

Glad Springtime

LAST WEEK WE SAID "HERE COMES SPRING" AND THIS MORNING AS WE WRITE AN ICY WIND WITH SPITTING, STINGING SNOW IS OUR GREETING—BUT GLAD SPRINGTIME IS COMING—FAST IN THE WAKE OF OLD COLD, BITING WINTER AND SOON THE WARM, GENTLE WINDS WILL CARESS THE DAINTIY FOLDED

BUDS INTO FULL BLOWN FLOWERS. IN THE STORE ALREADY IS THIS THE CASE. WINTERS HEAVIER FABRICS HAVE BEEN SUPPLANTED BY SPRINGS FILMY LOVELINESS. NO SUGGESTION OF WINTER HERE—GLAD SPRINGTIME STEPPED IT TO LET WINTER PASS OUTSIDE—SHE WELCOMES YOU,

Dainty Fabrics of Filmy Loveliness

With tints borrowed from Nature's Spring colors and silken threads reflecting dancing sunbeams, woven into filmy fabrics in dainty patterns does delightful Spring greet you.

On each large round table on the dress goods side are daintiest fabrics to delight the hearts of all women. How a woman rejoices when the time comes to throw off the heavier winter garments for those of summer lightness.

How, before her eyes, float visions of snowy garments frothed in finest laces and completed with a touch of satiny ribbon.

We've prepared to make these enjoyable visions come true—thus, this early showing.

SPRING FOULARDS.

In every fabric you will find this season—foulards. It may be silk or cotton or a mixture of both, but there will be foulards.

The designers certainly surpassed all their previous efforts.

There are designs of every kind—circles of dots—oblongs of dots and just plain dots—

squares, triangles, and geometrical combinations. Or there may be flowers and birds conventionalized and all these printed on plain grounds of harmonizing or contrasting color.

Of silk foulards our assortment is beautifully complete. They are from only reliable makers and are both beautiful and serviceable. Especially so are those treated to render them spot proof.

How provoking, too, that heretofore in some way a drop of water had fallen on the new dress and the result was a great, ugly, non-remediable spot.

This no longer need be the case. Cheney's spot proof foulards protect you. They sell at per yard\$1.00

Besides these are many others as low in price as50c

Of course these are not all silk. The cotton mercerized fabrics come as low in price as per yard18c

And they are truly beautiful.

SERPENTINE CREPE.
Every season does this kimona fabric become more popular. The designs and colors this year are exceptionally attractive and besides the figured we also show the plain colors and white.

For summer house dresses and kimonas it is an unequalled fabric. The price per yard is.....18c

RIPPLETTE.

The new crepe petticoat fabric that eliminates all ironing—simply wash, shake out and hang up to dry.

The designs are in gingham patterns and plain colors. It's a new fabric but we feel certain that women will appreciate this new feature cloth. It is not only beautiful but will give you unusual service. Per yard18c

CREPE WAISTINGS.

All colors in pale tints in silky fabrics with dots and designs of self color.

Unusually popular this season. Per yard.....18c.

Many trust magnates are sued and pursued, but few are caught.

The eclipse of Roosevelt has become so near total as to be almost pitiful.

When the Steel Trust cuts the salary of its president to \$50,000 a year it must be fearful of a curtailment of its tariff graft.

Anyway, whenever the Democratic mule flaps its ears now, the country sits up and takes notice.

When a man's wife makes his neckties you can hardly blame him for wearing long whiskers.

A woman attorney in Seattle is prosecuting a woman for tampering with a gas meter, before a woman jury. Heaven help the gas company.

What bothers the people in Adams county, Ohio, is the question of maintaining their automobiles, now that they can no longer sell their votes.

New York Republicans and the semi-Democrats are very much afraid lest the Democrats may choose an unfit senator. It is a safe bet that the new man will be an improvement on Platt and Dewey.

Whenever "Uncle Joe" has anything worth standing pat for he will always find the good Democratic members of congress ready to stand pat with him.

They are about to construct a \$1,000,000 jail in Havana and from all accounts as to the way things are going down there, it will probably be needed if merely for the accommodation of the grafters alone.

Speaker Cannon has to make good \$8,000, having been on the bond of a run-away treasurer. It does not seem to pay to be everybody's uncle.

A Chicago man has never been arrested for kissing his sister. This ought to convince a good many men that the only sensible course is to kiss some other fellow's sister.

This session of congress will be short, but not too short, by any means, to spend a big lot of the "ultimate" consumer's money unnecessarily.

A Chicago scientist says there are about 200 volcanoes in the world. Wonder if he counted Oyster Bay.
