### A Musical Rural Play.

"Silver Threads" a rural New England play depicting true home life in four acts, now in its second season comes to Albany Wednesday the 15th, featuring the renowned contra tenor, Mr. Richard J. Jose, who has advanced from minstrelsy, where he has been so well remembered and so long identified, into a field that offers him an opportunity to sing the old ballads he has made famous, as well as sacred hymns which he renders with an elegant accompaniment during the action of the play, their rendition being links of the story and not offered as special features.  
After the surfeit of new thought, graft, persecution and problem plays, "Silver Threads" comes as a decided relief.

## MISFITS.

Linn county history is worth studying.

A Brownsville man says the opposition to the single tax idea is at least 16 to 1.

The Oregon legislature is entitled to credit for puncturing the single tax measures introduced.

Portland wants a congressional district of its own, the proper thing. Then the rest of the state can have a clean field.

Lady Decies smoking an after dinner cigarette, was a scene while the couple were in Georgia. The sooner they get out of the U. S. the better.

### Albany College.

The college is having a few days vacation between the first and second semesters. Registration for the new semester begins Tuesday and the regular work will begin at one o'clock next Wednesday.

Professor Torbet has been engaged three days this week with his duties as one of the board of county teachers' examiners.

The short vacation has permitted a number of college people to return to their homes. Miss Bicknell, Miss Clement and Miss Hazel Young and Miss Inez Hanson went to Portland.

There has been hanging for a week past in the college office a beautiful little painting entitled "The Mouth of Carmal River." It was loaned to Mrs. Franklin by the well-known California artist, Miss De Neale Morgan of Carmel-by-the-Sea.

Professor Cutler will introduce a new course in bacteriology the coming semester. Professor Irvine starts the course in The Novel. Dr. Geselbracht will give a course in Introduction to Philosophy. Other courses beginning now are astronomy, logic, sociology, and Comparative Government.

### Work of the Woman's Christian Temperance Union

An interesting and helpful meeting of the W.C.T.U., was held this week.

While the attendance was good and we had some valued additions to our members we would be glad to see more of the women of Albany, especially young mothers at our meetings. The year's program is full of interest. It is besides purely temperance work is symbolized by the letters W.C.T.U. They might stand for "Woman's Character To Uplift."

No one who reads the papers however carefully, can doubt the need of work along many of the lines the Union takes up, work for morality, purity, and right living—need of earnest heart-felt endeavor.

The women in Albany who recognize this need and are willing to help, yet do not know that the W.C.T.U. offers an opportunity along these lines.

Come and learn what this organization is trying to do and join in the effort for higher ideals of life for all.

## Mr. Merchant,

Why not make your window work after your day is done?

A well arranged, well lighted show window is like a handsome picture in a frame. That is why people stop to look at it at night although they pass it by during the day.

People have more time after dark to examine your display, it makes an impression on them—next day they come in and buy.

Let our New Business Department explain the small cost of good show window lighting.
