Will Write About Our Fruit.

The visit here of T. E. Andrews, Arthur Frederick Williams and John Day, of the Minneapolis Tribune, is an important one from a fruit standpoint. It is the intention of this trio to look at the various offerings and after consultation with various soil and orchard experts, write extensively upon the projects which are being fathered in Albany.

After leaving Albany the staff correspondents of the Minneapolis Tribune go to Salem where arrangements have been completed for an interview with Governor West and several of the state officials. It is likely that the Salem Board of Trade will give an informal dinner to the visitors while they are there.
