**THURSDAY.**  
**LINN CO. HISTORICAL SOCIETY**

Linn county has played an important part in the history of Oregon, a strong factor in the development of a great state, and as well one of human interest and concern.  
Appreciating these facts a Linn County Historical Society is being organized. After several preliminary meetings last night one was held at the home of Judge Stewart to further the organization. Mr. Stewart presided, with Dr. Franklin acting as secretary. It was decided to hold an open meeting, with an address by Geo. H. Himes, the father of Oregon history, at which time the organization will be perfected by the adoption of a constitution, already prepared by the committee, Messrs. Franklin, Stewart and Schmitt, and the election of officers. The date will be named later. Mrs. Henrietta Brown, Miss Gard, Dr. Franklin, Mrs. Young and Mr. Nutting were appointed a committee on membership, and it is desired to have as large a membership as possible. The annual dues will probably be \$1. Any one desiring to belong to the Society should give his or her name to any member of the committee, and it is to be hoped a large number do this in the interest of Linn county history. It is the intention when the organization is perfected to hold meetings monthly, having papers of interest on different phases of the history of the county, reminiscent and otherwise. Any one anywhere in the county is eligible and will be welcome to membership.

**The Baptist Mission.**

The address of Dr. Hinson, of Portland, at the Baptist church, last night, was appreciated, an able effort. He will speak again tonight, and Albany people will do well to hear him.  
During the day sessions have been held in the regular missionary conference, one of twelve being held in the state, to strengthen the church in its work. Among ministers from other places here are Rev. W. P. Elmors of Brownsville, Rev. Frank Starard of Newberg, Rev. D. E. Baker of Lebanon, and Rev. Bassard of Corvallis. Others expected have been unable to get here.

**A Legislative Bill**

Salem, Jan. 18.—Introduction in the senate of a resolution endorsing the Oregon system of popular government stirred up a hornets nest today and discussion of the subject consumed practically the entire day. The resolution was lost 17 to 11, but not until the political line bag of the republicans had been thoroughly aired by different members of that party.  
Senator Bourne came in for a sharp arraignment, while anti-assembly members lunged charges of "federal office peddling" two years ago to defeat Senator Chamberlain.

**Will Play Basket Ball.**

The Albany high school basket ball team will start on a trip tomorrow, playing the Newberg team Friday night and McMinnville Saturday night, both strong teams. The Albany boys under Blyen are doing splendid work. They defeated the splendid Woodburn team 25 to 21 and did good work in the game with the Baroccas, one of old players, at Salem.  
An important game will be that with Eugene on Friday next week.

**Marooned at Bidgett.**

A special train yesterday afternoon went to the relief of the regular C. & E. train stopped by a break in the road near Eddyville. F. M. Powell, deputy U. S. M., of this city, went as postal clerk in charge of the mail. This train got marooned beyond Bidgett, a small bridge going out this side, and the boys at the post office are listening with their ears to the ground for reports about their fellow disciple of Naseby.

A Eugene paper boasts of the rain storm being much worse down the valley than at Eugene, and in another place tells of there being four feet of water over the track at Polk street. Bless you, there wasn't any water over the track at Albany.

Very little damage is reported in this city and county.  
The range of temperature was 51-37. The prediction is: occasional light rain tonight and Friday.

The basement floor of Tremont Hall has been under water. The dining room was oved to the hall above temporarily.  
Professor Franklin goes to Junction City tomorrow night to act as judge in the High School debating League contest between the schools of Eugene and Junction City. Prof. Flo goes to Cottage Grove to help judge a similar contest the same night.

San Francisco, Jan. 13.—Flying in a Curtiss biplane, Eugene Ely today made a successful trip from Fort Seifridge to the battleship Pennsylvania, lying at anchor in San Francisco bay, 12 miles away, and then returned to the aviation camp. The trip was a success in every way, not the slightest mishap marred the trip.

Salem, Ore., Jan. 18.—All the bridges in the city have been carried out by the floods sweeping down the small water ways running into the Willamette, causing a loss of \$50,000 to the city. Loss to property owners will amount to \$20,000.  
**FRIDAY.**  
One of the largest and most costly structures of its kind on the Pacific Coast will be built by the Deschutes Railroad to carry its line across the gorge of Willow Creek on its way into Central Oregon. The bridge will be 1050 feet long, 250 feet above the water, and will contain 15-2 tons of structural steel.

**NO FLOOD.**

Only .04 inch of rain fell from 8 o'clock yesterday morning to 8 this morning, hardly enough to feel. A day like that gave the valley time to get its breath, and the threatened flood did not come. Instead 19.4 feet here was the crest, not high enough by three feet to stop travel from Benton county. Practically no damage has been done through the county to bridges.  
The range of temperature for 24 hours was 46 yesterday to 33 this morning, the cool foot hills chilling the atmosphere.  
Prediction: fair tonight and Saturday. Trains are now running on all the lines, the breaks on the main line and the Corvallis and Eastern having been fixed up, and a regular service is appreciated.
