have been opened within a few days. Warner, Borden and Kiger, are in the Rhodes block, Ferry street. Mr. Warner was formerly in the dray business. Mr. Borden is a son-in-law of Dr. Shinn and recently arrived here from the east to make his home, and Mr. Kiger is an old and well known Benton county man. L. J. Grey, the tallest of them all, who recently arrived here from the middle east, has an office at the former site of Fiddeman's barber shop, and T. W. Hornback, who formerly run the popcorn wagon at the depot, has opened an office near the depot, in the north side of the street car barn, the first to meet new comers by rail.
The indications are that there will be something doing in the real estate business.

News From Albany's Six Early Trains.
Rev. Lacy of the M. E. church, of Lebanon, came down, one of many trips made in the interest of the new church being built. Church building requires attention to many details, and the minister has to do most of the watching.
General Finzer returned to Portland, after conferring here in reference to the dedication of the armory. He is taking a good deal of personal interest in the new armory and is proud of the sewing it makes for the entire state.
Herman Hoflich, of the Mission Parlor left for Portland, after a candy maker, to assist him in the growing business of home made confections.

A Coney Island Scene
Electrical effects will play a most important and form a particular factor in the presentation of "The Burgomaster" which is Pixley and Luder's best effort. This large organization is booked at the opera house tomorrow night. Manager Wm. P. Cullen has even gone to Europe in order to secure the very latest Parisian electrical and prismatic effects. In the second act of "The Burgomaster" which represents a scene at Coney Island, group of pretty bathers are seen playfully dancing the rolling surf.
Another innovation will be the introduction of a real rain storm. Gus C. Weinberg has seen in his original work of "Faktor Stuyvesant" the major of New Amsterdam.

The Albany Commercial Club met last night with General Finzer and other O. N. G. men and made arrangements for the dedication of the armory. The following members of the board were present:

Albany Gets the Second Butter Premium.
The State Dairymen's Association met in Eugene yesterday. A. H. Lea, president, presided. Among the speakers was V. H. Kent, of the Albany Butter and Produce Co., whose subject was "A United States Department Inspector for Oregon," and Prof. Kent of the O. A. C., on the relation between the dairy school and factory. The first prize on butter was won by Sena Williams of the Hazelwood Co., several silver cups, the second one by V. H. Kent, of the Albany Butter and Produce Co., a fine silver cup, given by the Oregon Agriculturist, the third, by F. H. Blumh of Monmouth, the fourth by R. McCurnsey of Portland, the fifth by W. E. Peterson of Eugene. Albany was a close second and the record is certainly a good one.
The Tillamook Creamery Co., was first on cheese. The old officers were reelected: A. H. Lea, Portland, president; V. H. Kent, Albany, vice president; Paul V. Merrill, Portland, secretary and treasurer.

Rolle and Fortmiller Arrived.
Irwin Rolfe, spelled Rolphe at Eugene, and Earl Fortmiller, arrived in Albany this afternoon, accompanied by thirty-eight other U. O. students. This afternoon they paid the new high school building a visit, singing to the students, and tonight will be glad to see every one in Albany at the opera house, for an evening's fun and blues eradication. Considering the O. A. C. description of a U. O. student they are a pretty good looking, splendidly behaved lot of fellows.
Those U. O. boys with the green caps are the freshmen, and they do all the work. Notice the tired look on their faces.

FRIDAY.
Mrs. Christensen returned this noon from Seattle.
Mrs. Fisher returned this noon from a visit with her son Ralph in Portland.
C. O. Lee arrived yesterday from Sisters and will spend the winter in the valley.
H. F. Merrill went to Portland last evening, a telephone message reporting his mother worse.
On account of the trouble in Mexico the excursion to that country heretofore advertised has been postponed.
Another adding machine has been added to the equipment of the court house. This one will be kept on the second floor and is on wheels.
The new Eugene flyer makes the trip from Portland to Albany in three hours, but in going is 3 hours and 25 minutes from Albany to Portland.
Miss Myra arrived in the city last night from the east, in the very latest togetery, and will be the guest of the Hamilton Store until Christmas.
The musical kindergarten of the college will give their Christmas program tomorrow afternoon, 2:30 to 4 o'clock, at Miss Hauck's studio at the college.
The remains of Mrs. Achaah Boyle, who died in Seattle, at the age of about 75 years, were taken through Albany today for Rock Hill, near Lebanon, for burial.
Mrs. Tetje Ohling was eighty years of age yesterday, and last evening the event was remembered in a dinner at the home of her son, R. K. Ohling, with whom she resides. A sterling Christian woman she deserves many more happy remembrances of her birthday.

A Toronto Riot.
Toronto, Dec. 7.—A riot tonight, remarkable for its spontaneity and for its fierceness while it lasted, resulted in the injury of 18 men, the complete wreck of 11 street cars and the shattering of windows of over 100 or more.
For two hours a mob of several thousand people surged back and forth on the principal business thoroughfares demolishing every street car that came with reach and completely tying up traffic. Disorderly scenes followed a mass meeting which resulted from dissatisfaction of the attempt the street car company to install pay-as-you-enter cars.

Due to Prunes Rising.
Nine fruit firms in the east have combined in a suit against the North west Fruit Association, whose packing house is at this city, each asking for damages from \$700 to \$1500 due to the failure of the defendant to deliver prunes contracted for. The statement is that after the contracts were made the company decided to fill the orders due to a big rise in the price of prunes. The result is a large number of suits (or damages, a good many thousand dollars in all, meaning a long litigation.

The O. W. C. Co's Map.
The Democrat has received a roll from the Oregon & Western Colonization Co. of St. Paul, containing a pamphlet, gilt edged, and illustrated, showing scenes along the line of the company's holdings, an artistic affair, and a map of Oregon, showing the low line of property owned by the Company, reaching from Ontario to almost Lebanon. This land is for sale and every encouragement possible will be offered the people of the world to take a quarter section here and there

William McMurry, of the Southern Pacific, yesterday returned from Chicago. He reported the U. S. Land and Irrigation exposition, which has just closed there the greatest land show ever held, attended by more people than ever before visiting a similar exposition, during the two weeks 250,000 people visiting it. Lectures were given on Oregon and Washington by railroad men from here.
Among the things seen at this great show were some splendid displays of apples from Oregon. They consisted of a general Oregon exhibit made up of a few boxes from different parts of the state, as a whole making a big showing, and a separate Rogue River display that was also great. In the general display there were two or three boxes of poor fruit marked Albany. But it was not Albany fruit at all. Some apples were sent from this city, but the committee there was ashamed of them and borrowed some from the Cove display, a box or two, and marked them Albany. They were the poorest apples the Cove man had, he of course keeping the best for the fine Cove section. If Albany wants an apple reputation this kind of work will never do.

The U. O. Glee Club Made a hit
It was a large and enthusiastic crowd at the opera house last night, when forty U. O. boys, most of them Oregon boys, presented their college program of song, music and wit. Nearly everything on it was given a double encore, and responded to without any disturbance, a clean program, full of snap, altogether the best one yet, far ahead of last year's. It was like this:
Oh, Oregon, by the entire crowd, then the Mandolin club in Experiences, followed by the laughable Suffragette Trio, Geister, Curtis and Martin, double encored.
William Lai, in a pleasing well cultivated voice, showed that a Chinaman can sing all the same as the Melican man, and he sang the song of Araby, and had to come out twice.
A live skit was a trombone player and his applicants for accompanist, introducing several of the Club's piano players.
The Club sang Dry Ye' Eyes and were called back, the mandolin club picked their instruments, Prof. Glen sang followed by a double call, there was another one by the Glee Club, with a call back, and then came the fun of the evening, a Dope Center Mix-Up, introducing the geniuses of the Club, with a constable, a little German band, two German curiosities, etc, a good one full of college life and as fresh as a spring breeze.
The boys made a double and we want them back next year.

News from Albany's Six Early Trains.
The U. O. Glee Club left for Vancouver, Wash., where they will perform tonight. Harry Stine is manager and all ride on one ticket, under a special rate contract. A trip of this character is courted by the students, and there is considerable rivalry to get a place in the club, the experience being a good one.
Senator M. A. Miller left with his suit case for Portland. He is getting ready for the coming session of the state legislature, in which he will take a leading part. No more legislation, but better is his idea. Too many bills are introduced. Laws the people need are what should govern.
Phil Swank, a married man for 62 years, came down from Tallman.
Gus Barker, the veteran railroad man and wife, left for Lebanon, for a few days outing at the home of J. J. Lingren, after which work will be resumed in some shape at the depot, just what is not yet settled.

Roller Basket Ball.
The skating rink basket ball team left this noon for Junction where they will play the team of that city tonight, the first game of the season. Following is the Albany team: Murrey Marshall manager, Thrasher C. Beeson, captain, and Conn forwards, Gilchrist and Hrusky guards, Metzgun sub. Games have been scheduled with Independence and Dallas, and a return game will be played here with Junction.

The Weather.
Rainfall .10 inch.
The river is 7.9 and falling.
The range of temperature was 52 yesterday down to 39 this morning.
Prediction: fair and cooler tonight, Saturday probably rain.

A Live Runaway.
One of Ben Maberry's dray teams ran away last night, coming up First street at an auto gate, turning at Ferry street north, running into a dray standing there, causing a bad mixup. One of the horses was injured some, but it was fortunate nothing worse happened.
Some boys tried to frighten a man at Stockton, Calif., and have been sued for \$5,000 damages. Not so much of a joke after all.
101,402 is given as the population of Spokane. The population of Bismarck, Dak., is 5,443. It has generally been given as much more. Tampa, Fla. has 37,782, an increase in ten years of 138.5 per cent. Everything is growing.

Those Albany Apples at Chicago.
The Democrat last night mentioned the display of Albany apples at the big land show at Chicago, a poor showing for the city. It transpires that the commercial club sent ten boxes of apples, supposed to be choice, neatly packed and decorated, and the showing cannot be understood here; but the fact is correct that Cove apples were substituted for those from Albany, as can be learned of Mr. Harry Hunter, a former Portland newspaper man, there assisting in the Oregon display.

Guatemala is also having its trouble and a revolution is threatened there.
One thousand Christmas trees were shipped on a steamer from Portland to San Francisco this week.
Mrs. Eddy left \$2,000,000 all of which will go to the church, which is proper, for it came from the church.
The National Wool Growers Association is to meet in Portland the first part of January. It will be made a big event.
William Ehler and two other Lebanon men and Wm. Brenner of Se. O. will leave next Sunday for Mexico to visit the Mexican mines, in which a number of Linn county men are interested. The revolution there has no terrors for them.

Senators
Senator M. A. Miller left with his suit case for Portland. He is getting ready for the coming session of the state legislature, in which he will take a leading part. No more legislation, but better is his idea. Too many bills are introduced. Laws the people need are what should govern.
