THE ROOSEVELT PROGRAM.

Portland proposes to give Col. Theodore Roosevelt a strenuous day of it when he arrives on April 5. From the minute he reaches the union depot until he leaves by the same gate, he will be driven about, dined, welcomed, grasped by the hand and made to talk. There is no let up in the program as now mapped out. Even such a strenuous character may be expected to leave a genuine sigh of relief when he leaves the city.

Upon arriving at 2:30 p. m., Col. Roosevelt will be whisked away in a waiting automobile for a ride about town, giving him a chance to note the changes that have taken place since he was last here. At 3:30 he will lay the cornerstone of the new Multnomah Club home and he will make a dedicatory talk. He will then be taken to the East Side where he will greet school children of the city who will parade.

The Colonel will then be brought back to the West Side at 5:30, when he has an invitation to attend a reception to be given by the New York Society. He may, however, decide to give this hour up to resting, in case he is sufficiently fatigued to require relaxation.

Col. Roosevelt will attend a dinner in his honor at the Commercial Club at 6:30, which will last until 8 o'clock, when he will be taken to the armory for a public address. This talk is expected to last for two hours, with the preliminaries, so he will be free again at 10 o'clock, when the Portland Press Club has spoken for the famous ex-president during the remainder of his time in the city. He will go to the Press Club rooms and meet the newspaper men until time to take the train at midnight on his way north.

NO EXCUSE FOR WAR THESE MODERN DAYS.

A cartoon shows the Trusts, Railroad Monopoly and Big Interests personified, pouring oil on the alleged war cloud. War helps the trusts and big interests, and there are men in them so heartless they would be willing to see the country in the throes of a contest for the sake of material financial benefit. This should not be the spirit that dominates people. War is absolutely unnecessary and is excusable. There is no more reason for countries to fight than for people. If men have differences, they will, if reasonable, settle them amicably. There was never a fight yet that helped a dispute. On the contrary they always aggravate whatever case connected with. That is human experience. The same rule applies to nations, with stronger emphasis, because there is always time for deliberation on the part.

LORIMER'S GUILT.

The Commoner.—Mr. Lorimer holds his seat by a vote that damns him. If he had any sensitiveness on the subject of official honor, he would not be content to associate daily with men who have voted to expel him. Membership in the senate ought to require higher credentials than a verdict of not guilty by a divided court. When it is remembered that the senate is strongly republican; when it is remembered that Lorimer is a republican of long service in the house and of great influence in his state, it is conclusive proof of his guilt that so many of his own party and some of its strongest men should vote to unseat him.

THE COMING STYLE SHOW A GOOD THING FOR ALBANY.

The manner in which the Albany stores are combining in arranging for a general style show at this city on Thursday, Friday and Saturday of this week is commendable. It displays a spirit of fellowship that will mean a good deal for the city. The spirit is the kind that helps build up a city into a permanent commercial center. When the merchants of a city go together in an enterprise of this character it is going to count for Albany. Of course very properly the different stores will strive to make displays that shall excel all others, and each will work for business. The point is that by uniting in this way many more people will come here, from a wider territory, making it an event for the city, which will benefit all the stores.

AN INCENSED PUBLIC.

A reward of \$1800 altogether has been offered for the apprehension and conviction of the murderer of Barbara Holman. It should be made many times larger. At the same time every big hearted citizen of the country should take a personal pleasure in doing everything possible to apprehend the villain and bring him to the death, without pay. There are thousands of people who would like to string up the fellow if it was known for certain he did the deed. The law should be allowed to take its course; but in a case of this character the Democrat observes a sentiment so strong in favor of quick justice as to brook no delay common to the average court of justice. The public is properly incensed.

Even up on that "Great Bill" by buying a lot in Central Addition and build you a little home this year, and thus save rent. For particulars consult Collins & Taylor.

Prof. and Mrs. Guthrie, the singing evangelists. Prof. Guthrie has a voice of rare merit, and Mrs. Guthrie is an ideal accompanist, playing for the singers, and also has a sweet alto voice.

MONDAY.

THE REVIVAL.

Interest Increasing. Big Meeting Sunday Night.

Three good meetings were held Saturday night, Sunday afternoon and Sunday night. The public is learning that Dr. Riley is worth hearing, and that they get something for their trouble, without being abused for their sins. Besides this no one is singled out, and any one may leave the army without being waylaid; but the person converted will not wish to do so. The meetings: Saturday evening.—Subject, The Endowment of Power, splendidly treated under the heads of the person, the promise, the purpose and the possession of power, obtained only through the Holy Spirit.

The singing under Prof. Guthrie and wife is inspiring and helpful.

Sunday afternoon.—A fine audience greeted Dr. Riley, after a stirring song service by Prof. Guthrie, the choir and audience. The books used are new ones: Hymns for His Praise, No. 2, Revised, Compiled and Edited by Wm. Edward Bierwolf, the evangelist.

A solo by Prof. Guthrie revealed a voice full of sympathy, clear and sweet. The subject of Dr. Riley was, "What being a Church Member Means."

In scriptures the sheepfold is the type of the church. It is for the protection of the young against the boasts of the world, of all kinds, all about.

The church is for men and women. They need it, unable to stand alone, like the members of a mountain climbing party.

A good many sheep are lost in changing pastures.

The service is to God, not the pastor or the church.

Several hundred their hands for prayers, and an earnest testimonial session followed.

Sunday evening.—The body of the army was filled and the audience had to take to the gallery, which was soon filled.

Dr. Riley spoke with his usual vigor, entirely devoid of sensation, on the dead church.

Every church that grows has as the center of thought the infallibility of the Bible, and no church can prosper that comes short of the standard, without compromise.

Skepticism will make a bad church. A revival only can come from God, both in nature and spiritually.

The live church will be one of givers, while the stingy church will be a dead one.

The church must have an administration of Spirit lead men.

No rented pews in Dr. Riley's church. The rich and the poor must be on the same level.

The live church will be dominated by prayer.

Dr. Riley will present the following subjects this week:

Afternoon at 3:30 o'clock.—Tuesday—The Special Gifts of the Spirit—1st Cor. 12th chapter.

Wednesday—The Supreme Gift of the Spirit—1st Cor. 13th chapter.

Thursday—The Smallest Gift of the Spirit—1st Cor. 14th chapter.

Friday—The Second Coming of Christ—1st Thess 4:13-18.

Saturday—The Certain Resurrection of Saints—1st Cor. 15:35-55.

Evening at 7:30 o'clock.—Tuesday—The Devil an Individual or an Illusion?

Wednesday—Is the Devil in the Modern Drama?

Thursday—Is the Devil in the Modern Dance?

Friday—Is the Devil in the Easy Divorce?

Saturday—Is the Devil in the Modern Doubt?

INTERURBAN AT CORVALLIS.

The Corvallis Council Frightened Dumb.

The G. T.—The Albany Interurban Railway company wants a franchise over the streets of Corvallis. Just what it would do with a franchise is a question, therefore it got as far as the first reading and no further. This is the third franchise asked for during the past two or three years. The Albany company wants a 25 year layout, agrees to begin work in two years and to have a car in operation within three years. It agrees to give a 5c fare and after five years will pay a license of \$100 a year. \$200 a year after the eleventh year. The company makes no tender of any cash forfeit in case it fails to do business.

ALBANY MEN IN PORTLAND.

Mr. and Mrs. Floyd Bilyeu, of Portland, have been in the city today on a visit at the home of Mr. Bilyeu's father J. M. V. Bilyeu. Mr. Bilyeu a month or two ago established a real estate company of his own, under the name of the Monarch Investment Co., with offices in the Lehnke-Walker building, and is already doing a splendid business, handling some important Portland additions. He has about thirty young men in the office selling lots throughout the city. Mr. Bilyeu got on the inside of the business in some of the big offices of the city before starting for himself.

Alban has furnished quite a number of real estate dealers for Portland. The first was D. W. Wakefield about fifty years ago who was a fine business and since then a number have taken an active part in the realty doings of the city. Among the most successful has been E. L. Thompson, of the Hartman Thompson Co., almost a millionaire. Roy Saltmarsh is doing a fine business. S. N. Steele, of the Brong-Steele Co., has built up a fine business, lives on Portland Heights and is deservedly prosperous.

A Scio Wedding.

A notable Scio wedding was that of E. D. Myers, of the Scio bank, a brother of Hor. Jeff Myers, of Portland, and Miss Audie Shelton, daughter of Riley Shelton, two natives of Linn county, who have spent most of their lives at Scio. Rev. Esson of this city performed the ceremony. Mrs. Esson accompanying him to the wedding. Splendid young people they have the best wishes of a large circle of friends.

We Have the Goods

A. G. and J. W. Richardson are here from Oklahoma and are delighted with the appearance of things. People told them the stories about green grass and flowers here in the winter were jokes, and they are sending the goods back to show them that there is no joke about it but a fact.

His Name Harry Hughes.

The young man in the hospital, picked up this side of Halcyon, was conscious this morning, and stated that he was walking by the track, when struck by No. 13, going south, not hearing it coming. He reported being on the power gang, that run the tne from Springfield and gave him as Harry Hughes and his former residence New York state.

Lyons Wants a Depot.

Attorney General Crawford is about to begin mandamus proceedings against the Corvallis and Eastern to compel the road to build a depot at Lyons. The complaint is being gotten ready. A waiting room with 150 square feet and a freight room with 250 square feet are demanded.

There are men who can talk more religion in a few minutes than they practice all their life.
The yellow journals will see a war preparation in every move made. They help to stir things up.

Portland is to be congratulated upon Mayor Simon's decision that he will not be a candidate for reelection.
It looks as if Albany is to be pretty well parked after all; but one thing at a time and that done well is a very good rule to follow.
The Southern Pacific pays about a tenth of the taxes in Linn county, the big timber men about another tenth, Linn county people about a fifth.

A big eastern man says the talk of war with Japan is silly. He is right; but the yellow journals have got to have something with which to excite people.

It is rumored that several Albany men will be subpoenaed to San Francisco to identify Mrs. Inez Peterson, charged with attempting a \$10,000 real estate fraud, and also with forgery.

Numerous things are claimed for alcohol. But actual experiments prove it is an illusion. Instead of making men more active they simply think they are, being less active and far less reliable in anything.

Attorney General Wickersham in a speech at Cleveland, O., yesterday declared that the average citizen is not a law maker. The average citizen is just as much of a law maker as the average man sent to the legislature, and more so in some respects, because more difficult to corrupt, because of his bulk, than the legislator.

Carnegie proposes to give to the world a telescope that will be a power in the science of astronomy. It would make the Panama canal, if possible to see it, look within a sixth of a mile of Washington, and would bring Mars to within three or four thousand miles. The lens will be 100 inches in diameter. If the world wasn't round it might cause a good deal of trouble.

If anyone thinks there isn't a personal devil he should study the Pullman system.

A few months ago people said Roosevelt was a dead one. His present trip indicates a mighty live corpse on exhibition.

The jingoists and nasty yellow journalists who talk Jar war ought to be indicted for disturbing the peace. These scrubs are a menace to the country.

For downright gall that of the Newberg basket ball team claiming to be champions of Western Oregon, after being defeated by Albany 46 to 14, takes the whole bakery. It is silly and childish. Because Newberg beat Albany before it got into the game, also McMinnville, and Newberg beat McMinnville twice it is asserted. Newberg should first do some playing. Eugene, Cottage Grove, Medford and Ashland can all beat Newberg, and Albany won from all of them.
