OBSERVED

By the Man about Town,

The new two story cement warehouse of the Fortmiller Furniture Co. on Water St. is about completed. It will have a basement for paints and oils, making in all approximately 9,000 feet of floor space, in addition to what the Company already has on First street. An electric elevator is being put in. This will give room for spreading out the furniture for display, greatly needed in the business, and also to add to the stock, making it one of the largest of its kind in the valley. J. A. McClesney has been doing the wood work.

J. B. Coughlin, with a large force of men is enlarging the M. E. church, putting in a large basement, as well as adding to the floor space, giving several new rooms for S. S. work. With an attendance at S. S. of 250 to 300 more room is imperative.

Work is being pushed on the basement of the new Craft-Miller block at Second and Ferry. On this proposition it was business from the day of the purchase of the lot, a good example to builders.

A Correction.

In order to correct published statements as to probable cause of the fire early Sunday morning, we wish to state that the men engaged in finishing the new building were old and experienced painters who well knew the dangerous properties of certain materials used; that no paints, oils or oily rags were kept in the building destroyed and that care was used in disposing of the same; that we are sure that the fire was not caused by any carelessness of the workmen.

LEVI HULBERT, W. G. BALLACK.

Resignation of Rev. Douglas.

A dispatch in the Oregonian of this morning from South Bend, Wash., states that F. W. Wright, of that city, has resigned his pastorate, and will be succeeded by Rev. Stephen A. Douglas, of Albany, a fact the Democrat records with regret. Rev. Douglas, who has done splendid work in the Albany church, will not go to South Bend until May. He has been here seven years.

Something New.

The Elite has a new machine, a Hamilton mixer. It mixes all kinds of drinks with consummate ease. It takes some milk and eggs and makes them one in a manner that would put to blush a justice of the peace when a couple are waiting for a train. It does it completely. People are catching on, and now the huns have to hustle to keep ahead of the Elite mixer.

Letter List.

The following letters remain in the Albany, Ore., postoffice uncalled for March 29, 1911. Persons desiring any of these letters should call for advertised letters, giving the date:
