You'll find it highly expensive—a source of trouble and worry—if you fail to have an abstract drawn of the Real Estate parcel.

The safe way—the up-to-date way, is to have an abstract showing in detail every phase of the parcel's history and save yourself the expense of future possible lawsuits. Our work is exact—our charges reasonable.

## MISFITS.

The base ball players have all made a home run now.

The cigarette always looks cheap and cheapens whatever it is attached to.

Uncle Joe is now having his last session as speaker, the tyrant of the house.

The man who can keep his head when others are losing theirs is the man who will win.

A Harrisburg butter dash recently exploded, and that city will now take the creamery.

Too many of the actors in moving picture scenes have to light nasty little cigarettes at untimely times.

The rules should be revised and the committees should be chosen by the house, not by one man alone. The power is too great.

The coming directory census of Albany will show a genuine population of between 5,000 and 6,000 inside the city limits, based on an actual census, not an estimate from the directory names. This is the Democrat's guess.

Prof. J. B. Horner, of the O. A. C. will beard the lion in his den, and deliver his address on Oregon Literature at the U. O. assembly in Eugene next Wednesday. This is proper, and with some more good sense like this U. O. and O. A. C. will again be hugging each other on the gridiron and elsewhere.
