It Was Time to Hurry.

J. C. Hammell and son Merrill, and two Portland drummers, left on the early train this morning for The Dalles to file on some desert land claims they recently located in Crook county, southeast of Prineville. They had heard that a townsite was being laid out close to the place, and they thought it was time to get their filings in before the mayor called the council to order.

A New Directory.

A new directory from the Pacific Telephone and Telegraph Co. is just off the presses of Churchill the Business Printer, a neat job. It covers Linn, Benton and Lincoln counties, all the way from the alabaster cliffs of the Three Sisters to the Nye Beach. The Pacific gets clear back into the foot hills and as well reaches those at home. Long or short distance the Pacific is on the spot.

The Commercial Bank of Vancouver has been declared insolvent. Nye Creek has been changed to Nye Beach, over at Newport. Diaz is organizing some reforms that may bring peace. It is time. A Taxpayers Protective Association has been organized at Eugene. The object is to fight unequal taxation, and it is proposed to have every precinct in the county organized. The Oregonian today contains a picture of prominent officers down around San Antonio, Texas, among them being Lieutenant Clifton Butler, son of Commissioner Butler of this city.

Judge C. E. Wolverton, of the U. S. court, Portland, was in the city Saturday evening. The Judge owns the property at the corner of Second and Lyon streets, continually increasing in value. The Eugene commercial club wants train out of Portland earlier in the afternoon, about 2 o'clock instead of 4:15. If granted it will bring the local to Albany about 5:45 instead of 7:45. It is doubtful if any such change is granted. J. J. Flynn, a prominent Portland real estate man, and three or four other prominent Portland business men, arrived Saturday evening in their auto for a Sunday visit at the home of the brother of Mr. Flynn, at Ellsworth and Fourth street.

HOME FROM CALIFORNIA.

Mr. and Mrs. J. S. Morgan and Mrs. Dr. Kitcher returned Saturday evening from a three months California trip. A month was spent in Los Angeles, the rest of the time at San Diego, Long Beach, Oakland and five days at Ashland on their way home. They had a good time, but appreciate Oregon more than ever.

In the Sacramento Valley they saw more water than they had seen in the Willamette Valley in a life time. For about twenty five miles on both sides the track it was all water, reaching far back. When it rains down there it rains and the snow in the mountains melts early.

They enjoyed their side trips, the splendid orange and other orchards and the winter sunshine of Los Angeles, but, Oh you Oregon.

Tom L. Johnson has been seriously ill at Cleveland, O. Florence is to have a big rhododendron festival May 24. Dode Craw, S. P., man, is up from Portland on a short visit.

McMinnville proposes to pave for fifty blocks. All the towns are waking up. Dudley Clark has been elected captain of the Multnomah base ball team, a good one.

E. H. Rhoades left this noon for McMinnville, near which city he owns property. March 31 will be rose planting day in Eugene. Albany should do some planting right along.

A new case at Portland is M. C. Walls agt. the Corvallis and Eastern to recover \$10,750. Miss Myrtle Pease, of the boys and girls home, Portland, has been in the city, in the interest of the home.

Mr. and Mrs. Jack Milne and Mr. and Mrs. Geo. Brown came over from Corvallis this afternoon in their auto. The revival at Corvallis under Rev. Haudenschild closed Sunday, with a record of 100 conversions, which probably means twenty or twenty-five church workers.

To W. O. W. members. The big initiation has been postponed until the first Friday in April. All neighbors will please take notice. By order of C. C. Julius Voss. Crawford & Raistcin have sold one of the new Ford cars to C. R. Widmer, of Benton county, and it is meeting the demands of Mr. Widmer's large family in splendid shape.

One of the finest houses to be built in Portland this year will be for Bishop Seading, to cost \$20,000. It will be on Portland Heights. It will be of brick and English, half timber. Russia has delivered her ultimatum to China and is massing her troops to make the big bulky nation of ignoramuses in war matters yield. But China is learning some things too.

Jefferson Review.—Al Hardman has tendered his resignation as city electrician and accepted a position with the Albany Electric Co., which he says has an exceptionally fine plant. A few years ago a man named Mallory took up a homestead down the Willamette. Recently 27 acres of it were sold for \$80,000. It was at Portland and Judge Mallory was the man.

Nelson Wilber arrived this noon direct from Madras, which he reports a live town on the boom. Among the business men is W. F. Hammer, hardware dealer, formerly of this city. L. E. Moe has been appointed general manager of the street car line, succeeding Russell Welch, who will go elsewhere. Mr. Moe may be depended upon for reliable service and courteous treatment.

A picture at the Empire was a striking one: True Friendship. It not only told a pretty story, but showed some fine sky scraper pictures, men coming down from the immense buildings they were working on. Coroner Formiller this morning was notified to go to Halsey at once, as a man had been killed by the cars, and, with his son, got as far as Tangent, when informed that the man had been brought to Albany.

X. W. Boom, of this city, 26 years ago at Kirksville, Mo., heard Dr. Riley, then just starting out in the ministry, preach, and remembers one or two illustrations the Dr. continues to make good and effective use of. J. W. Harr and family are moving to their farm near Shedd, which will be their home hereafter. They will rent their Albany property. Miss Nellie will come to Albany twice a week to look after her music pupils here.

A Lebanon paper reported a fight between P. H. Preston and a neighbor over a fence, after an argument and the calling of a jury by each. Mr. Preston says he had no argument, didn't know the man, had no excuse at all. How easy to make mistakes on other people's words. Although trains have been running to Madras for some time mail continues to be sent by stage and will be for two or three weeks, such is the red tape system of the U. S. slow at everything. In 26 hours the express company had a service clear through, and the Oregonian was getting into Madras the next day.

WINONA PARK.

A New Addition to Albany's Suburbs.

Surveyors began today to lay off the ground for a new addition to Albany, to be known as Winona Park, which has a splendid outlook to it, being a famous name in Chautauque gatherings, in Indiana; but not named after it. Instead it is in honor of the owner, Mrs. Winona Irvine Williams. It will consist of fifteen acres, just south of the C & E. round house, running from the Jackson street extension east five blocks to what will be the Hill street extension. There will be about one hundred lots in all. The north and south streets will be the same as in the city, Jefferson, Thurston, Lafayette and Madison, while the east and west streets will be Hackleman and Josephine. The lots will have a frontage of between 50 and 55 feet. The land is high, laying well and the addition promises to become a popular one.

Rev. A. M. Williams is in the city looking after the preliminary work. It is said the lots will sell for about \$300, but the price has not been settled upon for certain. The Oregon Title and Trust Co. will have the handling of the property.

News from Albany's Six Early Trains.

Dudley Clark and Jack Hixson, two celebrated ball men of former days on the U. O., and Messrs. Shea and McMurry two other prominent Portland boys, left for home after spending the night at Albany. They got left last night, the Democrat suspects on purpose. Clark has just been elected captain of the Multnomah base ball team and reported prospects of a splendid aggregation this year.

W. A. Bodine went to Plainview to top graft the Wheelon orchard with Northern Spys. This will produce an up-to-date orchard of a popular fruit.

B. F. Owens, of Lane county, an old-timer, was at the depot, inquiring about a fellow soldier of years ago.

The Ship Ahoy Cast.

The cast for the extravaganza "Ship Ahoy" is not made up exclusively of high school students. Miss Laura Taylor, as Mollie de Cognitione is the alumni, Miss Bea Ireland and her sister of the faculty take the parts of Mollie de Kalky and Miss Jones respectively. Margaret Montotti is the soprano, Blanche Hamman and Zona Haight the lieutenants are the only students among the principals. Fred Carlyle as Col. Blundett Mapleson is the coach and stage director, while Earl Fortueller as Christie the property boy, has quite a little comedy. Glen Taylor is the boat-swain. Morris Bigbee plays the role of Capt. Juggins of H. M. S. Cuckoo is also the only student. The chorus is made up of the students and members of the alumni and vocalists of the city.

Punishment for Lebanon School Boy. Lebanon has a peculiar case. A son of A. G. Williams has his body covered with pin pricks made by fellow students in the public school, and is under the care of the Dr. It is said to have been done by order of the teachers as a punishment for the boy, who had pricked numerous other students with a pin, that the boy was sent down through the aisles followed by the superintendent, his fellow students pricking him on the way. The father, it is said, has appealed to the board and also the state school superintendent.

This certainly is a new method of punishment, one not to be commended in this civilized age.

In the City.

W. W. Flood, Portland. C. V. Leonard, W. H. Ireland, Monmouth. W. H. Dancy, Salem. J. L. Lewis, Corvallis. H. A. Thompson, Sweet Home. A. Blair, Portland. C. O. Gates and wife, Portland. C. E. Pugh, Gresham. B. T. George, Niagara. F. H. Colpitts, Gates. B. Fulber, Shaw. D. E. Debergall and family, Hobson, Mont.

Jack Johnson will leave America and fight foreigners for several years. He has been busy preparing for a fight. Good riddance. The Governor of California has approved the bill providing for the Oregon system of direct legislation in California. It is spreading regardless of the obstructionists in our own state.

1300 people called on W. J. Bryan at his home at Lincoln yesterday and gave him a banquet. They thought as much as ever of him. They ought to think more of him on account of his fearless character in declaring for prohibition against the wishes of his party.

A move is to be made to have the city extension of Salem, bringing the asylum and penitentiary in the limits, good. This was done to swell the population of the city about 3,000 and it did it, Salem getting the credit of that number more than it really has.

COM CLUB

held a Short Session Not Much Doing These Days.

The Commercial Club met last night with President McCune and Messrs. Casick, Van Winkle, Churnell, Davis, Eagles, Ellis, Hammer, Hamilton, Hulbert, Johnson, Marvin, Senders, Stewart and Taylor present.

J. M. Lotterest, of Poria, Ill., wanted to know if there are any inducements here for a nail and wire works.

The securing of W. E. Pears to look after newcomers at the depot was properly endorsed. Mr. Pears is doing a good work.

By the Man About Town.

A pond of stagnant water on the Hogue lot between the Franklin House and Bert Crawford's barber shop. Some said it was the result of a burst water pipe. Mixed up with it are the relics of the board in front, a dirty looking mess, a regular breeder of disease. The city council should get busy.

The old frame at Second and Ferry street, on the property just bought by Craft & Miller is being torn down after a service of many years, used mostly as a harness shop. They are getting ready for the new two story brick, which will be a fine addition to the rapidly improving Second street section of the city.

On the hotel registers quite frequently the signatures of drummers are given the residence of Soap Creek. Perhaps because they are slippery.

George and Ralph Dorcas left in their own little auto on a trip as far south as Klamath Falls, selling scales. Big good natured fellows, they are also hustlers.

W. F. Chace and a crew of four men have begun work on the seeding of the depot park. It will all be spaded and plowed, dragged smooth and then well seeded to blue grass and white clover. The trees and plants have gotten a good start and the whole will soon be a place of beauty, an attraction that will make people passing through take notice.

A Logger Loses a Foot and a Half. The engineer of the Junction freight early this morning discovered a man lying close to the rails, about three miles this side of Halsey, and stopping the train the man was picked up and turned over to the Eugene local, arriving here at 7:30. His clothes showed him to be a logger. He was taken to St. Mary's Hospital, where Dr. Kaymanough attended him. Both feet were crushed. The left leg had to be amputated above the ankle, and half of the right foot. The man was unconscious and continued so this afternoon, but will soon be himself. The indications are that he was intoxicated when the accident happened.

Just how the accident happened is speculation, until he comes to. It is said that a logger at Eugene was waiting for his partner, to arrive on No. 13, passing through here at 4:18, but he did not arrive, and it is thought this was the man, that he fell from the train, in some way. His face is badly bruised, indicating that he had a fall.

Working for Peace.

El Paso, March 20.—An "unarmed truce" will be established in northern Mexico as soon as developments in Mexico City warrant, and Francisco Madero, revolutionary president, will establish himself at a point in field to be considered neutral territory, there to receive any peace proposals which may come as a result of the return to the Mexican republic of Senor Limantour. This was established today in messages brought by a courier from Madero, who is about 150 miles south of here at the head of 1000 insurgents.

A Linn County Stump Puller. N. P. Slate, of Tangent, recently patented a steam stump puller. The Albany Iron Works has just made one of them for Mr. Slate for a practical demonstration, and it is said to have jerked a stump out on the first trial as readily as a Nebraska cyclone. Mr. Slate, who has made a successful business of felling wells out of the ground will be in the field for clearing land of old stumps, an important one.

Life at the College. The preparatory boys of the college last night put their flag on the college pole, discovered this morning, by the class boys, and this noon there was something doing. The flag was torn down and taken upon the campus, where the preparatory boys rallied and the flag was torn to shreds. It was a class victory.

A Siletz Tragedy. Another row is reported on the Siletz reservation, which suits the average Indian, for it will mean some fat witness fees in the trial at Portland. Loyal Chandler, a white homesteader, is charged with shooting Jim Warner, an Indian, through the head striking Warner over the right eye, passing out through the back of his head. After the ball struck Warner walked about. More shooting was heard a sound Chandler's cabin, and a is still at large, with a posse after him.

The devil has increased in meanness for a fact.
